HOWARD DUDLEY TO WED MISS EILEEN FOSTER

Formal announcement is made by Dr. and Mrs. Clarence Atwood Foster of Pasadena and Pacific Grove, of the engagement of their daughter, Dorothy Eileen Foster, to Howard Scott Dudley of Los Angeles.

The marriage of the couple will take place Tuesday, August 25, in the picturesque little chapel, St. Mary's-by-the-Sea, at Pacific Grove, where Dr. and Mrs. Foster have their summer home, and they will leave at once for a motor trip through northern California, expecting to pass some time at Lake Tahoe.

Mr. Dudley, a member of the California and Midweek Country clubs, and prominent in local business circles, will begin the erection within a few days of an attractive English bungalow on Westera avenue opposite Berkeley square, where he will take his charming bride at the conclusion of the honeymoon trip early in October.

Miss Foster, who received a part of her education at Wellesley college, is popular socially both in Los Angeles and Pasadena, and is an ardent lover of outdoor sports.

News of the engagement will come as a pleasant surprise to many friends here.—Los Angeles Tribune.

destroy not only war-ships, but peaceful merchant ships under a neutral flag, and possibly carrying supplies to a neutral country.

"This use of mines is new in warfare and deserves the attentive consideration not only of those of us who are engaged in war, but of the nations of the civilized world."

Mr. Churchill added that arrangements had been made such as would reduce the possibility of accidents caused by mines to a minimum.

Referring to the disconcerting war rumors spread by the newspapers, Mr. Churchill said they were probably due to strict censorship prevailing, and this caused the papers to fill their columns with reports from irresponsible and nervous persons on the coast.

Mr. Churchill announced that the British government had decided to establish a press bureau presided over by Frederick E. Smith a member of parliament, and from this bureau is to be issued a steady supply of trustworthy information from both the admiralty and war office, without, however, placing in danger the naval and military interests of the country. In this way, he said, the country would be kept truthfully informed of the state of affairs.

GERMAN LOSSES 25,000

(Continued from Page 1)

German News Meager.

LONDON, Aug. 7.—News from the German side was extremely meager, owing to the interruption of direct telegraphic communication, came from Berlin by way of other countries of the "repulse" of the German forces before the Belgian city of Liege, where Belgian sources declare their attackers to have been badly checked with heavy losses.

Movements of the great aggregations of troops which must by this time have gathered at their springing off points on the German frontiers, facing both the Russian and French armies, are kept from public knowledge. Military authorities here, however, are of the opinion that preparations must be almost complete for a forward movement which will give some indication of the plan of campaign to be followed.

The French army authorities have also raised a heavy screen to hide the developments in their war moves. They seem entirely satisfied with the manner in which the men of the nation respond to the call to arms, and they declare every preliminary move to have been carried out according to the plans drafted by the popular commander-in-chief, General Joseph Joffre.

From the far-off portions of the world where Germany, England and France have colonies, all of which are in a state of defense, only brief dispatches trickle over the wires. These indicate that small engagements have occurred, especially in Chinese waters, of which French,

German, British and Russian war vessels are stationed. The most important news from that quarter is the report that the British squadron has hemmed in the German vessels at Tsing-Tau, which is strongly fortified and had a numerous garrison of German troops.

Paris and London send unceasing dispatches concerning the fighting at Liege, Belgium. The French telegram states that fierce fighting continues in the streets, while the London message reports

the German attackers asking for an armistice of twenty-four hours.

BRUSSELS, via London, Aug. 7.—Le Peuple says the bombardment of Liege had caused six or seven fires in the city up to 7 o'clock last evening. The heaviest firing occurred yesterday afternoon. German officers then came to the city with a white flag and demanded the surrender of the place. They received a negative reply and the bombardment was resumed at 6 o'clock. Martial law has been proclaimed throughout Belgium.
