Tramp Asking Food at Carman Residence at Time of Murder Corroborates Marrative of Celia Coleman -Anonymous Letter Writer Claims Guilt-Indictment Tomorrow.

MINEOLA, N. Y., July 15 .- A grand Jury, from which two members withdrew because of friendship for the Carman family, resumed today its deliberations in the case of Mrs. Florence Carman, held in Jail as having fired the shot which killed Mrs; Louise Bailey in Dr. Carman's . office at Freeport on the night of June 30. It was expected that the jury would complete its work today and that if an indictment were found it would be returned tomorrow.

Neice to Tektify With the resumption of the hearing District Attorney Smith announced that he had issued a subpoena for Mrs. Ellen Corby, a niece of Mrs. Carman. It is understood that she is one of the two women who have been sought since the murder. as having been in the doctor's waiting room and who fled when they heard the shot fired.

The first witness examined today was Henry De Beau, who testified to seeing Mrs. Bailey going to the Carman home. Another witness was Miss Helen Combs, who was in the waiting room when the murder was committed.

It was thought likely that Mrs. Carman would not be called before the jury. Her counsel had agreed to waive immunity for her, but in the pinion of the district attorney it is expedient to have her testify.

Dr. Carman made public today A letter addressed to his wife from Rochester, N. Y. The writer said he had shot Mrs. Bailey. He had donned a woman's clothing, he said, as a disguise. The letter was written in what was apparently disguised handwriting and looked as if it had been penned by a woman. It was not taken seriously.

The last witness before the jury was Frank J. Farrell, a tramp, who went to the back door of the Carman house on the night of June 30 to ask for food. It is understood that Farrell's story corroborated in general the account given yesterday by Celia
