Avert, Jr., of Ashland arrested in Medford Sunday night on a charge of breaking the speed limits and running without a license and who put up \$25 bonds and promised to appear before Police Judge Gay Monday morning did not appear thus forfeiting the bond. This is the first case in the city according to authorities in the past year that bond has been forfeited. It is alleged that Avert was going forty miles an hour when caught. Undoubtedly hearing of the new restrictions in regard to the speed law in Medford Mr. Avert evidently thought it cheaper to forfeit the bond.

POLITICS PLAYS LEADING PART

(Continued from page 1.)

Maitre Labori objected to the language used by Maitre Chenu.

Georges Prestat, a brother-in-law of the murdered editor and chairman of the Figaro company, was called to the stand and emphatically denied that the Figaro had been in the pay of foreign banks. The Germans, he said, had never held the majority of the shares of the Figaro, as had been alleged. He read lengthy extracts from memoranda.

While Prestat was testifying, Caillaux stood closer to the bar to hear better. Maitre Chenu, commenting on M. Prestat's testimony, said:

"I will add that it does not become M. Caillaux to come here and endeavor to soil the grave which his wife made."

Bravos and Hisses

Then followed an exciting scene. Many of those in court rose from their seats and shouted "Bravo" while others hissed and murmured until Judge Albanel was obliged to call the court to order with a severe reprimand.

M. Caillaux, in a state of excited agitation: "Since I must take notice of what this lawyer has said, I will ask him if he will take personal responsibility for his words?"

Another sensation was caused among the spectators by this exclamation, and loud "Bravos" for M. Caillaux were heard all over the court. When the noise and din had somewhat subsided, Maitre Chenu replied:

"I take the entire responsibility. You cannot menace me here. You doubtless do not know the temper of the man whom you address."

Disorder Is Great

The disorder in court was so great that Judge Albanel threatened to clear the chamber if the manifestations were repeated.

When quiet had been restored, Georges Fromentin, a sales clerk in the gun store where Mme. Caillaux purchased the weapon with which she killed Calmette, was called.

He took an automatic pistol from a package in front of the judge and explained its action. Maitre Chenu said:

"Madame Caillaux did not say when she loaded the pistol."

Madame Caillaux: "As soon as I got into the motor car, before I could forget Fromentin's explanations."

Madame Caillaux added:

Never Fired a Pistol

"I had never fired a pistol, but I had hunted with my husband. I bought the gun at the same place."

Another gusset's employe said Mme. Caillaux had practiced in the range under the store. Three of her six shots struck a target the size of a human figure.

Madame Caillaux: "I tried the pistol at the request of the employe. He wanted me to be sure I knew how it worked."

Yves Delbos, editor in chief of Le Radical, related that he had met Mme. Caillaux on the day of the shooting. He said: "She seemed depressed and aged and was like a beaten, hunted thing."

Dined With Mme. Caillaux

Mme. Luiza De Mesagne-Estradere, formerly society editor of the Figaro, testified she had dined with Mme. Caillaux about two months before the shooting.

She continued:

"Mme. Caillaux said Mme. Gueydan, the former wife of M. Caillaux, was going from one newspaper office to another hawking letters against her. I tried to reassure her by saying that my information was that Mme. Gueydan had refused to sell the letters to Calmette for \$5000. I know nothing of 'Thy Joe' letter."

"Will you not give more precise testimony about Mme. Gueydan's letters?" interrupted Caillaux.

The witness did not reply and a moment later left the stand.

BALL PLAYING IS PROFESSIONSAYS JOHN K. TENER

SELIN'S GROVE, Pa., July 22.—"Baseball players are neither miners, hoodlums nor ditch diggers. They are professional men, and professional men don't strike," declared John K. Tener, governor of Pennsylvania and president of the National League of baseball in an interview on his arrival here to inspect national guardsmen in their camp.

"I am glad the strike is settled," continued Governor Tener. "However, I don't think the settlement arrived at will be permanent, owing to the belligerency of some of the baseball magnates."

"A strike such as was threatened is something new for me, and you know I have played baseball and have been interested in baseball affairs all my life. I am prepared for war," declared the governor with a wink, "and after I am through reviewing the soldiers I will see the turbulent factions."

EROM RESPONSIBLE FOR STORE ROBBERY

That J. H. Erom was wholly responsible or a member of the gang responsible for the numerous petty burglaries taking place around Medford recently is the belief of Chief of Police Hittson. He was arrested yesterday as the originator who robbed the Greek section hands of \$75 worth of clothes, suitcases and jewelry. A stick pin that was found on him was identified as one of the stolen articles. He also had in his possession some stamps and pennies.

Hittson learned of the robbery of the DeVoe grocery Monday night, and sent for DeVoe. DeVoe recognized the stamps and money as property stolen from him. The only other robbery yet unexplained was that of the West Eleventh street grocery. This was supposed to be the work of a gang, and Erom professes ignorance as to a burglar gang.

Erom is a Portuguese.

Erom made a complete confession to Sergeant Pat Mego this morning. He told how he broke into the bank house and stole the articles, selling them afterward to Ray Toft for \$5.

Toft, who had no idea the articles had been stolen, has returned them, losing the \$5.

UNITED STATES MAY INTERVENE IN HAITI

WASHINGTON, July 22.—Armed intervention by the United States in Haiti was discussed today by administration officials upon the receipt of dispatches from diplomatic agents saying great losses would be suffered in the island republic by the ravages of revolution.

No active steps had been taken to night but the situation had advanced to a point where under pressure from European powers, a movement of Marines already mobilized at Guantanamo, into Haiti and perhaps the Dominican republic, was among the possibilities.

BUD ANDERSON, BOXER, VERY ILL IN HOSPITAL

VANCOUVER, Wa., July 22.—Bud Anderson, the lightweight boxer, who submitted to an operation of a serious nature and whose life hangs in the balance, according to his physicians, was slightly better today. Only yesterday did he arouse enough to learn he had been operated upon. When taken to the hospital, a host of friends besieged the building in an effort to see him before the operation, and his room was banked with flowers.
