COMPILE LIST OF COASTWISE VESSELS

SAN FRANCISCO, Cal., Aug. 5.—J. O. Davis, collector of the port, received an order from Washington today to compile tonnage lists of all American vessels in the coastwise service of the Pacific ocean, for possible emergency service in the trans-Atlantic trade.

German Ambassador Leaves Russia

STOCKHOLM, Sweden, Aug. 5.—The German ambassador to Russia with his staff arrived here yesterday from St. Petersburg on a steamer flying the American flag. They proceeded to Berlin.

GERMANY SEIZES RUSSIAN BALANCES

BERLIN, Aug. 5.—An embargo was today laid on Russian balances at the great banks in Germany. These funds are considered by Germany as properly belonging to a hostile force.

PROBE NEUTRALITY OF WIRELESS STATIONS

WASHINGTON, Aug. 5.—The army general staff is investigating the neutrality of the German-owned wireless stations at Tuckerton, N. J., and Sayville, L. I.

MILES PROPOSES CUT WATER RATES TO SUBURBANITES

Cutting of the water rates to Siskiyou Heights from \$2.50 to \$1.75 for the minimum charge, and from 25 cents to 15 cents per thousand gallons, was proposed by Councilman Miles at the meeting of the council last night. These changes will be introduced in a resolution to be offered at the next meeting of the council. Owing to the absence of Councilman Porter no definite action was taken. It is a compromise from the former attitude of the city fathers.

The council tore away from an old policy of allowing the use of the city park for entertainments, and granted the W. C. T. U. permission to hold an open air meeting there August 13.

It was also voted to rigidly enforce the city ordinance covering the muzzling of dogs during the dog days. C. F. Rehestein was granted a permit to build a spur to his woodyard.

An ordinance was passed compelling residents to shut off their water faucets during a fire, and not to turn them on until the second fire whistle sounded.

The regular monthly bills were allowed, and minor routine business transacted.

GERMAN STEAMSHIPS REACH PHILADELPHIA

PHILADELPHIA, Aug. 5.—The North German Lloyd liner Brandenburg docked here today after running for the last two days under forced draught and without lights. The Prinz Oskar of the Hamburg-American line also arrived today. Both ships were a day ahead of their schedule.

The Brandenburg sailed from Bremen on July 23 with 388 passengers for Philadelphia and 385 for Galveston. The Prinz Oskar sailed from Hamburg on July 22 with 360 passengers.

RETURN TEN MILLIONS ON CECILIE TO BANKS

WASHINGTON, Aug. 5.—Arrangements are being made to return the \$10,000,000 gold aboard the steamer Kron Prinzessin Cecilie at Bar Harbor to the consignee bankers in New York by revenue cutters.

Portland Livestock Market

PORTLAND, Or., Aug. 5.—Receipts 84; market steady. Hogs—Receipts 133; market 50c lower. Prime light, \$8.25 to 8.50; medium, \$8.00 to 8.25; smooth heavy, \$7.70 to 7.90; rough heavy, \$7.25 to 7.40. Sheep—Steady and unchanged.

BEAUCHAMP SUCCEEDS MORLEY IN CABINET

LONDON, Aug. 5.—Earl Beauchamp was appointed to succeed Viscount Morley as president of the council today and Walter Runciman to take the place of John Burns as president of the local government board.

HEAVY FIRING REPORTED

(Continued from page 1) The Uranium line steamer Uranium arrived today from Rotterdam via Halifax.

NEW YORK, Aug. 5.—Eight cruisers—three German, three British and two French, are hovering somewhere off this coast. For days incoming steamships have reported news of fragmentary wireless indicating that these vessels were in American waters but no skipper was able to fix their position.

Warships Off Coast

The firing heard off the coast of Maine today may have marked the first engagement between either the German and English or the German and French ships. The British cruisers known to be in American waters are the Berwick, Essex and Lancaster. The German cruisers are the Dresden, Strassburg and Karlsruhe. The French cruisers are the Conde and Descazes.

These vessels have been primarily concerned of late in attempts to intercept merchant vessels of the enemy and several big liners, notably the Kron Prinzessin Cecilie, which put into Bar Harbor, Me., yesterday, after abandoning her trip to Europe, have had narrow escapes. Captain Polack of the Cecilie believed that at one time she was in imminent danger of capture by one of the French vessels.

Vessels Creep In

The White Star liner Olympic managed to creep safely into New York harbor, as did the North German Lloyd liner Kaiser Wilhelm II. All have been running with only masthead lights burning. The Lusitania of the Cunard line, a British ship, slipped out at the harbor after midnight similarly darkened, hoping to be conveyed by some of the British cruisers as far as Newfoundland, and from there by some other British ship until the other side was reached.

Nothing has been heard of the North German liner Kron Prinz Wilhelm since the steamer sailed from New York Monday.

The French liner Lorraine expects to make a dash for home today. She is said to carry about 300 reservists, who expect to fight for France. Lorraine will be converted into an auxiliary cruiser and will join the French naval forces if she gets through safely.

GERMAN CABLE CUT

(Continued from page 1)

Europe through Austria-Hungary would not be transmitted over the lines of this company.

News of the cutting of the German lines between Germany and England may be expected at any moment. Already these lines are in the hands of the military authorities where they land on British territory. The only other possible outlet, telegraphically, for Germany, is to the east, but on this side she is hemmed in by Russia, with whom she is at war.

All the land lines from Germany in every direction except to Austria-Hungary have been severed.

Last Message Received Any cable communication from Germany to Norway and Sweden, which may still be in operation, is comparatively valueless, for the reason that news, to reach the outside world, would have to be relayed to England.

The last direct Berlin message received by the Associated Press was between 12 and 1 o'clock this morning. It was the official account of the British ambassador's formal announcement to the German foreign office of the declaration of war and the ambassador's request for his passports. Up to this time direct communication over the line that was severed today had been constant and quick, although subject, of course, to censorship in Berlin.

The Atlantic communication company, a German wireless organization, has a high power station at Sayville, Long Island, New York. This station has at times communicated successfully with Nauen, near Berlin. The company Sunday announced that it was closed for all private business, having been turned over to the German government.

P. A. makes men smoke hungry

Just you get a whiff of "the national joy smoke" and it's dollars to doughnuts you beat it 'cross lots to the nearest store that sells tobacco—and stock up! The flavor and aroma of Prince Albert has got 'em all backed off the boards. It sure will hit the spot with you. Get the drift of that?

PRINCE ALBERT the national joy smoke

just does all that we say it will do. It can't bite your tongue and it can't parch your throat. All this is because P. A. is made by a patented process that cuts out the bite! Why, this process has simply revolutionized smoking tobacco.

Prince Albert rolls up the bulkiest makin's cigarette you or any other man ever smoked. It puts the jolt of joy right into your system.

You can just do "makin's" sunrise to sunset and have a lot of fun. Why, P. A. in a cigarette is absolutely a revelation. You go to it!

Buy Prince Albert everywhere; in the tippy red bags, 5c; tidy red tins, 10c; also in pound and half-pound humidor.

R. J. REYNOLDS TOBACCO CO. Winston-Salem, N. C.
