

REFUGEES PLAN RETURN TO CAPITAL EXPECTING PEACE

VERA CRUZ, July 16.—With the resignation of General Huerta from the provisional presidency there is every evidence among American and other refugees here of an immediate movement to return to the capital and points in the interior, where abandoned interests are awaiting attention. Many Americans who came to Vera Cruz during the general exodus and refused to proceed further pending some adjustment of the affairs of Mexico, have expressed their intention of returning to and many are making actual preparations to leave at once for their former homes.

Permanent Peace

That the removal of General Huerta means permanent peace to Mexico is doubted in some quarters, but it is generally believed there will be a subsidence of anti-American sentiment and at least a period of relief from the menace of actual revolution.

There has been during the last few days a noticeable growth in the number of English, Germans and better class of Mexicans leaving over the gap toward the interior. Many of these are owners or managers of haciendas and mining properties, who are going back hoping to be able to resume business or to repair damage to property occasioned by abandonment weeks ago.

One great impediment to the business activity of portions of the interior more or less untouched by the ravages of the revolution will be re-

moved by the probable resumption of oil shipments from the Tampico district and the consequent re-establishment of freight service which has been practically abandoned for lack of fuel oil.

Little Railroad Traffic

Since the American occupation little freight has arrived here and most of that consigned to interior points is still in the customs warehouses. The interruption of rail traffic by the federals in opening a gap in the Mexican railroad has prevented the delivery of any but the lighter shipments and as a result virtually no cargoes from Europe or elsewhere have been consigned to Vera Cruz.

Mexican railroad officials are now making every possible effort to get road restored and are confident a heavy freight traffic would immediately result. The company has kept 400 laborers and a trainload of rails and ties at the gap for a week and is ready to push the work at a moment's notice.

STRIKING MINERS ATTACK MINES

STUEBENVILLE, Ohio, July 16.—

Two hundred striking miners were marched today down from the hills, where they camped last night, to the mines at Bradley, Ohio, and attempted to drive off the pump men. Sheriff Huscroft with a strong party of deputies resisted the advance and several shots were fired, but none of the attacking party was hurt. Bricks and stones rained on the deputies, and Deputy Edward Lucas was seriously injured. Sheriff Huscroft finally drove off the strikers and made a number of arrests.

HUERTA'S FLIGHT GREAT VICTORY FOR WILSON POLICIES

LONDON, July 16.—General Huerta's resignation of the provisional presidency of Mexico is regarded as a victory for President Wilson's policy and is welcomed by the British public and in official circles here as a possible solution of the Mexican problem. A peaceful end to the complex situation is greatly desired here on account of the large British financial interests in the country. Most of the London newspapers, however, express doubt as to whether conditions will be better under Venustiano Carranza than when General Huerta was in power in Mexico City.

The Pall Mall Gazette points out that if Francisco Carbajal, the new provisional president, surrenders to General Carranza, as he is expected to do, "it may soon be possible to exact reparation from General Villa for the murder at Juarez of William S. Benton, the Scottish rancher."

The Evening Standard says: "The Washington administration has won a diplomatic victory. President Wilson has been persistent and patient in his policy of non-recognition of General Huerta, but it is likely enough he will be met now by other obstacles just as hard to surmount as was General Huerta's obstinacy." The Globe takes much the same view, saying: "The elimination of General Huerta is a triumph of sorts for President Wilson, but it may be assumed that his difficulties and

anxieties are by no means over. The United States has been warned by experience not to expect too much."

HAMPERS WORKING OF RESERVE BOARD

WASHINGTON, July 16.—Failure of the senate to confirm Thomas D. Jones and Paul M. Warburg as members of the federal reserve board within the next week may lead to complications which will seriously interfere with the final preparations for launching the new banking system. The currency act speaks of the reserve board as a whole and bestows no powers on different individuals on that board.

The question has been raised whether the three members of the board confirmed by the senate have authority to go ahead with the work of setting the bank machinery in motion or whether they must wait for the confirmation of the other two members.

DIAZ FRIENDS PLAN COUNTER REVOLUTION

SAN ANTONIO, Tex., July 16.—Reports that a junta is being formed in El Paso in the interests of Felix Diaz were being discussed unofficially by army officers here today. The plan, it was said, was to start a counter revolution against Carranza and Villa and secure aid of Huerta irregulars.

NO LET-UP IN FIGHT TO CONFIRM JONES OF CHICAGO

WASHINGTON, July 16.—There was no let-up today in President Wilson's fight for the confirmation of the nomination of Thomas D. Jones of Chicago for the federal reserve board. Intimations that the nomination might be withdrawn from the senate were vigorously denied by white house officials, who thought the administration supporters had increased in numbers overnight. Opponents of the confirmation were confident they could beat it; the administration still was hopeful of victory, though by a slender majority. A letter indorsing Mr. Jones, signed by twenty-two large business concerns in Chicago, was made public at the white house.

EXPECT DESERTERS AT VERA CRUZ

WASHINGTON, July 16.—Brigadier General Funston at Vera Cruz, in a dispatch to the war department today, made no mention of Huerta's plans, but expressed the belief that in consequence of the dictator's resignation the defections from the troops on guard along the railroad and other deserters would flock to Vera Cruz. It was explained at the war de-

partment that no effort will be made to keep such soldiers out of Vera Cruz. At first it was the idea that they should be interned, but later it was decided they would be permitted to come here, provided they lay down their arms.

JAPAN PLANS LARGE EXPOSITION EXHIBIT

SEATTLE, Wash., July 16.—Haruki Yamawaki, commissioner in charge of the Japanese government's exhibit at the Panama-Pacific exposition in San Francisco, arrived from Yokohama last night and will leave tomorrow for San Francisco. "Japan will have one of the most pretentious national exhibits at the exposition," said Mr. Yamawaki last night. "We are authorized to spend a million government dollars on the government's display."

PRESIDENT SUFFERS FROM INDIGESTION

WASHINGTON, July 16.—President Wilson had a light attack of indigestion today and cancelled his engagements. He had arranged to hold two conferences with New York business men and was to have met many congressmen on patronage questions. The president attended Secretary Lane's birthday dinner last night.

IMMIGRATION BILL EXCLUDES HINDUS FROM AMERICA

WASHINGTON, July 16.—Proposed legislation affecting the entry of Hindus into the United States was before the house committee on immigration for consideration today. Efforts had been made several times recently for a meeting of the committee without success because of a lack of a quorum.

Among the bills before the committee today was one by Representative Church of California to exclude Hindus and others. It is designed as a compromise to meet the western opposition of the influx of Japanese, Chinese, Hindus and other Asiatics.

Representative Burnett of Alabama, chairman of the committee, is disposed not to raise the issue of Japanese exclusion at this time, on the ground that there is no necessity for action. He is, however, in favor of keeping out the Hindus, and was ready to urge their exclusion before the committee today. He declared that no legislation was contemplated affecting the Japanese or Chinese, because he said they were being kept out.

"I favor a bill directed at all other Asiatic laborers, not including the whites in Asia Minor, but including the Hindus, Serbs, Afghanists and so on," said Mr. Burnett. "I have no doubt that whatever action the committee takes will be along these lines."
