Another Woman's Case.

Providence, R. I.—"I cannot speak too highly of your Vegetable Compound as it has done wonders for me and I would not be without it. I had a displacement, bearing down, and backache, until I could hardly stand and was thoroughly run down when I took Lydia E. Pinkham's Vegetable Compound. It helped me and I am in the best of health at present. I work in a factory all day long besides doing my housework so you can see what it has done for me. I give you permission to publish my name and I speak of your Vegetable Compound to many of my friends."—Mrs. ABRIL Lawson, 126 Lippitt St., Providence, R. I. Another Woman's Case.

Danger Signals to Women are what one physician called backache, headache, nervousness, and the blues. In many cases they are symptoms of some female derangement or an inflammatory, ulcerative condition, which may be overcome by taking Lydia E. Pinkham's Vegetable Compound. Thousands of American women willingly testify to its virtue.

DIAMONDS AND SUCCESS

where on approval.

212 East Main Street

Everyone knows that diamonds are high, and that no one can wear them who has not considerable means or first-class credit. If, then, you wear them you are showing positively that you are at least on the road to prosperity, and it is human nature to pay tribute to success by helping it to further success.

It is business for a business man to show that he is successful, for it will bring him more and better enstomers, and there is no better way to show that you are successful than by wearing well chosen diamonds. All our diamonds are correctly graded by experts, with exact weights, qualities and lowest prices marked in plain figures. Selections sent any-

MARTIN J. REDDY

THE JEWELER

Buyers to Share in Profits Lower Prices on Ford Cars

Effective from August 1, 1914, to August 1, 1915, and guaranteed against any reduction during that time:

Touring Car Runabout . Town Car . F. O. B. Detroit. All cars fully equipped.

(In the United States of America Only).

Further, we will be able to obtain the maximum efficiency in our factory production, and the minimum cost in our purchasing and sales departments if we can reach an output of 300,000 cars between the above

And should we reach this production we agree to pay as the buyer's share from \$40 to \$60 per car (on or about August 1, 1915) to every retail buyer who purchases a new Ford car between August 1, 1914, and August 1, 1915.

For further particulars regarding these low prices and profit-sharing plan, see the nearest Ford Branch or
