"We signed an agreement with our operators in September, 1913, and this involved a substantial increase in pay for the men. CRIPPLED WARSHIPS UNKNOWN IDENTITY REACH HONG KONG

SHANGHAI, Aug. 14.—Identity of the two warships, each having four funnels, badly damaged and carrying many wounded, which entered the harbor at Hong Kong yesterday, is still undisclosed.

A dispatch from Hong Kong received by the Exchange Telegraph company in London said it was reported in Hong Kong that the British fleet in the far east had cornered the German far eastern squadron. The correspondent added that weight was given to the report by the fact that shipping along the coast was being resumed on a normal basis.

The British cruiser Minotaur has a displacement of 14,600 tons and was completed in 1908. She carries four 9.2 inch guns and smaller armament. The Hampshire's tonnage is 10,850 and her four largest guns are 4.75 each.
