FOREST FIRE
SITUATION GROWS
MOST SERIOUS

The forest fire situation at present in this county warrants drastic measures by the Jackson County Fire Patrol association, and the heartiest co-operation of all persons who live in or near or frequent the forests. So far no merchantable timber has been destroyed by the numerous brush fires, all of which, with few exceptions, have been set maliciously. One-third of the taxes of Jackson county are derived from its timber supply. The citizens share this revenue and the association appeals to their good citizenship for their co-operation in the protection of the forests from fire. The co-operation of ranchers in furnishing evidence for the conviction of fire law violators is especially urged. Sections 12 and 14 of Oregon forest fire laws provides that any person unlawfully setting fire to woods, brush or vegetable matter shall be punished by imprisonment in the state penitentiary for from one to ten years.

Firebugs Liable
Offenders are also liable in action for cost of the fire fighting and damage sustained to the property. Any person not a fire warden who shall furnish information leading to the arrest and conviction of such a person shall receive one-half of the fine paid. To enable the public to immediately get in touch with the fire wardens in the different localities, Supervising Warden H. J. Eberly has prepared the following list and addresses of state fire wardens:

SERVIANS REPEL
GENERAL ATTACK
400,000 AUSTRIANS

LONDON, Aug. 15, 9:20 a. m.—A dispatch to the Renter Telegram company from Nish, dated August 13, and sent by way of Athens, gives the Serbian official account of recent fighting on the frontier. "Four hundred thousand Austrians," says the war office, "attacked the Servians last night. A fierce battle extended all along the line. Finally the Austrians were repulsed with heavy casualties towards Tekia, on the Roumanian frontier and also repulsed from Belgrade, where they had attempted to cross the Danube, but through being in numerical superiority the enemy succeeded in crossing the Save." The Servians are concentrating for a big engagement which is expected this evening. The chief of the Serbian general staff considers the fall of Sabac of no serious importance.

FEDERAL INSURANCE
URGED BY BIG BUSINESS

WASHINGTON, Aug. 14.—Government insurance against war risks of American register ships and their cargoes was the solution offered today by 62 representative business men of the country for the stoppage of American overseas commerce because of the European war. The proposal was made in definite form after an all-day conference presided over by Secretary McAdoo of the treasury department, who called the meeting. Practically all the largest banking and shipping interests in the United States were represented. The conference interrupted its deliberations in the afternoon to go in a body to the white house. President Wilson addressed them briefly. "If we got no other benefit out of the present trying circumstances in the world at large," said the president, "we shall at least get this benefit: we shall enjoy a period when we meet each other not as members of different parties, all our prejudices fallen away from us, coming together as Americans for a common object that is not touched with selfishness or personal ambition of any sort. Surely handsome results will come out of the spirit in which conferences of this kind are held."

COMMANDER OF
GERMAN TROOPS
AT LIEGE DEAD

LONDON, Aug. 15, 3:30 a. m.—A dispatch from Brussels to the Exchange Telegraph company says the death of General Von Emmich, the German commander at Liege, is confirmed. He is to be succeeded by General Von Demarwitz. General Otto Von Emmich was 66 years of age. He joined the army as a volunteer in 1866 and was promoted two years later to a lieutenant. He took part in the Franco-Prussian war in 1870-71. Afterward he was promoted through all the grades until he became major general in 1901. When he was appointed to the command of the Tenth Army Corps he was made a general.

CARRANZA IS MADE
MEXICAN RULER

WASHINGTON, Aug. 1.—Venustiano Carranza was named provisional president of Mexico in the agreement signed outside of the City of Mexico yesterday by General Obregon and representatives of Federal Governor Iturbide according to an announcement last night by the constitutional agency here. Dispatches to Rafael Zubaran Capamany, head of the agency, said the agreement provided that Carranza should fill all offices necessary to conduct the government until a general election can be held. The federal garrison evacuating Mexico City, it was said, will form in groups of not over 5000 along the railroad to be disbanded and disarmed by constitutionalist commissioners, while the federal garrisons in certain towns in Mexico and fronting the troops of Zapata remain at their posts until relieved by constitutionalist forces. Garrisons in the southern states are to lay down their arms and the federal navy is to be turned over to the provisional president.

CHAMBERLAIN SURE
TO BE RE-ELECTED
ASSERTS REAMES

That George E. Chamberlain will be re-elected to the United States senate by a large majority than he received at the election six years ago is the opinion of United States Attorney Clarence L. Reames, who is spending a 30 day's vacation in southern Oregon. "Chamberlain will carry Multnomah county by more than 10,000 over the combined vote of Booth and Hanley," said Mr. Reames in discussing the coming political campaign. "It is true that he has been absent from Oregon for over a year but his friends have not forgotten him—for over a year he has been constantly at his post of duty in Washington—even now with his campaign on in this state—with his opponents gunboeing over the state on a quiet still hunt for votes Chamberlain is right on the job attending to business, and looking out for the interests of Oregon. I believe that the people of this state are going to reward such faithful service. "The committee appointments held by Chamberlain are such that a new man could not attain in a long time; the biggest committee in the senate these days is the committee on military affairs. Senator Chamberlain is the chairman of this committee. "After Chamberlain had been governor of Oregon for one term he came before the people and asked re-election upon his record—he made little if any campaign but the people re-elected him by a big majority; then they sent him to the senate; upon the splendid record he has there made he will seek, and in my opinion, will attain re-election. "I find a very strong sentiment in Jackson county in favor of the senator; I think that when the votes are counted that Jackson, Josephine, Lake and Klamath will all be in the Chamberlain column."
