

LONDON JOURNAL SCORES ASQUITH FOR CENSORSHIP

LONDON, Sept. 5, 6:02 a. m.—The Times, speaking editorially of the lack of official war news, says: "Premier Asquith said on Monday that the government felt that the public was entitled to prompt and authentic information of what happened at the front and that the government was making arrangements to that end. We wish we could see any sign that these arrangements were coming into force.

"The country has now been at war for a month and during that period the public has been furnished with only one adequate official statement regarding the land operations of the most powerful army Great Britain ever sent to the continent. During the remainder of this week no further important information has been vouchsafed.

"In time of an unprecedented crisis the press has a great patriotic duty to perform. It has to stimulate and sharpen the public interest in this struggle which is bound to last a long time, and on which the fate of the empire depends.

"Germany is well aware of the potent influence of the press and uses it to the uttermost.

"We commend to attention the facsimile we published today of a communication purporting to emanate from a member of the Times' staff, a person who has never existed. This unscrupulous communication has been published in hundreds of newspapers in western America.

"We could quote innumerable examples of the kind. One reason why Turkey is on the verge of war is that Constantinople is swamped by Germany with fabrications about alleged British and French reverses. Another example we quote shows that the German and Dutch press is now being mobilized for efforts to detach France from the entente.

"Germany has even approached the Times and other English newspapers, offering for publication the reports of her general staff on the military operations.

"Our government has done nothing to counteract these activities. In a month we have had only one statement of any value. We have received from Petrograd infinitely more information than from our own war office."

BERLIN DOCTORS ALL AT FRONT; EPIDEMIC

LONDON, Sept. 5, 8:15 a. m.—A Copenhagen dispatch to the Mail dated Friday says:

"Private letters show that owing to the fact that many German doctors are at the front, Berlin is finding it difficult to cope with an outbreak of typhoid and cholera there.

"Enormous numbers of wounded are arriving at Vienna, where owing to the meat famine, the people have been compelled to become vegetarians."

RUSS GENERAL DIES AT HEAD OF MEN

PETROGRAD, Sept. 5, via London, 2:52 p. m.—General Samonoff met a splendid death after five days fighting in East Prussia. Being warned that his position was too exposed, he replied: "My place is where my men are." The general and most of his staff were killed by an exploding shell.

NAMES ALL RUSS TOWNS CHANGED CRUELTY REASON

LONDON, Sept. 5, 4 a. m.—The Petrograd correspondent of the Post, describing the Russian advance on Lemberg, says:

"The Austrians were concentrating two more army corps toward the east of their position to face the Russian Kiev district army, but the Russians attacked before the concentration was completed.

"On Wednesday morning the Russians were established all around the northern, eastern and half of the southern face of the capital. Lemberg stands high above the surrounding country, its obsolete defenses being supplemented by modern entrenchments.

"It would seem that the rout of the Austrian army, whose double duty it was to cover Lemberg, and also the right flank of the Austrian forces in Poland, was so absolute that the Russians must have entered Lemberg at the heels of the runaways for at 11 o'clock Thursday Lemberg was entirely in Russian possession.

"The capture of Halicz, protected by thirty small forts, entailed a harder task, as the Russians were determined to capture all the forts, and the Austrians made desperate resistance. The Russians had been fighting continuously for eight days after a previous week or ten days of marching. The fighting and marching troops of the Russian left wing covered nearly a hundred and fifty miles in seventeen days, capturing Halicz on the 17th, after two days of hard fighting.

"All towns in Russia, with a German form of name, were changed to the Slav form. This is not due to the fact that Russia is at war with Germany, but is Russia's appeal to the inexorable tribunal of history against the savage ferocity of the unsoldierly nation consistently displayed toward helpless refugees.

"A considerable sensation was caused here by the discovery aboard the German cruiser Magdeburg, recently blown up, of a number of cat-o-nine-tails, found in every officer's cabin, all bearing signs of long and hard usage."

POPE BENEDICT TO URGE PEACE

ROME, Sept. 4, 8:50 p. m., via Paris, Sept. 5, 9:30 a. m.—It was related here today that in conversations before his election, Pope Benedict XV repeatedly expressed his belief in the necessity that the pontiff should intervene with an appeal for peace, not in a purely evangelical form, but in precise diplomatic action.

"The Pope," he is quoted as saying, "must actually place himself amidst the combatants instead of keeping away and preaching peace and concord from distance."

It is asserted that he expressed these ideas in the conclave with Genoese tenacity but at the same time showing such absolute neutrality toward the belligerents that it brought about his election as pontiff.

GERMANY NAMES TWO TO COLLECT WAR TAX

COPENHAGEN, via London, Sept. 5, 8:25 a. m.—The Berliner Tageblatt announces that Dr. Karl Helfferich, director of the Deutsche Bank and Dr. Paul Von Schwabach, head of the Bleichroeder firm, serving as reserve officers in a cuirassier regiment, have been appointed to attend to the arrangement for the payment of Belgian war contributions. It is recalled Bismarck in 1871 employed the then head of the Bleichroeder firm as financial expert in connection with the French war indemnity.

FORCE BELGIUM TIME TO BE AS KAISER'S

LONDON, Sept. 5, 8:30 a. m.—A dispatch to the Central News from Amsterdam reports that the Germans have changed the time of the Belgian clocks, altering them one hour to synchronize them with the German clocks. When Belgian citizens protested, General Von Der Goltz replied: "In Germany there should be only one time."

ENGLAND WOULD FLATTER US TO WIN WAR FAVOR

LONDON, Sept. 5, 7 a. m.—A proposal that England send an official commission to the United States to give her side of the case in the present war is discussed today by the Times, which quotes an unnamed prominent American in support of this proposal, as follows:

"While I feel that Americans are tremendously strong in England's favor, it must be borne in mind that the Germans are assiduously trying to get the Americans' verdict in their year.

"Many Americans, like others, may be influenced and perhaps flattered by a little attention showing the desire of England to win their approval and moral support.

"Americans now returning from London are advocates of England, but the message might serve objects which they are unable to achieve."

The Times concludes with this comment:

"As a set-off to the wooing of the United States by Germany, many Americans are recalling some of the well-known incidents connected with the Spanish-American war."

WELLESLEY GIRLS REACH HOME

NEW YORK, Sept. 5.—A party of sixteen young women of Wellesley college, two teachers and fourteen students, marooned in Italy at the beginning of the European war, reached New York today aboard the Italian tank steamship Lampro from Genoa.

The Lampro had no passenger accommodations, but her officers gave up their cabins to the women.

Among the party were the Misses May Twohy of Spokane, Ethelwin Twohy of San Jose, Cal.; Eva H. Hind and Margaret Hind and Martha Hind of Berkeley; Mary Louise Corbin of Spokane and Charlotte C. Bennett of Tacoma.

PLACE GERMAN LOSS AT 200,000

LONDON, Sept. 5, 3:09 a. m.—The Daily Mail's correspondent at Geores, a French town near Beuvias, estimates the total losses of the allies at 40,000 and the losses of the Germans at 200,000. He says a moderate estimate of the German losses places them at 20 per cent at least.

Sheer weight of numbers has pushed the Germans forward at the amazing rate of 25 miles a day, the correspondent adds. The Germans have shown no superiority in artillery or transportation. The rapidity of their advance has been due largely to their use of the automobile for transportation.

LOUVAIN'S TOWN HALL SAVED FROM GERMANS

LONDON, Sept. 5, 9 a. m.—The Rotterdam correspondent of the Nieuw Rotterdamse Courant sends the report that the town hall in Louvain is safe, standing alone, with all the houses around it destroyed.

Boy or Girl? Great Question!

This brings to many minds an old and tried family remedy—an external application known as "Mother's Friend."

During the period of expectancy it is applied to the abdominal muscles and is designed to soothe the intricate network of nerves involved. In this manner it has such a splendid influence as to justify its use in all cases of coming motherhood. It has been generally recommended for years and years and those who have used it speak in highest praise of the immense relief it affords. Particularly do these knowing mothers speak of the absence of morning sickness, freedom of strain on the ligaments and freedom from those many other distresses usually looked forward to with such concern.

There is no question but what "Mother's Friend" has a marked tendency to relieve the mind and this of itself in addition to the physical relief has given it a very wide popularity among women. You can obtain "Mother's Friend" at almost any drug store. It has helped a host of mothers to a complete recovery. It is prepared only by Bradford's Dispensary Co., 361 LaSalle Bldg., Atlantic City.

SERVIAN SPOILS AT JADAR MEN, MONEY, CANNON

NISH, Servia, Sept. 4, via London, Sept. 5, 8:50 a. m.—According to the official organ, Srpski Novine, the following spoils were captured by the Servians in the battle of Jadar:

One hundred cannon, of which 92 were field guns and eight siege guns; 2500 horses, three hospitals of 3000 beds, 37 mitrailleuses, 37,000 Mauser rifles, 114 full caissons containing 500 shells for each cannon, ammunition and 4600 prisoners, including a large number of officers and one military band with its conductor. Three regimental cash boxes of money and one aeroplane also were taken.

The Austrian dead are estimated between 30,000 and 32,000. General Yovanovitch reports that he alone had 10,000 of the enemy's bodies buried. Other Servian general reports of their successes have not yet been received.

TEN DAYS' FIGHT FOR ENGLISH

LONDON, Sept. 5, 5 a. m.—Sir Philip Chetwood, commanding the British cavalry brigade which routed the Prussians at Cambrai, Landreies and Lecateau August 28, writes:

"We have been fighting without cessation for ten days. We have had no rest and have been fighting with odds five to one against us. We have been through the Ulmans like brown paper, but we must have men."

Delicious!—Cooked by Electricity

"This is the finest steak I ever tasted."
"Why, Harry, it's my 'Hughes 33.' I find new things about it every day. Now this steak is broiled on top with live, radiant heat. The juices can't run off before the surface is seared. The broiler slips right out and I turn it over. Then when it is done, I turn off the current and it keeps nice and hot in the oven till you get home."

Hughes Electric Ranges

The Hughes Electric Range, Mr. Master-of-the-House, not only saves hours of work each day—not only brings a cool, clean, sanitary kitchen, but adds the perfecting touch to cooking. The heat is uniform—always the same so it cooks evenly and thoroughly. It really roasts and broils meats where other ovens bake. The live, red heat by direct contact sears the surface and retains the flavor. Remember that a Hughes Range preserves health and beauty. The foods are heated—not the kitchen and the cook. The fire is absolutely soil-less. And the kitchen is as cool and pleasant as the parlor. Come into our office and see this range. We will give you facts that will astound you.
