

BRITISH WOULD GIVE KIEL CANAL BACK TO DANES

LEEDS, Oct. 2.—Lord Chas. Beresford in address—a recent mass meeting for the purpose of stimulating recruitment—here, said: "The Kiel canal must be handed over to Denmark, so it will be useful for the peaceful pursuits of the world."

The remark has caused widespread comment and has become a part of the discussion of the probable results of the war if the allies should win.

When the Kiel canal was opened in 1895 the emperor of Germany, with representatives of the leading European powers as his guests, said: "Germany will rance the work inaugurated today on the side of those accomplished in the service of peace." It was regarded as significant that upon the enlargement of the canal last June, the occasion was not one of international celebration, although Emperor William attended and led a great fleet of German warships through the canal—which now figures so extensively in the naval operations as a magnificent refuge for the German fleet.

German strategists insist that the Kiel canal doubles the power of the German fleet as it gives another entrance from the North sea to the Baltic and forces an enemy to scatter its strength in order to bottle up the German warships. Eight enormous sidings have been provided within the enlarged canal in which ships may pass. These are so great they are said to be capable of sheltering all the ships of the German navy.

English strategists assert that the value of the canal has been discounted considerably by the developments of the present war, and declare that it has, if anything rendered the German fleet more immobile than it might otherwise have been.

It was Lord Beresford's contention that Denmark would never be safe so long as Germany held this important waterway across the Danish peninsula, and he hoped to see the day when it, together with Schleswig-Holstein, would be restored to Denmark.

Enumerating other obligations which he said would fall upon the allies if they defeated Germany, he said the first duty would be to Belgium, which would have to be amply rewarded for the wrongs it had suffered. He said he would then have "the great Krupp plant destroyed and all German forts razed."

SIKHS MUTINY WHEN SENT HOME FROM COLUMBIA

LONDON, Oct. 2, 1:12 p. m.—In a dispatch from Calcutta the correspondent of Reuter's Telegram company describes a mutiny of Sikhs, brought back to India after being refused admittance to British Columbia. Sixteen of the Indians were killed.

The correspondent transmits a communication on this subject issued by the Bengal government, as follows: "The Sikh passengers on the steamer Komagata Maru, refused permission to land at Vancouver, B. C. arrived at Bombay last Saturday. Some of them refused to board a train for the Punjab and opened fire with their revolvers. One European was killed and several others, including the commissioner of police, were wounded. One Punjab policeman was killed and several were wounded. Troops were compelled to fire to check the rushes of the Sikhs, and sixteen of the rioters were killed. The remainder were scattered to surrounding villages and later were rounded up."

The Hindus who mutinied at Bombay are the men who for more than three months resisted the Canadian government's order of deportation, but who finally were compelled to return to India from Vancouver on the same ship that brought them out, the Japanese steamer Komagata Maru.

This steamer, with 352 Hindus on board, reached Vancouver in April of this year. She sailed on her return trip July 23. During this time the status of the East Indians was passed on by the highest courts of Canada, which finally ruled that they could not land.

AMERICAN ARMY STAYS IN MEXICO UNTIL OCTOBER

WASHINGTON, Oct. 2.—American forces at Vera Cruz will not be withdrawn before October 11, it was announced today at the war department. Brigadier General Funston was given instructions to that effect to allay fears of Mexican civilians employed by the American administration, who desire, for their own protection, to leave before the evacuation.

Officials said today that no exact time had been set for withdrawing the troops, but that ample notice would be given, so that Mexicans and refugees may have an opportunity to leave.

BRUSSELS MAYOR QUARRELS WITH KAISER'S GOVERNOR

ROME, via Paris, Oct. 2, 4:20 a. m.—Reports from Berlin give particulars of the dissensions between General Von Der Goltz, the German governor of Belgium, and Burgomaster Max of Brussels.

Von Der Goltz ordered the burgomaster to remove the Belgian flags from the public buildings and Max published a manifesto which explained to the population the necessity to comply before force.

Von Der Goltz was furious and let it be known that nobody was entitled to publish a manifesto except himself. He ordered that all Max's manifestos be covered with white paper, but the next morning revealed that all the covering sheets had been oiled and were thereby rendered transparent.

French papers smuggled into Brussels, it is said, sell for 25 cents a copy.

DENNISON FOUND GUILTY, EXTORTION

GRANTS PASS, Oct. 2.—The jury in the circuit court returned a verdict of guilty against Ernest Dennison, alias George Huff, indicted by the grand jury for an attempt to extort money from Oslin M. Jackson. Detective E. Kirkwood, indicted upon the same charge, and tried jointly with Dennison, was found not guilty. Chas. Hass, also a detective employed by Dennison in hunting down Jackson, was named in the indictment, but the complaint as against him was dismissed upon motion of the prosecution that he could testify for the state. Motion was made for a new trial and sentence was postponed until October 12.

During the three days' progress of the trial a great amount of testimony involving the operations of Jackson and Dennison in the east was introduced. This involved the obtaining of a judgment of \$54,000 against Jackson by Dennison, and also the indictments against Jackson in the eastern state upon the charge of grand larceny.

The punishment for the crime of attempted extortion can run from a minimum of three months in the county jail to two years in the state penitentiary, as the maximum.

SERVIANS ABANDON SEIGE OF SARAJEVO

LONDON, Oct. 2.—A dispatch from Nish Servia, according to a telegram from the Home correspondent of the Exchange Telegram company, asserts that General Jankovitch, the Servian commander-in-chief, has ordered that the attempt to capture Sarajevo be abandoned temporarily, as it was found that the Austrians defending the city occupied positions that could only be taken by great sacrifices.

The Servian general staff considers such action unjustifiable at the present moment.
