CONGRESS ABANDONS MILEAGE REFORM

DEMOCRATS OF WISCONSIN PRAISE ADMINISTRATION

MILWAUKEE, Wis., July 14.—A vigorous defense of the administration of President Wilson, a severe arraignment of the republican administration of Wisconsin and a plea for party harmony characterized today the speech of Calvin Stewart of Kenosha, temporary chairman of a conference of Wisconsin democrats.

Referring to the national administration he said:

"But little more than one year has passed, an eventful year, a fruitful year, but time enough to try out the temper and mettle of this administration. And how splendidly has it withstood every test. Nearly every pledge of our platform has been gloriously redeemed; aye, redeemed in the letter and spirit in which it was written.

"The tariff has been revised and substantially reduced, and already the business of the country is being adjusted to the change, and confidence has not been shaken. On the contrary, confidence in the administration has been increased and on every side only words of commendation are heard."

The speaker touched on the federal income tax, saying, "capital is best able to pay taxes on itself."

The new currency measure was praised.

On the subject of trusts he said that "sanely and effectively the administration is prosecuting its investigation of the operations of the trust magnates of the country, gathering its evidence with which to prove its case."

The president's stand on the Mexican situation and the Panama canal tolls measure, came in for high praise.

PACIFIC COAST LINE REDUCES DIVIDEND

NEW YORK, July 14.—At a meeting today of the directors of the Pacific Coast company, which controls the Pacific Coast Steamship company, operating various steamship lines along the Pacific coast from Nome, Alaska, to Mexico, it was announced that dividends on the second preferred and on the common stock had been reduced from 1 1/2 to 1 per cent quarterly. The 1 1/2 per cent quarterly dividend on the preferred stock was continued.

The reason given for the reduction was a business depression, which according to the statement of the directors, was more pronounced on the Pacific coast than anywhere else in the country.

MORGAN DENIES REFUSING RECORDS OF NEW HAVEN

NEW YORK, July 14.—While J. P. Morgan and company consistently refused to discuss the report of the Inter-State Commerce Commission severely censuring the directors under the administration of Charles S. Mellen for "reckless and profligate" financial operations, estimated to have cost stockholders from \$65,000,000 to \$90,000,000, J. P. Morgan himself denies the charge that the commission's examiners were not accorded full access to the firm's books bearing on the New Haven. Correspondence made public at Washington told of Commissioner McCord's directing the chief examiner to cease the work as it "was useless."

Morgan Issues Denial

Mr. Morgan issued this statement in reply:

"The information with regard to the withdrawal of the Inter-State Commerce Commission's examiners from the examination of our firm is the first intimation that I have had that they have been recalled."

The New Haven situation is now in the hands of the Inter-State Commerce Commission and what action is taken that the prosecution of the directors begin lies with the commission.

Directors and former directors, refuse to discuss the subject. Mr. Mellen, however, branded the New Haven controversy as a political scheme.

The full board of the present directorate is to meet in New York Thursday. At that time some statement bearing on the charges may be issued.

In Defense of Mellen

Mr. Mellen's counsel, J. W. H. Criss, has issued a statement defending Mellen's actions. He said that Mellen's private fortune when he took charge of the New Haven was a million dollars. Now, he added, it was far less than that. He added that if the government or the stockholders began action against the directors of the New Haven railroad as suggested by the commission, the directors would retaliate with what he termed an affirmative action in which the other action would be nullified and much to the credit of Mr. Mellen and the directors would be established.

of the supreme court in reversing the Whatcom county superior court in the case of I. Hillard against the industrial insurance commission. The decision says the law prohibits the employment of children under 14 years of age in factories or mills at that while the father might have his son about the place he cannot consider him under the protection of the industrial insurance law. The Hillard boy was drowned while helping his father.

Philadelphia, Pa.—"I had a severe case of nervous prostration, with palpitation of the heart, constipation, headaches, dizziness, noise in my ears, timid, nervous, restless feelings and sleeplessness."

"I read in the paper where a young woman had been cured of the same troubles by taking Lydia E. Pinkham's Vegetable Compound so I threw away the medicines the doctor left me and began taking the Compound. Before I had taken half a bottle I was able to sit up and in a short time I was able to do all my work. Your medicine has proved itself able to do all you say it will and I have recommended it in every household I have visited."—Mrs. MARY JOHNSTON, 210 Siegel Street, Philadelphia, Pa.

Another Bad Case.

Ephrata, Pa.—"About a year ago I was down with nervous prostration. I was pale and weak and would have hysterical spells, sick headaches and a bad pain under my shoulder-blade. "Lydia E. Pinkham's Vegetable Compound has made me well and happy and I have begun to gain in weight and my face looks healthy now."—Mrs. J. W. HORNBERGER, R. No. 3, Ephrata, Pa.

THE EXPRESS IS IN THIS TOWN AND IN TO STAY

For seventy-five years — three-quarters of a century—the express has been the right-hand of the shippers of commercial America. The Express came to Medford in 1884 and it came to stay. For thirty years it has been the right-hand of commercial Medford. It is here to stay. The other day when reports went out that the express companies might retire from business a protest went up. From whom this protest—the express companies? No. The merchants of the country—shippers everywhere—petitioned congress that no action be taken that might have the effect of forcing the express companies to retire. Commercial organizations all over the land have joined in this appeal to Washington. For seventy-five years in the past and for a good many more years in the future Express service will mean
