WAS MISERABLE COULDN'T STAND

Testifies She Was Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Lackawanna, N. Y.—"After my first child was born I felt very miserable and could not stand on my feet. My sister-in-law wished me to try Lydia E. Pinkham's Vegetable Compound and my nerves became firm, appetite good, step elastic, and I lost that weak, tired feeling. That was six years ago and I have had three fine healthy children since. For female troubles I always take Lydia E. Pinkham's Vegetable Compound and it works like a charm. I do all my own work."—Mrs. A. F. KRAMER, 1574 Electric Avenue, Lackawanna, N. Y.

GIRL IN BUSINESS OF KILLING RATS.

New York now has the only official woman ratcatcher in the world. Through the recent death of her father, William A. Hettler, last except one of the old time rodent exterminators who caught them with his bare hands, Gertrude Hettler, slim of form, has become his successor.

In the little, shopped up room in New York that is laboratory, rat cage and vermin exterminator manufactory, she can be found any of these days poring over the score sheet which details the operations of her "rat catching" crew in ships, hotels and dwellings. If she is in one of her light moods—and she is generally—she may be found tweaking the tail of Fifi, her pet house rat, or Mozart, hoary father of many generations of wharf rodents.

ONLY COSTS DIME FOR EMIGRANTS TO LEAVE RUSSIA

ST. PETERSBURG, Russia, July 18.—Russia is about to recognize as legitimate the emigration of her surplus millions to countries other than those in Europe, and the ministry of commerce today submitted to the cabinet a bill to abolish some of the penalties hitherto attacking to unauthorized emigration. The bill in its preamble specially refers to the 281,000 emigrants from Russia to America last year, and also to the fact that \$50,000,000 was remitted to Russia in 1913 by Russian subjects, who have settled on the other side of the Atlantic. In place of the expensive passports which heretofore have been necessary to everybody desiring to depart from Russia, permits will be issued at the cost of only 10 cents in future.

The fine of \$7.50 half yearly until now inflicted on absentees who have been more than six months abroad, is to be abolished in the case of those returning on board Russian steamers.

The bill also provides for the establishment of a fund to assist emigrants in Russian ports and abroad and for the appointment of a special commission to defend their interests in foreign countries.

Emigration agents by one clause of the bill are made liable to imprisonment for holding out false inducements to emigrants.

Why Not Get the best smoke, Gov. Johnson, and also patronize home.
