SPY TAMPERED WITH CAVALRY HORSES

LONDON, Aug. 11.—A German was arrested near the barracks in London today on suspicion of tampering with the horses. It was stated in the police court that the man was seen to stroke several horses which immediately afterward were taken sick.

A joint meeting of the Polish societies in London decided today to form a Polish legion for active service in the event of a German invasion of the British Isles. Their action was taken because of the friendly asylum afforded Polish political refugees in England.

GERMAN PRISONERS IN RUSSIAN EXILE

ST. PETERSBURG, via London, Aug. 11, 11:25 a. m.—A telegram received here from Vilna says six carloads of German prisoners passed through that city this morning on their way to the interior of Russia. Four wounded German officers were taken to the Vilna hospital.

ITALY AND AUSTRIA NEAR FIGHTING POINT

LONDON, Aug. 14, 2:50 a. m.—According to the correspondent at Rome of the Morning Post, relations between Italy and Austria are becoming more strained. Italy has demanded an explanation of the bombardment of the establishment of the Puglia company at Antivari, Montenegro, over which the Italian flag floats, and in which there were Italians.

ROSEBURG YOUTH GAVE GIRL BEER

Frank Lawnsberg, age 19 years, is held in the city jail awaiting return to Roseburg, where he is wanted upon a charge of plying a 15-year-old girl of that city with beer until she was in an intoxicated condition. Others are said to be implicated in the affair. Roseburg is a dry town, in name and according to law, but Sutherland, a short distance away, is not, and roisterers procure all the intoxicants they want, pack it to Roseburg and proceed to hold orgies. Lawnsberg was captured by Sheriff Singler, who waited for him in the railroad yards all Monday night. All he had in his possession when arrested was a pack of cigarette papers and a tin teaspoon.

CITY PLANS PURCHASE OF CASH REGISTER

The city is contemplating the purchase of a cash register of the type used by naval paymasters and on battleships, for use in the city recorder's office, and the question will be discussed at the next meeting of the city council, a majority of whom are said to favor its introduction, for joint use between the treasurer's, water department and recorder's offices. The cash register belongs to Bill Ulrich, originally cost \$350, and is offered to the city for \$150.

WRECKAGE FROM SHIP

When last heard from the British sloop of war Algerine was still at Mazatlan. Must Be Shearwater The British sloop of war Shearwater left San Diego, August 3. The British cruiser Rainbow left here Saturday, northbound, and was sighted late yesterday. The process of elimination would indicate that any disaster that may have happened overtook the Shearwater. She is a sloop of war, 180 feet length, 33 feet beam, 11 feet draft, 980 tons displacement, and carrying 130 men. Her armament consists of six four-inch rifles, four three-pounder quick-firers and two Maxims.

SAN FRANCISCO, Cal., Aug. 11.—More wreckage from a British vessel, which today is established to have been a man-of-war, was cast up by the early flood tide in the neighborhood of the south shore life-saving station. Two white wooden cabin doors were found, bearing on bright brass plates, one of the legend "Navigating Officer" and the other "Gunner."

Like Hotsam found last night in the same neighborhood, all the woodwork was in excellent condition, the paint bright and the brasswork freshly scoured, showing that it could not have been long in salt water. Nowhere were there marks of tools, such as supposedly would show had the woodwork been pried loose and cast overboard.

Nothing to Identify

Captain Gronbeck of the life-saving station thought the physical evidence pointed to an explosion which had occurred not more than twenty-four or thirty-six hours ago.

WOMAN WOULD NOT GIVE UP

Richmond, Pa.—"When I started taking Lydia E. Pinkham's Vegetable Compound I was in a dreadfully rundown state of health. I had internal troubles, and was so extremely nervous and prostrated that if I had given in to my feelings I would have been in bed. As it was I had hardly strength at times to be on my feet and what I did do was by a great effort. I could not sleep at night and of course felt very bad in the morning, and had a steady headache."

"After taking the second bottle I noticed that the headache was not so bad, I rested better, and my nerves were stronger. I continued its use until it made a new woman of me, and now I can hardly realize that I am able to do so much as I do. Whenever I know any woman in need of a good medicine I highly praise Lydia E. SET YOUR MIND AT REST

There may be nothing wrong with your child's eyes, and again there may be. An exhaustive examination by a competent specialist furnishes the only means of revealing their true condition. If glasses are needed they should be provided; if not needed, the mind should be at rest by positive knowledge to that effect. This is a matter of great importance.

Warships preparing to go into action strip themselves clear of all superfluous woodwork likely to fly into splinters under shell fire. In spite of the fact that no tool marks were found, the most plausible theory seemed to be that one of the British vessels named, learning of the presence of a German cruiser, probably the Leipzig, had stripped herself to home for action not far off the Golden Gate, within the last forty-eight hours.

Closer examination of the wreckage showed that in many instances bolts and fittings had been torn bodily from their settings and the woodwork shattered into splinters.

GREENVILLE, S. People along the route remained up through the night to watch the funeral train pass.

At Culpepper, a folded Confederate flag, with a note of sympathy

from the Culpepper chapter of the United Daughters of the Confederacy, was placed on board the train. At many other places flowers were presented by groups of children. James Woodrow, cousin of the president, boarded the train at Spartanburg, S. C.

Simplicity Marks Funeral

ROME, Ga., Aug. 11.—Simplicity will mark the funeral of Mrs. Woodrow Wilson here today. In deference to the wishes of the president, the exercises will be brief. There will be a forty-five minute service at the First Presbyterian church, where Mrs. Wilson's father, Rev. Dr. Edward S. Axson, was pastor for seven years, and an even shorter ceremony at Myrtle Hill cemetery.

Rome, the girlhood home of Mrs. Wilson, awaited today in sombre attire the arrival of the funeral train from Washington. Buildings in the business district and many residence sections were draped in black. Traffic was closed early on the streets through which the procession was to pass from the railway station to the church, and from the church to the cemetery. Special policemen and national guardsmen were on patrol.

Only Family Present

Because of the limited capacity of the church, only members of the family and close friends have been invited to be present. On arrival of the funeral train at 2:30 p. m., it was planned to go at once to the church. Two of the old hymns which were Mrs. Wilson's favorites as a girl will be sung. Rev. Sylvester Beach of Princeton, N. J., and the local pastor, Rev. Dr. G. G. Snyder, are to conduct the ceremonies.

From the church the funeral procession will go direct to Myrtle Hill cemetery. At either side of the streets through which the cortege

will pass schoolgirls will stand holding laurel branches. The body is to be buried by the side of those of Mrs. Wilson's father and mother. Six first cousins of Mrs. Wilson have been selected as active pallbearers. After services at the grave the presidential party expects to return to its special train and depart for Washington at 6 p. m.

The New Baby is World's Wonder

Every tiny infant makes his perspective wider and brighter. And whatever there is to enhance its arrival and to ease and comfort the expectant mother should be given attention. Among the real helpful things is an external abdominal application known as "Mother's Friend." It is so well thought of by women that most drug stores throughout the United States carry "Mother's Friend" as one of their staple and reliable remedies. It is applied to the abdominal muscles to relieve the strain on ligaments and tendons.
