It is not every city the size of Phoenix that can boast of an artist of exceptionally high merit. Mrs. Baillie, wife of Dr. J. K. Baillie, pastor of the Presbyterian church, our Phoenix artist, has attracted favorable notice in large eastern cities by her work. In the recent fair in Medford several of her pictures were on exhibition and all won prizes.

Her water color landscape, pencil drawing, crayon and pastel pictures received first prizes. Water color landscape and oil figure, second prizes, and special prizes were given her India in picture, water color figure, mechanical drawing and water color miniature on ivory. This last named picture deserves especial mention. It is the picture of a little blonde girl and is a picture of rare beauty. It is lovely in color and of such fine workmanship that it will bear the closest examination. The soft lines and innocence of expression, which make a child's face so difficult to portray, are brought out in the picture by Mrs. Baillie with an almost Reynolds like skill.

Last Wednesday Mr. Ames of Talent took the delegates from Ashland, Talent, Phoenix and Medford in his large excursion car to the County W. C. T. U. convention held at Eagle Point. The rain made parts of the road a little difficult for speeding, this was especially true of the journey out, but it only gave to more

time for the crowd to sing campaign songs and give the campaign yells along the way. The ladies of Eagle Point had a chicken dinner ready when Mr. Ames and his load reached their destination. The convention opened at 2:00 p. m. and much business transacted. Good reports were read from all the unions in the country. Plans were made to carry on the campaign of "Oregon Dry" and the Ashland Normal was not forgotten for the W. C. T. U. is an educational organization and are always deeply interested in the progress of education, hence all are anxious to see a normal school established in Ashland. The speakers of the evening were Miss Lois Smith, a state organizer, and Mrs. MacCullough, of Medford. Mrs. MacCullough's address on "Personal Liberty" was exceptionally logical and eloquent.

Greatest of All Human Blessings

"The most wonderful thing in the world is love expressed in the helpless infant. And among those aids and comforts for expectant mothers is the well known 'Mother's Friend.' This is an external application to enable the abdominal muscles to become more pliable, to expand naturally without undue pain from the strain upon cords and ligaments. Applied as directed upon those muscles involved it soothes the fine network of nerves with which all the muscles are supplied. Thus a great share of the pain so much dreaded may be avoided and the period of expectancy passed in comfort. There is no question but what such relief has a marked influence upon the general health of the mother. In a little book sent by mail much useful information is given to inexperienced mothers. It tells how to use 'Mother's Friend' and how to avoid facing breast. It has been prepared in our laboratory for over forty years and is known favorably to most druggists everywhere. Get a bottle today and write for book to Standard Dispensary Co., 505 Lumber Bldg., Atlanta, Ga. Be sure to ask for and see that you get 'Mother's Friend.'"

The following were the officers elected: President, Mrs. A. T. Howell, of Medford; vice-president, Miss S. A. Cope, Phoenix; secretary, Mrs. Wolgamott, Talent; treasurer, Mrs. Bryant, Eagle Point; Mrs. Howell was elected delegate to the state convention at The Dalles and Miss S. A. Cope of Phoenix, alternate.

CHEAP GLASSES

A few people have gained the erroneous idea that my charges are unreasonably high, when, on the contrary, they are most moderate, and it is but proper for me to say that no one can do the class of work I do at less prices. In fitting glasses, more than in almost anything else, cheap work means poor work; it means incompetence; it means dissatisfaction; it means work that has to be done over again, and that means it is dear work in the end. Come in and talk it over.

DIAMONDS AND SUCCESS

Wearing diamonds gives an air of prosperity that brings greater success. Everyone knows that diamonds are high, and that no one can wear them who has not considerable means or first-class credit. If, then, you wear them you are showing positively that you are at least on the road to prosperity, and it is human nature to pay tribute to success by helping it to further success. It is business for a business man to show that he is successful, for it will bring him more and better customers, and there is no better way to show that you are successful than by wearing well chosen diamonds. All our diamonds are correctly graded by experts, with exact weights, qualities and lowest prices marked in plain figures. Selections sent anywhere on approval.

THE JEWELER

A human document that casts new light on a subject under hot discussion in this very community today.

His wife snubbed by her neighbors

His daughter turned aside from at church He himself blackballed at the club

A man in a small city tracked down the cause. He was square, clean and likable; well-known, with a charming wife and daughter, plenty of money, and yet—why wouldn't folks have anything to do with him and his?

The man tells the story himself—see page 13
