JACKSON COUNTY WELL REPRESENTED AT SUMMER SCHOOL

UNIVERSITY OF OREGON, Eugene, July 11. Among the Jackson county students who are taking work in the University of Oregon Summer school this year are Superintendent Bert A. Adams from Gold Hill, Superintendent George A. Briscoe of Ashland, Mildred G. Brown of Medford, Alice A. Cowgill of Medford, Emily DeVore of Medford, Vernon G. Garrett of Medford, R. G. Harding of Gold Hill, Mary S. Barseh of Jacksonville, M. Armeta Kaiser of Ashland, G. W. Miles of Ashland, Peter L. Spencer of Ashland, Raymond V. Thomas of Ashland, William Vaxter of Medford.

Among the courses popular with the Jackson county people are the course in social ethics, offered by A. A. Berle of Tufts college, Massachusetts, course in civic biology, by Dr. C. F. Hodge, of the University of Oregon, and the educational courses offered by Dr. H. D. Sheldon, Dr. Geo. Rebes, formerly of Medford, and Dr. F. C. Ayer of the University of Oregon, and the educational courses offered by Dr. H. D. Sheldon, Dr. Geo. Rebes, formerly of Medford, and Dr. F. C. Ayer of the University of Oregon.

The summer school at the University of Oregon this year has the largest attendance in the history of the institution. Standards have been raised, six credits now taking as much work to earn as was formerly required for seven. No credit is now given for attendance at assembly lectures, yet these have proven popular enough to fill the largest hall on the campus every day at 11 without any other reward than the lecture itself. Among the students this year is an unusually large proportion of older men and women, who go at the work in a serious and determined way and are setting a pace in study that is not any too easy for the young people to follow.

OREGON-CALIFORNIA MINING CONGRESS ENDS

The Oregon-California Mining congress at Ashland closed Friday afternoon. The morning was given to a business session in which officers were chosen, followed by a number of interesting addresses. It was decided that the next meeting would be held in Etna Mills, Cal., in the month of April or May.

The congress has been requested to send an exhibit to the Portland Land Show and also to the Panama exposition at San Francisco in 1915. A committee was appointed at the meeting yesterday to get together the exhibits and instructed to send them with a representative to the respective places of exhibit. An effort is being made to have the exhibit a permanent one to be placed in Ashland.

The following officers were elected. James Logan of Grants Pass, president; G. W. Meredith, of Kenneth, Cal., first vice-president; J. O. Gillson of Shasta county, Cal., second vice-president; M. E. Bittner of Redding, Cal., third vice-president; G. A. Reishman, Fort Jones, Cal., fourth vice-president; G. P. Helmquist of Etna Mills, Cal., secretary, and P. J. Newman of this city, treasurer.

Julius Rodenberg Dead BERLIN, July 11.—Professor Julius Rodenberg, the German poet and author, died here today in his 84th year.

SPECIAL PROGRAM GRANTS PASS DAY AT CHAUTAUQUA

ASHLAND, July 11.—Chautauqua is proving to be a veritable "thrilling circus," with something going on all the time. Of course, the programs proper occur in the tabernacle, but a good share of the side attractions take place in the open-air pavilion in the park. Then there is the former Grand Army building on the assembly grounds, which a generous benefactor decided to the association without any strings attached whatever. The structure is of concrete and is of two stories, subdivided into assembly and dining room, ample kitchen and other conveniences. This building comes in very handy, inasmuch as the main auditorium and various annexes are taxed to their capacity.

Following the precedent established a year or two since, no dining hall concessions are let by the association, consequently the matter of meals is left to the individual choice. Those who prefer picnic and camp in the park, but the majority get their rations at the hotels and restaurants. This is as it should be, for it relieves the association of much unnecessary bother, at the same time throwing this patronage where it belongs, to hotels and restaurants.

Friday was Grants Pass-Ohio day, in line with custom of some particular locality or state selecting representation in the Chautauqua curriculum. The Ohioans chose the forenoon. This state is the most loyal of any in the observance of its anniversaries and in the exuberance displayed at state gatherings. Native sons and daughters of the Buckeye state met around the banquet board, indulging in speeches coupled with pledges of renewed fealty to old Ohio. Kansans at future assemblies threaten to dislodge the supremacy of Ohioans, not only as to numerical strength throughout this valley, but also as regards the comparative spirit of loyalty evinced by citizens of the respective commonwealths.

There will be no formal reunion of Iowa people at the year's assembly. At the last moment the Hawkeyes got cold feet, and preparations for the contemplated reunion were abandoned. It would be a reflection and a most unkind thing, however, to say that the appointment of an additional cop on the city police force during the assembly season was in anywise responsible for the decision of the Iowans in this matter. Nevertheless, Iowa will be represented on the official program, for on Saturday evening forty boys and girls from Simpson college, a noted institution of learning in that state, will be heard in a concert of stirring glee club melodies.

Friday afternoon Grants Pass entertainers appeared before a full house, and it goes without saying that their program was replete with good things. The following order of approximately a dozen readings and musical selections was artistically rendered and enthusiastically received:

Overture, "Lustspiel," Grants Pass orchestra.

Reading, "The Convict's Violin," Laura Thomas Gunnell.

Piano solo, "Sextet from Lucia di Lammermoor," Ethel Carolyn Palmer.

Vocal solo, "A Song of Thanksgiving," Augusta Parker.

Selection, "Desert Sands," intermezzo, orchestra.

Piano solo, "Cantique d'Amour," Ethel Carolyn Palmer.

Piano solo, selected, E. R. Lawrence.

Vocal solo, "Blossom Land," Genevieve Patillo.

Selection, "Intermezzo, Cavalleria Rusticana," orchestra.

Song readings—(a) "Two Lovers," (b) "Down the Mississippi," (c) "Danny Dever," (d) "The Umpire's Goal," Ethel Carolyn Palmer and Laura Thomas Gunnell.

Selection, "Nazareth," orchestra.

CANNERY OPERATIONS IN FULL SWING AUGUST 1

R. D. Hoke, of the Hoke Cannery of this city, stated last night that as soon as tomatoes could be had the cannery would be started in full blast with a crew of twenty people, principally girls and women. It will be but a short time until all the loganberries obtainable will be canned. The scarcity of these berries has necessitated a small crew. It will probably be until August 1st before tomatoes can be secured.

OUTLOOK BRIGHT FOR REAL ESTATE IN LOCAL MARKET

There are ninety-odd million people in the United States. The feeding, clothing and housing of this population make the wheels of business revolve year in and year out, so that in good or bad times the wheels of commerce are revolving, and while the people may not be making money as fast, or in such a spectacular way, money is daily being made and accumulated for investment and speculation.

This money sooner or later finds its way into investment channels. One of the most staple investments is offered by the real estate market, both in ownership of real estate and in the investment of mortgages. While real estate owners and the real estate fraternity in general have been depressed during the past year, the conditions in the real estate market are nevertheless sounder at the present time than in boom years.

Dealers today are holding to the intrinsic value of real estate. There is no inflation. Property is mainly held by solid, substantial interests. The weak holders have been gradually forced out, and the market has been comparatively bare of cheap money. All of the people who take pride in handsome buildings and improvements for which a city is noted, ought to realize that those things are the index of real estate manifestation, and that whatever the citizens as a body can do to help real estate and to favor the taxpayers helps also toward increasing city development. Altogether, the outlook for real estate during the coming year or two is good and it is certain that a substantial growth will prevail.

There never was a more opportune time for good, safe, sound real estate investments in the Rogue River valley, both city and country, than at the present time. Grasp your opportunity now.

MRS. CARMAN GOES OVER THE EVIDENCE

MINEOLA, N. Y., July 11.—Mrs. Florence Conklin Carman, charged with the murder of Mrs. Louise Butler, was engaged today in going over the testimony given at the coroner's inquest, with her attorney, George M. Levy. Mrs. Carman was aided him considerably, her attorney said, in analyzing the testimony which caused her arrest.

DIED

EGGAR—Elizabeth Jane Febley Eggar, at Waldo, Josephine county, Thursday, July 9, at the family residence, two and one-half miles southwest of Waldo. The interment will be in the I. O. O. F. cemetery at Kerby.

Mrs. Eggar was born January 12, 1860, at Jacksonville, Or., and has been a lifelong member of the Jacksonville Catholic church. She was married to Samuel Eggar on September 1, 1880.

HIGH TEMPERATURES RALLY WHEAT MART

CHICAGO, July 11.—Excessively high temperatures in the northwest rallied the wheat market today after an easy start. Bearish cables were responsible for the depression at the outset. The opening, which was unchanged to 2 1/2c off, was followed by a moderate setback all around and then by a decided upturn.

Fear that continued dry, hot weather would bring about serious injury of the Illinois crop had a bullish effect on corn. Many speculators switched to the buying side. After opening 1/8 to 3/4c higher, the market scored further gains.

Oats hardened with corn. Sellers were scarce. Advancing prices for hogs carried provisions along. Shorts covered rather freely.

The New Baby is World's Wonder

Every tiny infant makes life's perspective wider and brighter. And whatever there is to enhance its arrival and to ease and comfort the expectant mother should be given attention. Among the real helpful things is an external abdominal application known as "Mother's Friend." It is so well thought of by women that most drug stores throughout the United States carry "Mother's Friend" as one of their staple and reliable remedies. It is applied to the abdominal muscles to relieve the strain on ligaments and tendons.

In a little book are described more fully the many reasons why "Mother's Friend" has been a friend indeed to women for more than two generations. This book was prepared not only to aid the inexperienced but to enable so many women to have at hand the timely hints, suggestions and helps in concise and neatly printed form for ready reference. It should be in all homes. "Mother's Friend" may be had of almost any druggist but if you fail to find it write us direct and also write for book to Bradstreet Regulator Co., 202 Lamar Bldg., Atlanta, Georgia.
