

View of Oregon Agricultural College, Corvallis, Oregon, the Sole Aim of Which Is to Aid Agriculturists.

ASSISTANT STATE LEADER OF FIELD DEMONSTRATION. ASSISTANT state leader of

county field work has been appointed to help Professor H. T.

French care for the growing interests of farm demonstration. The new assistant is M. O. Evans, Jr., supervisor of school and home garden work for the Portland Public Schools, who has already had considerable experience in rural work in Oregon.

a graduate of Cornell University, and recognized by the United States govhas taken two years graduate work at ernment. If there is any doubt as to the Oregon Agricultural College. In their soundness and breeding they 1912 he was engaged in making agri- should be purchased only with the uncultural investigations for the state derstanding that they are not to be acsurvey of the Oregon State Immigration Commission. The next year he was business manager for the General Welfare School conducted by the Agricultural College.

In March of last year Mr. Evans was called to Portland to take charge of the school garden work for the Garden Contest League. The success of the garden movement was so pronounced that the Portland school garden plans soon came into national recognition. Mr. Evans was then appointed supervisor of garden work by the Board of Education. During his less than two years of service the school garden movement has grown to give any information within its from three gardens to 43, and the number of children doing garden work has increased from a few hundred to more than 8,000.

The work of the new assistant will be partly direct and partly through the county demonstration agents. It will deal with all forms of plant and animal production that are practiced on the farms of Oregon, and will include in a general way the advancement of progressive agriculture through the Extension division of the Agricultural College.

VALLEY NEWSPAPER MEN TO MEET AT COLLEGE.

N CONNECTION with a number of state and district conventions the next meeting of the Willamette

Valley Editorial Association will be held at the Agricultural College. The date for this meeting has been placed on Saturday, December 5, by the executive committee. Mr. Hornibrook, editor of the Albany Democrat, is presi-dent of the association and Mr. Bede, editor of the Cottage Grove Sentinel, is secretary. The Agricultural College the U. S. Department of Agriculture, fessor Scudder called attention to one will join with the officers of the association in the work of bringing a large aid to the dairy industry in various worth of alfalfa seed, sowed about half delegation of newspaper men to this ways." convention and in providing for a profitable meeting.
