WHY?

STOCK RANCH
It is my business to know the best buy in Jackson county and have it optioned at the lowest cash price.
That best buy today is a 180 acre stock ranch, 100 acres loam soil, irrigated, now in grain and alfalfa. No better alfalfa land in Jackson county, ditch built covering 140 acres, perfect water right, alone worth \$10,000.00.
This land lies between the Apple-gate river and the foot hills, all bottom land, best of range, most delightful climate, no snow or fog. Modern, new bungalow, barns, fences, corrals and orchard all ready.
This place should bring \$35,000.00 will sell for \$14,000.00, half cash, \$2000 worth of machinery and stock with place. Ideal home and stock ranch. Best I have ever offered.

WAR OF SEVEN NATIONS BEGINS THE LANGUAGE

The war of nations has discovered the poverty of language. Words are insufficient for the job. The twilight of the gods sets in; the white breed is to disappear in a cataclysm; it is blowing up races and nations; it is to be as complete as the deluge. An eagle shall fly across Europe and see nothing but ruins; lions will swim the straits of Gibraltar and tenant the waste places.
This begins the language and feeble scribes merely set down that Russia mobilizes 1,280,000 men; that the British fleets sail for parts unknown; that mobs fill the streets of Berlin; that Holland is under arms; that all Belgium is in fortresses; that the French are ready to move; that the Austrians are across the Serbian border, etc., etc.
Only one journalist has filled the canvas. The Cedar Rapids Evening Gazette grabs a Titan's brush: "Blood Mad Monarchs Prepare Dread Sacrifice. Fifteen Millions Are Facing Death. Royalty Forces Wreck and Ruin on Fated Lands. Conflagration of Long Dreaded Conflict Threatens Europe as Stubbhorn Fighters Play Subjects as Pawns. Fighting is Reported."—Kansas City Times.

EXTRADITION TREATIES SUSPENDED BY WAR

NEW YORK, Aug. 12.—Three New York detectives who went to Europe to bring back persons indicted here, must return without their prisoners. Word to this effect has been cabled to two of the officers in Paris by the state department in Washington. It was explained that extradition has been suspended during war times.

EAGLE POINT EAGLETS

By A. C. Howlett.
R. A. Whitman and wife have moved into the house formerly owned by Mr. Diamond, and I understand that he has charge of the business of W. Hart Hamilton in this section of the country.
R. Klum, Walter Marquis and Floyd Jackson were out here last Friday evening posting bills for the southern Oregon fair. They called for supper and intended to bill the town after they had eaten.
The same evening Mr. and Mrs. I. Osenbrugg and Mrs. Sturges of Applegate called for rooms for all except Mr. Osenbrugg, as he decided to sleep in his auto. They were on their way to Crater Lake and Fort Klamath, going out for a good time and to see the ninth wonder of the world—Crater Lake and its surroundings.
Mrs. Harry Howard and little daughter, of Trail, and her mother, Mrs. Martha Stossen of Pasadena, Cal., came out from Mr. Howard's home to visit with Dr. Holt last Saturday and came to the Sunnyside waiting for their return from Butte Falls. J. A. Howard and Pete Betz and wife were also here for dinner the same day.
Tuesday night of last week the Christian Endeavor league of Reese Creek gave a social at the home of Mrs. Jettie Clarno. They intended to have ice cream and cake, but failed to procure the ice, so had in the place of ice cream, lemonade and cake, but my reporter, Professor C. E. Johnson, says that they had a fine time; in fact, the time passed so pleasantly that they lingered until after midnight. There were about forty or more present, and all tried to make the occasion as pleasant and profitable as possible.
I unintentionally omitted to state in my last that Miss Hazel Brown, daughter of one of the firm of Geo. Brown & Sons, had returned from Portland, where she has been visiting her half-sister, Mrs. Charles Rippy, and since her return home has had her cousins, the Misses Holmes of Central Point, visiting her.
Miss Louise Grigsby of Central Point came out last Saturday to attend the moving picture show and the dance following. She was a guest at the Sunnyside, returning home Sunday afternoon in a buggy with Lew Smith, one of our conference men.
On Sunday Mrs. Howlett gave one of her chicken dinners, and among the guests were J. V. McIntyre and wife, Fred R. Heath and wife and daughter, Miss Francis T. A. Holt, Charley Bacon, Nick Young and Professor C. E. Johnson.
Charley Bacon returned from his visit to Portland and other points. He says that he ran around so fast that a letter could not catch him. He left his family in Douglas county to spend a few days' visiting relatives and friends.
Sam Harnish, our livery stable man, took his wife and son Robert to the hills about Prospect Monday morning to spend a while inhaling the mountain air.

BRITISH WARSHIP BY HEAVY FIRE ROUTS ENEMY

BOSTON, Aug. 12.—A battle at sea between a British cruiser and German cruiser, about 250 miles north of San Salvador was reported by Captain Terjesen of the Norwegian fruit steamer Lovland, which arrived tonight from Banes, Cuba. The German warship finally was forced to flee before the broadsides of the British cruiser, according to Captain Terjesen, who said several shots fell near his ship.
The battle, he reported, occurred Thursday, August 6, in approximately 27° N., longitude 74° W., and heavy firing was in progress for half an hour. When the German cruiser moved away, the British warship gave pursuit, shelling the fleeing vessel with her forward guns while the German fired its after batteries. Whether either ship was seriously damaged could not be learned.

LONDON, Aug. 12, 11:30 p. m.—The admiralty and war office information bureau gave out the following tonight:

"There is good reason to believe the German cruisers Breslau and Goeben have taken refuge in the Dardanelles and will be dealt with according to international usage.
According to international custom in time of war if the Goeben and Breslau have taken refuge in the Dardanelles they will be compelled to coal within 24 hours and put to sea or else be interned. These two cruisers were reported from Athens as rounding the southern extremity of the Morea, Greece, at full speed, this morning. In what direction they were headed was not stated.
In the naval sphere there is no news except a report that the elusive German cruisers Goeben and Breslau have reached the Dardanelles where in accordance with international law, they will be dismantled and interned until the war is ended. Should this news be confirmed it will be a great step towards the safety of British and French shipping in the Mediterranean.
