

MARTIAL LAW QUELLS UPRISING IN MEXICO CITY

MEXICO CITY, Aug. 26.—The city is now absolutely quiet, being patrolled by the fourth battalion. All the rural guards have been arrested and disarmed. The military is in control. Streetcar traffic has been resumed.

The foregoing dispatch was received by the Associated Press this afternoon. No previous dispatches have indicated disturbances in the Mexican capital, but its peculiar wording and veiled references to previous disturbances and subsequent arrests would indicate that important news has not been permitted to pass the censors.

WASHINGTON, Aug. 27.—An uprising in Mexico City against circulation of bank notes and currency of the new Carranza government has been put down by troops. Confidential advices to the state department late today announced that there had been a "misunderstanding" between the populace and the government, but that order had been restored. No time was mentioned, but the trouble is supposed to have occurred yesterday.

MERELY RUPTURE BUT NOT WAR

TOKIO, Aug. 27, 7:30 p. m.—The situation between Japan and Austria is described here as "a rupture of diplomatic relations, not war."

The Austro-Hungarian ambassador explained to Premier Kato that Austria felt in duty bound to follow her ally and withdraw her ambassador from Japan. This evening M. Kato sent his secretary to the diplomat, carrying the latter's passport.

The members of the Austrian embassy are hurrying their arrangements so as to sail on the Manchuria for San Francisco Saturday.

The German ambassador, Count Von Rex, will take passage on the Minnesota for Seattle the same day. The interests of both embassies will be looked after by the American ambassador.

HOW ZEPPELINS DROP EXPLOSIVES

LONDON, Aug. 27, 12:38 p. m.—The method by which Zeppelin airships in dropping bombs has been described as follows by an English refugee, who has just arrived here from Belgium: "The dirigible hovers over its objective at a sufficient altitude to keep it out of range of the enemies' guns. At the same time it lowers a steel cage, attached to a steel wire rope 2000 or 3000 feet long. This cage is divided into compartments and it carries one man whose duty it is to throw down the bombs. The cage is sufficiently strong to make rifle fire against it ineffective and because of its small size and the fact that it is kept constantly in motion, it is difficult for heavy gun shells to hit it."

The matter was discussed by the new minister of war, Alexandre Millerand, with the subordinates of his department, and steps were taken to determine the exact measures necessary to place the city in a state to withstand an attack and invasion.

M. Millerand will meet with the other officials of the war office every morning for the consideration of developments and every possible plan in connection with an entrenched camp, such as the capital will become.

PARIS, Aug. 27, 3:30 p. m.—An official statement issued this afternoon says:

"The events of yesterday in the region of the north have neither imperilled nor modified the arrangements made in view of the future development of operations in the region between Vosges and Nancy."

"Our troops continue to progress."

STOLE MONEY KEPT IN OLD TOBACCO CAN

Mike Carey kept his money in a red sack, in a red tobacco can, and flashed the same in a front avenue saloon Wednesday afternoon. This morning Fred Barnhart, a transient was arrested by the police upon a charge of stealing \$33 from Carey. The preliminary hearing is being held this afternoon.

Carey seated himself on the curb on Front street for a rest, a short time afterwards a Barnhart came along and asked for a smoke. Carey gave him the money can instead of the tobacco can, alleging that Barnhart gave it back without the money. Afterwards he discovered his loss and told the police.

JAPAN TO STEER CLEAR OF EUROPE DURING BIG WAR

WASHINGTON, Aug. 27.—Viscount Chinda, the Japanese ambassador today issued this statement:

"Nothing is more absurd than the purport of a London telegram appearing in some of the papers this morning intimating that Japan's answer to the Austrian declaration of war will be the dispatch of a squadron to the Adriatic."

"The terms of the Anglo-Japanese alliance, solely under which Japan is acting, contain nothing which obligate Japan to go that far, nor is there any interest or inducement whatever for Japan to embroil herself in this European war in Europe itself. If she succeeds in fulfilling her obligation under and achieving the object of the Anglo-Japanese alliance treaty, there she will stop."

2000 AMERICANS LEAVE SWITZERLAND

PARIS, Aug. 27, 1:25 p. m.—Two thousand Americans assembled in Geneva yesterday from all parts of Switzerland as a result of the report that special trains requested by the American embassy in Paris would leave daily this week beginning yesterday.

Dr. H. H. Fries of New York, who arrived from Geneva this morning, brought this news. He also described the keen disappointment of the Americans when they found that Major Edward P. Lawton, the American military attaché of the legation at Berne, had been unable to complete the arrangements for the railway service with the Swiss authorities.

It was reported that the trains would begin to move today or tomorrow.
