DENIAL CHARGE OF FRAUD MADE BY MRS. McNULTY

Protesting her innocence of the charge of defrauding the Jackson County Bank out of \$380, through a certificate of deposit, Mrs. Fannie McNulty returned to this city from Boise, Idaho, this morning for trial in the custody of Sheriff Singler. Though lawyers of the Idaho capitol made strenuous efforts to induce her to resist extradition Mrs. McNulty refused, and expressed a desire to return to this county without delay. She is confident of establishing a complete refutation of the charges.

According to the authorities Mrs. McNulty maintains that she is a victim of circumstances and mistaken identity, and that she was never in the Jackson County Bank, but once, and then with a woman friend to change a \$20 bill. She asserts that Mrs. Sarah E. Collins, who alleges the certificate of deposit was stolen from the bottom of her trunk in her home on Second street, told her of the loss of the check six months ago. Mrs. McNulty was running a rooming house in Boise when arrested.

All of the evidence against Mrs. McNulty was collected by the Pinkerton detective agency through the Portland branch. One of their most mysterious agents spent a week in this city slouching for data, the most important being the similarity in handwriting between the signature on the deposit certificate, and the bill of sale for a cow, that Mrs. McNulty owned.

CITY'S ANSWER TO BE FILED SOON

Stipulations granted to the city for the filing of its answer to the suit of the California-Oregon Power company extend the time limit four or five days, which will be used by the special counsel in preparing the papers. The original limit was fixed as October 1—today. Special Counsel Gus Newbury is preparing the answer and has it nearly completed. He will go to Grants Pass in the morning and consult with Special Counsel H. D. Norford of that city on the same. It will be filed early next week, probably after the regular meeting of the city council.

DISCUSS SEIZURE OF AMERICAN COPPER

WASHINGTON, Oct. 1.—The British ambassador, Sir Cecil Spring-Rice conferred with state department officials again today over British seizure of American copper shipments in neutral ships. Ambassador Page at London will confer tomorrow with Sir Edward Grey, minister for foreign affairs, on the subject.

Mother's Friend Before Baby Arrives

During several weeks of expectancy there is a splendid external embrochure in our "Mother's Friend" in which thousands of women have the most unbounded confidence. They have used it and know. They tell of its wonderful influence to ease the abdominal muscles and how they avoided those dreaded stretching pains that are so much talked about. This safe external application is gently used over the skin to render it amenable to the natural stretching which it undergoes. The myriad of nerve threads just beneath the skin is thus relieved of unnecessary pain-producing causes and great physical relief is the result as expressed by a host of happy mothers who write from experience.

It is a subject that all women should be familiar with as "Mother's Friend" has been in use many years, and is recommended by grandmothers who in their earlier days learned to rely upon this splendid aid to women. You can obtain "Mother's Friend" at almost any drug store. Get a bottle to-day and then write for our little book so useful to expectant mothers. Address: Bradford Regulator Co., 212 Lamar Bldg., Atlanta, Ga.

CHEAP GLASSES

A few people have gained the erroneous idea that my charges are unreasonably high, when, on the contrary, they are most moderate, and it is but proper for me to say that no one can do the class of work I do at less prices. In fitting glasses, more than in almost anything else, cheap work means poor work; it means incompetence; it means dissatisfaction; it means work that has to be done over again, and that means it is dear work in the end. Come in and talk it over.

NICE OLD MAN MULCTED EVANS CREEK CITIZENS

A nice old gentleman, who wore a G. A. R. button in the lapel of a faded blue coat, called upon residents of Evans creek last June and decoyed from the pockets of many a dollar for a year's subscription to the "Globe." With each subscription went a dozen silver knives and jugs and spoons. The harvests have been gathered and the knives have landed to gold, but no "Globe" and no food utensils. Like many a prospect along that classic creek, the alluring offer failed to "pan out." It just occurred this week to a number of subscribers that they might have been bilked. The nice old man was amiable and affable, and according to most of the deceived he was "right smart" of a talker. The receipts he gave for the dollar were written on an ordinary receipt book with the name "Globe" stamped at the top. Where the "Globe" was published is not known in his stay on Evans creek the old man made many friends and promised to return in the spring for more subscribers. But in the meantime

there is no new silver adorning the tables of that section.
