FRENCH CLAIM GERMAN RIGHT IS FORCED BACK

PARIS, Sept. 22, 2:36 p. m.—The following announcement was made in Paris today:

"Along the entire front from the Oise to the Woivre the Germans manifested yesterday, September 21, a certain activity, without however, obtaining appreciable results.

"First, on our left wing, on the right bank of the River Oise, the Germans were obliged to fall back before the French attacks. Between the Oise and the Aisne the situation remains unchanged. The enemy has not delivered any serious attack, contenting himself yesterday, Monday evening, with a continued cannonading.

Enemy's Offensive Movement "Second, on the center, between Rheims and Soissons, the enemy attempted an offensive movement, which was repulsed, while between Soissons and the Argonne we have made some progress.

"Between the Argonne and the River Meuse there has been no change.

"In the Woivre district the enemy made a violent effort; he attacked the heights of the Meuse along the front between Tresvaux, Vignacelles and Hendicourt, without, however, succeeding in gaining position on these heights.

"On our right wing, in Lorraine, the enemy has again passed the frontier, using in this operation a number of small columns. Donestre to the south of Blamont has been re-occupied by the enemy.

Capture Twenty Autos "During the days of September 20 and September 21 we captured 20 automobiles used in moving provisions, together with all the men attached to them. We also captured on those days numerous prisoners belonging principally to the 4th, 7th, 16th, 15th, 8th, 9th, 15th, 14th and 16th German army corps, to the Bavarian landwehr and to the reserve corps.

"Concerning the Russians in Galicia: The rear-guards of the Austrian armies have been pursued by the Russians and have suffered considerable losses. Russian troops have come in contact with the Austrian garrison near Przemysl. The heavy Russian artillery is bombarding the fortifications of Jaroslav."

FRENCH CANADIANS TO JOIN REGIMENT

MONTREAL, Sept. 22.—French Canadians will visit Ottawa soon to obtain the prime minister's sanction for the incorporation of a regiment recruited in Quebec for foreign service in the next contingent sent from Canada.

The presence of a French Canadian regiment at the front, members of the delegation say, would do away once and for all with the suggestions that have been made that the war is not popular in Quebec.

ITALIAN SOCIALISTS FAVOR NEUTRALITY

ROME, Sept. 22.—The extreme wing of the socialist party has passed a resolution setting forth its opposition to war and urging the necessity of Italy's maintaining neutrality. Continuing, the resolution reaffirms the principles of internationalism and expresses admiration of those who fought to make neutrality respected.

PRESIDENT VOTES IN NEW JERSEY

PRINCETON, N. J., Sept. 22.—President Wilson paid a flying visit to his former home here today to vote in the democratic primaries. He was met by only a small group of Princeton students and faculty members, as college does not open until Thursday.

Accompanied by Dr. C. T. Grayson and Professor Strecker Axson and secret service men, the president went directly to the polling booth in a firehouse. A small crowd followed him.

A republican was ready to vote and the president waited for his turn, refusing to allow the voter to step aside. Mr. Wilson was handed a democratic ballot and after looking at it for a moment he entered the enclosed booth and marked it for the re-nomination of Representative Allan Walsh. He also voted for three members of the general assembly and for sheriff.

THREE-YEAR-OLD PACES MILE 2:01

COLUMBUS, O., Sept. 22.—What was said to be a new world's record for three-year-old pacers was hung up at the conclusion of the Horse Revue Friday, purse \$3000, at the grand circuit meet this afternoon. Anna Bradford (Murphy), won; Squantum, second; Prince Jolla third, The Whip fourth. Best time, 2:01 1/2. Anna Bradford not only broke her own record for the world of 2:05 3/4 when she paced the second heat, but also broke the world's record for the fastest two heats as a pacer of her age, according to announcement at the track.

Margaret Drulin won the \$10,000 Hooper stake in straight heats. Rythmel was second; McClosky third, Mithful fourth. Best time 2:05 1/4.

SMALL INTEREST IN MASSACHUSETTS VOTING

BOSTON, Sept. 22.—The absence of a contest for the head of the state ticket in any of the three parties led to the expectation that not more than a third of the voting strength would be represented at today's Massachusetts primaries. Governor David L. Walsh will be renominated by the democrats, former Congressman Samuel W. McCall will be nominated for governor by the republicans and Joseph Walker, former speaker of the house, by the progressives.

GERMANS BOMBARD HOSPITAL AT ETAIN

BORDEAUX, Sept. 22, 11:45 a. m.—Madame Paul, head of the French women's ambulance corps, has reported to the government from Etain, in the department of Meuse, describing the bombardment of a hospital at that place by the Germans August 24. The first shot from the German artillery, Madame Paul said, brought down the Red Cross flag on the roof and a fragment of this shell shattered a basin beside a table on which Dr. Proust of Paris was operating on a serious case. The doctor then moved into another wing of the building, in which there were five wounded German soldiers. The shells began to fall faster and finally this section of the hospital had to be abandoned. The wounded were moved to Verdun, twelve miles away.

CANADA FURNISHES 40,000 FOR WAR

OTTAWA, Ont., Sept. 22.—It is understood that by January, Canada will have abroad, either on the fighting line or in England, upwards of 40,000 men. The 31,000 to be sent from Valcartier probably will go to a depot in England, from which they will be sent to the front when thoroughly efficient. Recruits to fill gaps in the ranks caused by casualties and sickness will be sent from Canada to this depot from time to time, probably bringing the total to 40,000 by January 1.

AUSTRIANS RETREAT ALL ALONG LINE

PARIS, Sept. 22, 11:22 a. m.—In a dispatch from Nish, Serbia, dated September 20, the correspondent of Havas News agency says the Austrians had been forced to retreat along the entire front between Lioubovia, Svornik and Losniza, and that they were being hotly pursued by the Serbians near Kouriatzita. The Serbians destroyed the bridges over the river Drina, but after suffering heavy losses the Austrians gained the opposite bank.

The Austrian attempt, the correspondent continued, to cross the river Save between Mitrovitz and Shabats failed. In Bosnia yesterday the Serbians occupied the heights west of Rogatniza.

EMPTY LIFEBOATS OF LEGGETT ASHORE

PORTLAND, Or., Sept. 22.—Two lifeboats of the steam schooner Francis H. Leggett, which sank sixty miles south of the Columbia river Friday with a loss of approximately seventy lives, came ashore today on Neah-Kah-Nie beach, near Nehalem. Neither boat contained any victims of the disaster.

Early today there had been no additions to the list of eight bodies picked up by schooners yesterday and the one washed ashore on Neah-Kah-Nie beach. Of the four dead brought into Newport yesterday by the schooner Patsy, one is believed to be D. A. Goldsmith and another D. W. Caldwell. In Caldwell's pockets were bills from merchants at Astoria and Aberdeen, Wash.

The body of the woman discovered on Neah-Kah-Nie beach yesterday was found to have within the stocking of the right foot, tied about the ankle, a card bearing the name "Nellie Lee, Tacoma." She was dark-skinned, apparently a mulatto or Mexican.

SAY RUSSIAN TROOPS LANDED IN ENGLAND

NEW YORK, Sept. 22.—Among the passengers arriving today on the steamer Zealand was Henry De Sibour, an American living in London, marooned at Belfort when the war broke out. One one field he saw squares of dead German soldiers. Those on the outside had fallen but the bodies toward the center of the squares were standing upright leaning against each other. Officers told him machine guns were responsible for the wholesale killing.

Mrs. De Sibour said a relative of hers who is an officer of an English railroad had told her his line had transported 250,000 Russian troops across England. The steamship Aquitania, she was told, was used to transport the troops to a remote point of the French coast.

NINE KILLED WHEN GERMAN SHIP SINKS

LONDON, Sept. 22, 10:25 a. m.—The admiralty has issued a list of casualties on the Carmania, which sank an armed German merchant steamer off the South American coast. It shows that nine men were killed and five seriously wounded. No officer's name appears among the dead or seriously wounded.

BERLIN, Sept. 22, via Rotterdam and London, 11:47 a. m.—The report of the sinking of the German armed merchant cruiser Cap Trafalgar September 14, off the east coast of South America by the Cunard line steamer Carmania, converted into a British auxiliary cruiser, has been confirmed in an official statement given out here today. This communication adds that the crew of the Cap Trafalgar was saved by the German steamer Elenore Woerman.

KILLS WIFE, SELF, TO AVOID TRIAL

SAN FRANCISCO, Cal., Sept. 22.—Rather than face a charge of pandering in police court, John Murpheson, formerly of Seattle, but latterly proprietor of a billiard hall in this city, killed his wife, Dora, today in a downtown hotel and then committed suicide with the same revolver.

They had quarreled frequently and from their charges and counter-charges it came out that the wife was formerly the wife of a Dr. Proesser, shot in 1911 while traveling through Montana on a train. Tried for murder, she was acquitted. Murpheson brought up the old story when he complained to the police that she had threatened him with a revolver, and that he was afraid of his life.

In the end, however, their story seems to have eventuated the other way around. When detectives broke in the door of their bedroom the husband was found lying across the bed, a revolver tightly clutched in one hand. At his feet on the floor lay his wife, still breathing, but mortally wounded. She died soon afterward. Murpheson was to have appeared this morning to answer a charge of pandering brought against him by his wife.

AIRSHIP DROPS BOMB IN MAESTRICHT TODAY

AMSTERDAM, via London, 4:10 p. m., Sept. 22.—An aeroplane of unidentified nationality dropped a bomb in Maestricht today, near the Brussels gate, according to a dispatch received here today. No lives were lost but a big hole was torn in the ground; trees were broken, the doors of a nearby house were riddled and windows for a considerable distance shattered. Automobiles were sent in pursuit of the air-craft, but it disappeared, going south.

Men Pay Homage to Mother's Friend

"I am not surprised to observe the number of men who come into the store to purchase Mother's Friend," remarked a leading druggist. "It is a happy thought to send a bulky to the drug store. 'Mother's Friend' is applied externally over the abdominal muscles. It is a gentle, soothing lubricant, penetrates to the finetwork of nerves beneath the skin and has a marked tendency to relieve the muscular strain to which these broad, flat abdominal muscles are subjected. The coris, tensions and ligaments are thus permitted to stretch without the corresponding surface strain so often involved during the period of expectation. This in part accounts for the entire absence, in many cases reported, of nausea, morning sickness and other distresses, such as laceration of the epidermis so often the case when this gentle form of lubrication is neglected. 'Mother's Friend' has been highly recommended by a host of women who know from experience and by men who know from observation. Write Bradfield's Regulator Co., 208 Lamar Bldg., Atlanta, Ga., and we will send you a valuable little book to expectant mothers."

WAR THREATENS SONORA STATE

NOGALES, Mex., Sept. 22.—Reports to the contrary notwithstanding General Juan Baral, said today that General Benjamin Hill, whom he was sent here to succeed, would turn over the office of military commander of Sonora to him. Cabaral's principal difficulty now seems to be with Governor Jose Maytorena, ordered to relinquish military affairs and retire to Hermosillo to devote himself to civil functions.

Cabaral conferred with the governor here today, seeking to induce Maytorena to surrender command of his troops. Cabaral in an interview said if the governor would do this, Hill would turn over his command also and affairs in Sonora, now on the verge of open rebellion, would be promptly settled. Cabaral said he was not inclined to force the governor, but desired to give time to consider the effects and results of continued rebellion.

CHEAP GLASSES

A few people have gained the erroneous idea that my charges are unreasonably high, when, on the contrary, they are most moderate, and it is but proper for me to say that no one can do the class of work I do at less prices. In fitting glasses, more than in almost anything else, cheap work means poor work; it means incompetence; it means dissatisfaction; it means work that has to be done over again, and that means it is dear work in the end. Come in and talk it over.

Page Theatre TUESDAY Better Babies HOW TO RAISE YOUR CHILD Mrs. LeMoine Livingstone who gives the lecture, is giving her life to a campaign for a better race. Being a first cousin of Dr. David Livingstone, the noted explorer, the gentle little woman is exploring the dark regions of America where children are born and bred under conditions that produce the pervert and the criminal. Her message is being carried across the country with these most interesting and instructive moving pictures and the spoken word. One of the Portland newspapers says: "No woman in the United States is doing a bigger or better work, in a quiet, unostentatious and yet self sustaining way, than Miss Livingstone." This great lesson for Medford mothers and fathers will be here Tuesday and Wednesday Only
