## Mother's Friend Before Baby Arrives

During several weeks of expectancy there is a splendid external application in our "Mother's Friend" in which thousands of women have the most unbounded confidence. They have used it and know. They tell of its wonderful influence to ease the abdominal muscles and how they avoided those dreaded stretching pains that are so much talked about. This safe external application is gently used over the skin to render it amenable to the natural stretching which it undergoes. The myriad of nerve threads just beneath the skin is thus relieved of unnecessary pain-producing causes and great physical relief is the result as expressed by a host of happy mothers who write from experience.

It is a subject that all women should be familiar with as "Mother's Friend" has been in use many years, and is recommended by grandmothers who in their earlier days learned to rely upon this splendid aid to women. You can obtain "Mother's Friend" at almost any drug store. Get a bottle today and then write for our little book so useful to expectant mothers. Address: Standard Resolutor Co., 212 Lamar Bldg., Atlanta, Ga.
