CUT OUT BLIGHT AFFECTED TREES ORDERS CARSON

Murphy, Ore., July 29, 1914. Mr. J. W. Myers, County Fruit Inspector, Central Point, Oregon.

Dear Sir: From a personal inspection, and information derived from the fruit-growers of Jackson county, I find that the fire-blight in the orchards is to a great extent under control. However, there are yet some orchards diseased with blight germs, and should conditions become favorable reinfestation of healthy trees would take place very rapidly.

From now on I desire the inspectors to be active, and they must observe the following instructions, to-wit: When you, or any of the deputies go into an orchard and find blight in any part of a tree above ground, and do not find the owner of the orchard cutting it out, but negligently ignoring the danger to his own healthy trees, you are instructed to abate said nuisance in a summary manner as provided by section 5487 of the laws of Oregon, by chopping down said diseased trees at once.

are maintaining by their negligence abated are not entitled to any consideration as against the majority of the growers who have earnestly co-operated with the inspectors against the blight. Yours truly, A. H. CARSON, Horticultural Commissioner Third District. (Advertisement)

EAGLE POINT EAGLETS. By A. C. Howlett.

R. V. Wright, a brother of Prof. Wright of Butte Falls, who has been attending the Oregon Agricultural College for the past three years stayed at the Sunny Side on his way up to Butte Falls to visit his relatives there last week while I was away from home.

I. C. Moore, who has a farm on Elk creek and spends a good part of his time there, but lives in Ashland was called home the first of the week on account of the sickness of his wife. R. G. Burdick, son, R. G. Jr., and Walter Wood were here for dinner last Tuesday. Mr. Wood was on a deal with Mr. Burdick for a lot of cattle. Mr. Burdick has been, and may be yet for all that I know in the business of shipping cattle from Mexico.

Three of the Von der Hellen brothers were here for dinner Tuesday, they were George, Carl and Harry. Wm. G. Knighton took a carload of people to Reese creek last Sunday to hear Rev. L. L. Simmons preach, in the afternoon.

P. C. Burdick who has a homestead on Indian creek was a pleasant caller for dinner Tuesday.

Gus Rosenberg, who has been engaged with Chris Natrick in his road work in blasting, has secured a machine and is now engaged in the well boring business near Derby.

Charley Bacon, the accommodating conductor of the P. & E. railroad, and family have gone to Portland to visit relatives and for an outing. Mr. Richard Diamond has taken his place and Jud Edsall has taken Mr. Diamond's as first brakeman during Mr. Bacon's absence.

E. A. Bass who bought a tract of land of Wm. Von der Hellen, off the old James Matney place has become a frequent visitor to the Sunny Side and so has Carl and George Von der Hellen.

Wm. Von der Hellen made a trip to Crater Lake the first of the week and reports the roads badly cut up especially on the pumny. He is speaking of the roughness of the roads and devising some plan to keep them smooth suggested that they be kept damp all the time, and F. M. Stewart suggested that they be covered with about three inches of crude oil, but that was decided to be too expensive and Mr. Von der Hellen's idea was to bring water from the nearby streams, say Rogue river, Mill creek, Union creek, Whiskey creek, Whitehorse, etc., and have stations and sprinkle the roads. While it would be attended with some expense it would place the roads in fine shape for the more water you put on that pumny land the harder it packs and if we are going to fix the roads for some comfort and beauty, why not do it right? But I would suggest that if the county, state or general government is going to do so much expense to charge the autolista who ride over it a certain sum for the privilege of riding over it, to be applied to the upkeep of the road and not tax the poor pedestrian who has to walk and carry his kit.

Henry Head and wife of Central Point stopped here for supper last Tuesday evening on their way home from Crater Lake. They drove out with a team and just had the time of their lives. They went out to the island and into the crater and took in all of the sights.

George Albert took some of the boys down in his car while Mr. Finley took the remainder, with Miss Dollie Chambers and Mrs. R. B. Baker in a hack. All enjoyed a fine picnic dinner in the Pendleton yard. Score 4 to 5 in favor of Table Rock.
