

# FEDERAL COURT AUTUMN SESSION OPENS TOMORROW

The fall session of the federal court will open in Medford Tuesday at the Natatorium, District Judge C. E. Wolverton and retinue of court officers arriving Tuesday. Deputy United States Marshal Armitage arrived today to complete arrangements for the opening of the court. Marshal Montag and Deputy Marshal W. S. McSwain will arrive with Judge Wolverton Tuesday, and District Attorney Reames is expected also from Washington, D. C.

The session is expected to continue for several weeks, two murder cases being among those to be tried.

Two murder cases are to be tried here, both committed on the Klamath Indian reservation. One case is entitled the United States vs. Jim George. The defendant is charged with the murder of Peter Brown. In this case approximately fifty witnesses or more will be called and the trial will last probably two weeks. Both the defendant and the decedent are Indians.

The other case is the United States vs. Thomas G. Smith, an Indian, who is charged with the murder of Link River Beall, alleged to have been committed upon the Klamath Indian reservation. Link River Beall was also an Indian.

In the Jim George case, the crime is alleged to have been committed on February 22, 1914, and in the Smith case the assault resulting in the murder was made on May 27, 1914, and the victim died on June 4, 1914. In the Smith case there will probably be twenty-five or thirty witnesses.

It is a serious crime for any person to sell or to give intoxicating liquor to an Indian. Seventy-five or eighty Indian witnesses will be here for three weeks and the utmost precaution will be used to keep liquor away from them. In the event that the law is violated, no excuses will be accepted. It is as much a crime to "give" liquor to an Indian as it is to "sell" it to him, and the fellow that gets into trouble is the man who accommodates an Indian by going into a saloon and buying a little booze for him. For this reason a number of secret service operatives, Indian agents and Indian police will be here to assist the local authorities in keeping booze away from Indian witnesses and in punishing those who violate the whiskey to Indians law.

The minimum penalty for giving or selling liquor to an Indian is six days in the county jail and \$100 fine.

## M'COMBS' REFUSES GOTHAM CHAIRMANSHIP

NEW YORK, Oct. 5.—William F. McCombs, chairman of the democratic national committee, said today that he had not definitely declined Governor Glynn's request to take the chairmanship of the democratic state committee but had told the governor that he would prefer not to accept the position.

Mr. McCombs' action was approved today by President Wilson. The president gave out the following formal statement: "In my judgment, Mr. McCombs has done the right thing. It would not be wise for the national chairman to withdraw his attention from the national campaign to conduct the campaign in a single state."

## STATE OF SIEGE LIKELY; ROTTERDAM

PARIS, Oct. 5, 7:16 a. m.—The Figaro says France has protested to Holland that German merchants are using their flag to carry contraband, and that Holland, after investigation, announced that the complaints were justified.

## RUSSIANS CAPTURE HEIGHTS AT PRZEMYSL

LONDON, Oct. 5, 8:05 a. m.—A dispatch from Petrograd to the Central News states that a member of the Russian duma, who has just returned from Galicia, declares that the Russians captured the heights between four and five miles from Przemyśl and that the Austrians have several times vainly attempted to retake them.

ONE OF THE FUNNY SCENES FROM "KITTY MAC KAY," WHICH WILL BE SEEN AT THE PAGE THEATRE, WEDNESDAY EVE., OCT. 7.

# KITTY MACKAY HERE WEDNESDAY AT PAGE THEATRE

Local theatergoers will be delighted to hear that arrangements have been made for "Kitty MacKay," New York's greatest success of last season, to stop off here for a brief visit on her long trans-continental journey. Owing to an unexpected change in the theatrical map, William Elliott, the producing manager, is able to send this company into the western territory direct from the Comedy theater, New York, where the play has been on view for more than one year.

So great has been the demand of theatergoers for a visit of this clever lassie that three other companies have been organized to present "Kitty" throughout the east and middle west.

"Kitty's" popularity was assured from the time she set foot on the stage of the Comedy theater, columns of praise have been written about her and her thousands of friends have gone forth from the metropolis to sing her praise throughout the land. "Kitty" is a Scotch lassie, quite different from any heretofore seen on the stage, and her triumphs and tribulations in London are said to be so funny that they have to be seen to be enjoyed.

The same company that appeared in New York will be seen here and is composed of such well-known players as Marjorie Murray, Paget Hunter, Wainlee Erskine, Eleanor Daniels, Rube Pyott, Marie Stuart, James Finlayson and others.

## LADIES! SECRET TO DARKEN GRAY HAIR

Bring back color, gloss and thickness with Grandma's recipe of Sage and Sulphur.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of fuss.

While wispy, gray, faded hair is not awful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

## LOWER KLAMATH LAKE IS BEING RECLAIMED

When the headgates across the straits, through which water from Klamath river runs into Lower Klamath Lake, are closed today the first definite steps towards what may result in the drainage of thousands of acres of land around the lake will be taken. Closing of the headgates will shut off any water from running into the lake and it will have to run down Klamath river to the ocean.

The straits will be closed all winter to prevent the water level of Lower Klamath lake from rising and, if before irrigation time next spring, arrangements whereby the Van Brimmer people can get water from some other source than White lake is made, the headgates will never be opened again. As a result Lower Klamath lake will gradually be lowered by evaporation which will result in the reclamation of over 50,000 acres of valuable swamp land, Klamath Northwestern.

## MINING ENGINEER FOUND DEAD AT GRANTS PASS

GRANTS PASS, Oct. 5.—S. B. Edwards, aged 59, a mining engineer who for the past year has made his home at the Oxford hotel in this city, was found dead in his room at the hotel late Saturday afternoon. Mr. Edwards had retired to his room at about 1 o'clock Saturday morning, apparently in his usual health and spirits. Often, however, he remained in his room late in the day, and nothing was thought of it when he did not appear early. Several calls came for him by phone, and as he failed to reply to the bell, Landlord Dunlap went to the room at about 5 o'clock and found him dead in the bed. The coroner was summoned and a jury empaneled, the jury consisting of M. J. Anderson, C. Mattison, Arthur Dunn, Roy Jordan, A. Barnes and George S. Calhoun. The verdict was that death was due to heart failure, and that Mr. Edwards had been dead for several hours.

## BAD COLD? TAKE CASCARETS FOR BOWELS TONIGHT

Get a 10-cent box. Sick headache, biliousness, coated tongue, head and nose clogged up with a cold—always trace this to torpid liver; delayed, fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep—a 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months.—Adv.

## TRAVEL RECORDS TO CRATER LAKE BROKEN

Will G. Steel, superintendent of the Crater Lake National Park, states that all records for attendance at the lake have been broken in the season of 1914. In 1913 the travel to September 27 totaled 5826 people and in 1914 the total September 27, was 6947. During the season of 1913 only 760 automobiles visited the park and this year up to September 27, 1252 had visited the park.

The figures on the entire season have not been compiled and with the present good weather trips to the lake are still being made. The total travel in 1913 for the entire season amounted to 6253, the total this year promises to be at least 7000.

## TWO FEET OF SNOW IN ALBERTA DISTRICT

MAC LEOD, Alta., Oct. 5.—The heaviest snow storm ever experienced in this district at this time of year was in progress today. More than two feet of snow had fallen this afternoon.

## You Get the Best There is when you smoke Gov. Johnston cigars and patronize home industries

## STRAY BULLET STRIKES AMERICAN SOLDIER

NACO, Arizona, Oct. 5.—Private Wilson, Tenth United States cavalry wounded by a stray Mexican bullet yesterday was taken to Fort Huachuca today. His injury is said to be slight.

Mexican agents on this side of the line reported today that J. E. A. Campbell, one of General Hill's officers, made a sortie last night with a small detachment, and captured 25 of Maytorena's Yaqui Indians. All the Indians were shot.

## AMERICANS WANT TO STAY IN GERMANY

LONDON, Oct. 5, 2:57 p. m.—Julius Lay, American consul general at Berlin, has advised the United States embassy at London that he finds difficulty in persuading Americans that it is advisable to leave Germany as they prefer to remain.

About ten Americans on an average arrange daily now through the American relief committee to leave Berlin. The London committee has each day only about twenty applicants for assistance. Most of them are from Germany.

## FAMOUS POCKET HUNTER CROSSES GREAT DIVIDE

Elisha Ray, best known of the elder prospector and argonauts of Gold Hill, passed away at his home in this city Wednesday morning, death occurring at an early hour. Throughout the past year Mr. Ray had been gradually declining and for some months past had been confined to his bed.

Until several years ago he was actively engaged in his profession of mining, and was counted by many to be the most expert pocket hunter in all southern Oregon. Many finds of large value are credited to him, and it was his greatest trial to be no longer able to continue the work which led him to the hills.

Elisha Ray was born on August 5, 1845, near Prairie du Chien, Wis. At the age of three he moved with his parents to Clayton county, Iowa, where they resided until 1870. They then moved to Republic county, Kansas.

On Christmas day, 1871, he was married to Miss Sarah Bodine, and in 1878 moved to Washington, where they resided until 1883. In that year they came to Jackson county, where the family has since resided.

He is survived by his wife and four children, I. W. Ray, H. A. Ray, Mrs. E. A. Van Slyke and Mrs. J. B. Stebbins.—Gold Hill News.

# EVEN CROSS, SICK CHILDREN LOVE SYRUP OF FIGS

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach-ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeiters sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.—Adv.

# MUSIC

In All Branches and Elocution

PROF. H. ISAACS  
Will teach theory, definition, analysis, reading, conducting, harmony, teachers' training, preparatory course for music college, advance work for last year's students, voice placing, breathing, articulation, interpretation and expression.

Elocution and the necessary physical exercises for the free and flexible use of the whole body in singing and speaking. Boys' and girls' class enrolled Saturday, October 10, 10 a. m.

Private students enrolled Saturday, October 10, 11 a. m. Auditorium, Baptist church building, corner North Central and Fifth street.

The large room and platform is ideal for all vocal work. Home circle classes, also private lessons in students' homes can be engaged. See instructor or drop card, General Delivery, Medford, Ore.
