

### RAILROADS REFUSE TO HANDLE FREIGHT FOR GALVESTON

TOPEKA, Kan., July 28.—An embargo on all grain shipments to Galveston, Tex., for export until August 2 was issued by the Atchison, Topeka & Santa Fe and the Chicago, Rock Island & Pacific and connecting lines here today.

The reason assigned is an alleged shortage of steamers at the port of Galveston.

HUTCHINSON, Kan., July 28.—Hundreds of farmers bringing wheat to Hutchinson and surrounding grain stations today were obliged to return home with their grain or take a low price because of the embargo declared by the railroads on export wheat through the port of Galveston. One of the terminal grain companies ceased buying today and but for the European situation, grainmen asserted, the wheat price would have dropped several cents.

### DRUMMOND ASKS FOR A PAROLE

ST. LOUIS, Mo., July 28.—Charles R. Drummond, heir of the late millionaire tobacco manufacturer of St. Louis, now a clerk in a cigar store at San Diego, Cal., asked the circuit court at Clayton, St. Louis county, for a parole on his six months' sentence for bigamy in a petition filed here today.

Drummond pleaded guilty to the charge of bigamy January 3, 1911. He was fined \$500 and sentenced to jail for six months, but was paroled on his promise to let liquor and women alone. Six days later his parole was revoked when it was learned he had eloped to Europe with a St. Louis girl and had been married for the third time.

Nothing of Drummond's whereabouts were known here until a year ago, when it was reported he had married the fourth time and was living in San Diego. The fact that Drummond, himself at one time rated as a millionaire, was a cigar clerk first became known to his St. Louis friends today.

### EVANS IN LEAD AT GOLF TOURNEY

KENT COUNTRY CLUB, Grand Rapids, Mich., July 28.—With scores of 73 and 74 in the elimination and qualifying rounds respectively, Chas. Evans, Jr., of Edgewater, Chicago, led the golfers today in the 36 holes of medal play which started the western amateur golf championship tournament. Robert A. Gardner, Chicago, finished next with 149. The Chicago men were the only players whose cards were better than 150.

J. W. Hubbel of Des Moines, after playing brilliantly until today, finished the qualification holes in 89, and his 163 shut him out of the match play. Perry Adair, the Atlanta youngster, could not do better than 86 this forenoon, giving him a medal total of 166.

The first round of match play began in the middle of the afternoon.

OLYMPIA, Wash., July 28.—Dr. Linda Burfield Hazzard, the starvation cure specialist, made formal application today to Governor Ernest Lister for pardon from the state penitentiary at Walla Walla to which she was committed by the Kitsap Superior county court for manslaughter as the result of the death of Claire Williamson, a wealthy Englishwoman who subjected herself to the "starvation cure" treatment. Dr. Hazzard was sentenced to serve from two to 20 years. She appealed to the supreme court, which upheld the lower court. She sought a re-hearing of the case by the higher tribunal, and when this was denied appealed to the federal court for a writ of review, this also being denied.

### AUSTRIAN ARMY TROOPS RUSHED TO SERVIAN FRONTIER

BERLIN, July 28.—Reports from the Austrian border today state that the transport of the Eighth and Ninth Austrian army corps from Bohemia toward the Servian frontier began yesterday and that there was no other traffic on the Bohemian railroads except that of troops trains.

The two corps consist of 32 battalions of infantry, with a large number of quickfiring machine guns, six regiments of cavalry, two regiments of field artillery and two regiments of the army service corps.

Telegraphic communication with Carlsbad and Marienbad was still open today, but the telegraphic service between Berlin and Vienna was demoralized and on some lines was completely interrupted.

The Militaer Wochenblatt, the official military weekly newspaper, today prints a noteworthy article comparing the Austro-Hungarian and Russian armies to the disadvantage of the latter. It says the fighting strength of the Russian army is usually over-estimated and that numbers alone are not decisive.

One of the newspapers here today received a despatch saying that Russia had declared war against Austria, but declined to print it as there was no confirmation.

### FATHER OF POPULISM PRESIDES AT MEETING

HASTINGS, Neb., July 28.—John H. Powers, known as the father of populism in Nebraska, although more than 80 years old, has been invited to be temporary chairman of the populist state convention, to be held today, and has accepted and will make a speech. Many of the old-time leaders of the once powerful party in this state are here for the convention, but the attendance is not expected to be large. The populists are not fully decided on the question of independent action in the coming campaign.

### MRS. THOMSON TELLS WOMEN

How She Was Helped During Change of Life by Lydia E. Pinkham's Vegetable Compound.

Philadelphia, Pa.—"I am just 52 years of age and during Change of Life I suffered for six years terribly. I tried several doctors but none seemed to give me any relief. Every month the pains were intense in both sides, and made me so weak that I had to go to bed. At last a friend recommended Lydia E. Pinkham's Vegetable Compound.

Compound to me and I tried it at once and found much relief. After that I had no pains at all and could do my housework and shopping the same as always. For years I have praised Lydia E. Pinkham's Vegetable Compound for what it has done for me, and shall always recommend it as a woman's friend. You are at liberty to use my letter in any way."—Mrs. Thomson, 349 W. Russell St., Philadelphia, Pa.

Change of Life is one of the most critical periods of a woman's existence. Women everywhere should remember that there is no other remedy known to carry women so successfully through this trying period as Lydia E. Pinkham's Vegetable Compound.

### HORSE AND BUGGY STOLEN FROM NASH

The whereabouts of J. P. Danielson, who hired a horse and buggy from the Nash livery last Sunday are desired. He hired the rig to go to Hillcrest, and never reached there according to investigations made by Owner Goodman. Sunday afternoon a telephone message was received that Danielson's wife was sick, and he would not return on time. Monday another message told of the death of his wife, and assured the owner that the horse would be returned soon. No one by that name has died, and no one in the Hillcrest neighborhood knows Danielson, or who the accomplice that telephoned was.

The horse is described as a dark bay, weight 1000 pounds, and the buggy black, steel tires, and white trimmings.

### GOLD TRANSPORTS MAY RETURN ON ACCOUNT OF WAR

NEW YORK, July 28.—A torrent of gold has poured out of New York to Europe since the beginning of the war some several days ago. Since last Thursday shipments have amounted to \$22,350,000. There is no abatement in the flow and the present movement, it is believed, will establish a new record.

The emergency demands for gold from Paris and London have depleted the stock of gold bars at the assay office and as a result some of the gold ordered today was in United States coin of which the government has on hand.

Underwriters here admitted that the possibilities of a European war would necessitate a readjustment of rates on gold shipments. The rate charged for risks taken yesterday was about \$600 per \$1,000,000 of gold. Indications were that insurance on the gold going tomorrow would be issued at fully \$760 per \$1,000,000.

If the insurance can be obtained, the steamship Carmania, sailing tomorrow, will carry more gold than has ever been shipped on a single vessel. The shipment will probably reach \$12,000,000. The risks on this sum, after being written by the New York underwriters, will be distributed by them among underwriters in London, Berlin and Paris. One of the local insurance men pointed out today that if anything should happen to the Kron Prinzessin Cecilia or the Carmania, the underwriters would lose more than they had cleared from all such business written in the last fifty years.

Should the Kron Prinzessin Cecilia, a German owned ship, which sailed today with \$10,000,000 gold, receive wireless news of a declaration of war in which Germany was involved it was considered probable that her captain would make for New York again with all possible haste. Underwriters declared that he would do this if he considered it at all doubtful that he would reach Germany without interception by ships of an enemy.

### U'REN REFUSES TO LEAD PROHIBITION ON THE BALLOT

PORTLAND, Ore., July 28.—W. S. U'Ren, who was nominated for governor at the recent convention of the Prohibition party in Oregon today formally declined the nomination in a letter received at the party's state headquarters here. Orders were immediately given to cease campaign activities in his behalf.

Mr. U'Ren's action is the result of a recent ruling by the secretary of state that he cannot place his name on the ballot, as both an independent and prohibitionist candidate. The prohibition county chairman will be asked to decide if another candidate to take Mr. U'Ren's place shall be named.

### RIOTS IN DUBLIN HURT PREMIER ASQUITH

LONDON, July 28.—The first effect of the Dublin home rule tragedy has been to smash Premier Asquith's plans for taking up the amending bill tomorrow. The premier announced today that the question had been indefinitely postponed.

The Irish members are so exasperated over the killing of four persons and the wounding of many others in the clash yesterday between the regular troops and the nationalist volunteers that they are in no frame of mind to grant any concessions to Ulster. The laborites and many liberals support them.

The government announced in the house of commons today that Deputy Police Commissioner Harrell, who ordered out the troops, had been suspended and that his superior officer, Sir John Ross, who expressed a desire to share the responsibility, has resigned his office.

A special inquiry will be held probably by a judicial commission. In the meantime the demand for the removal of the Scottish Borderers from Dublin has not been granted, largely because an attempt to march them would be the signal for attacks by the mob. They will remain prisoners in the barracks until the anger of the people has cooled.

The nationalist members of parliament held a meeting this morning and showed more animosity against the

castle than the government. They consider Viceroy Aberdeen's official family prejudiced against the nationalists.

The Coast Bridge Co. of Portland got the bridge at Yamhill for one dollar less than the Portland Bridge Co., its closest competitor, \$4499.
