"DON'T TAKE ME TO HOSPITAL," WROTE JAMES G. SMITH

"If anything serious happens to me follow instructions. Don't take me to the hospital."

These instructions were found in a note book left by the late James G. Smith, who died suddenly Saturday at 11 p. m. at his home on the east side, after returning from the moving picture show. Mr. Smith also left the following memorandum concerning himself:

"James G. Smith. Born June 2, 1839, at Denis, Mass. Enlisted May 8, 1861, at Portsmouth, N. H. Served as landsman U. S. S. frigate Colorado. Discharged at Portsmouth, N. H., July 3, 1862. Since then have been in New Hampshire three years, Massachusetts seven months, Ohio seven months, Chicago four years, New Mexico one and one-half years, Missouri Valley, Ia., five years, Texas nine years, Whiting, Ia., seven years, Colorado one and one-half years, Oregon —"

"If anything serious happens, telegraph the following." Then follows a list of friends. "I don't know of any relatives that need be informed," he concludes.

Acute indigestion is given by Dr. Lockwood as the cause of Mr. Smith's death.

Mr. Smith owned a sandstone quarry on the east side and considerable property around "Nob" hill.

Funeral services will be held at the Perl undertaking parlors at 3 p. m. Tuesday, September 15, Rev. E. O. Eldridge officiating. Burial in I. O. O. F. cemetery. Friends and acquaintances urged to attend.

JULIA JACKSON HELD FOR FRAUD IN RE PENSION

Julia Jackson, alias Julia Levenberry, former landlady of the notorious Royal rooming house, was bound over to the next term of the federal grand jury by Justice of the Peace Taylor this morning upon the charge of falsifying affidavits to secure bounty from the government for her husband in the Indian wars of the southwest. Her bonds were fixed at \$2000. The complaint was filed by District Attorney Clarence Reames.

It is charged in the complaint that on February 1, 1913, Julia Jackson made an application for a widow's pension, claiming to be entitled to such pension as the widow of Isaac Jackson. She swore in her affidavit that the soldier, Isaac Jackson, had died and that she had never intermarried with any person since the death of said soldier. Under the law, if she had intermarried after the death of her first husband she would not be entitled to a pension.

It is claimed by the government that the defendant subsequent to the death of her first husband, did intermarry with John Lockett in Tucson, Arizona, on August 22, 1903, and that the statement in the affidavit that she had not married was false and untrue.

After the declaration or application for a pension had been filed with the commissioner of pensions, the defendant was called upon to furnish further proof of her right to the pension and she made a similar affidavit before H. L. De Armond and swore before him that she had never married since the death of her first husband.

Flary Blood Disorders Checked

The Sources of Disease are Cleaned and Blood Purified

Those who have used S. B. S. marvel at the way it checks blood disease. See a man today with his skin all broken out! See him again in a week or two after using S. B. S. and he is a wonder to behold, all cleared up, skin healthy, eyes bright, a big smile replaces the droop. What is S. B. S. that can accomplish such wonderful results? First of all it is a natural medicine. Like milk, eggs and other foods that can not be initiated, S. B. S. owes its nature for its power to overcome disease just as food prevents conditions. S. B. S. is not a combination of poisonous drugs. It is a preparation derived from medicinal plants that retain all the vital potency of what we need, what we must have in the blood to counteract those destructive tendencies that come on throughout life. If it were not for our natural tendency to sustain us, aided by such foods as S. B. S. there would be small chance of any of us surviving childhood.

Get a bottle of S. B. S. today from any druggist but be careful to avoid the substitutes peddled on the highway. S. B. S. is prepared only by The Swift Specific Co., 53 Hewitt Bldg., Atlanta, Ga., and for private medical advice write briefly your symptoms to their medical department. They will take excellent care of you.

Folger's Tea

LESS MEAT IF BACK AND KIDNEYS HURT

Take a glass of Salts to Flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and migratory in the kidney region, rheumatic twinges, severe headache, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jod Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jod Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

PLACE BLAME FOR CROSSING ACCIDENT

Blame for the accident last Friday near the gas plant that resulted in serious injuries to Mrs. B. F. Van Dyke and her seven-year-old son, Frank, are laid to three sources by the Southern Pacific board of inquiry, which convened Saturday. The inquiry board was composed of M. A. Leary, roundhouse foreman; D. C. Hansen, roadmaster; Fred Hansen, assistant superintendent; Scott V. Davis, farmer, and W. H. Gore, banker.

In the opinion of the board, "Mrs. Van Dyke should have exercised a greater degree of care in going over a private crossing"; "that a large measure of responsibility rests on men hauling gravel, who left the gates to a private crossing open in violation of the law"; and that "Engineer W. L. Thomas did not exercise the degree of care he should, first seeing the buggy at 150 to 200 feet, when it was possible for him to see at 650 feet from the crossing," and "that an earlier application of air might have prevented the accident."

ASSERTS MEDFORD CHURCHES FIRETRAPS

Six of Medford's ten churches are fire traps, according to investigations made this morning by Fire Chief Lawton. In these half dozen houses of worship the doors swung in, contrary to the city ordinance and common sense. In case of fire or panic, the chances of a worshipper escaping are reduced to the same chance that a farmer has of winning in a three-shell game. The doors of four lodge rooms also swing in. Notice will be served to comply with the law.

Contempt for safety from fire is further shown by the discovery to date of 160 residences where gasoline is stored without protection. Most of the homes have taken steps toward complying with the ordinance, but a few still cling to the pioneer ways of storing inflammable materials.

Chief Lawton reports that conditions in the business district, where the insurance regulations are rigid, and inspection often, are excellent.

NATATORIUM FIRE QUICKLY EXTINGUISHED

Luck saved the Natatorium from destruction by fire Sunday afternoon, when a gasoline tank stored in a burning shed adjoining the amusement resort failed to explode. The heat of the fire melted the top of the gasoline storage tank. Its explosion would have thrown a mass of flames against the side of the Nat. The fire department did not know the gasoline was stored in the shed.

The causes of the fire are unknown. For a time it burned fiercely, the roof of the Nat catching on fire. Three lines of hose were played on the barn, and the flames were extinguished in short order. The damage is placed at between \$250 and \$300.

GRAFTING JAPANESE ADMIRAL SENTENCED

TOKIO, Sept. 14.—Vice-Admiral Koichi Fushi accused of bribery in connection with the naval corruption case of last year, has been sentenced to imprisonment for four years and six months.

Fushi was at one time naval attaché at Berlin. He was ordered before a court martial in February of this year.

INDIAN REVOLUTION PRONOUNCED A CANARD

WASHINGTON, Sept. 14.—The British foreign office today cabled to the British embassy here an emphatic denial of the report of a revolution in India. The dispatch says: "The story of a revolution in India which has been given out by German legations in certain capitals, is a sheer invention. The enthusiasm in India with regard to the war is most striking."

SAGE AND SULPHUR DARKENS GRAY HAIR

Brush this through faded, lifeless locks and they become dark, glossy, youthful.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value their even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture by asking at any drug store for a 50 cent bottle of "Wynko's Sage and Sulphur Hair Remedy," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. Besides, it takes out dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wynko's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.
