WHAT William Hanley Says in His Platform.
I AM a candidate for the office of United States Senator because a great many people thought I ought to be. I was born in Oregon and have lived here all my life. Extracts from my platform:

MINING.
Mining should receive the same encouragement that agriculture is receiving. Geological stations should be established in Eastern and Southern Oregon at least.
TOPOGRAPHICAL SURVEY
Regardless of what the state puts up for the purpose, the general Government should complete the topographical surveys as speedily as possible. These maps are necessary for road building, canal construction and an infinite number of purposes.

SUFFRAGE.
I have always favored equal suffrage. I favor National equal suffrage. A woman has the right to say into what sort of a world her children shall be born.
PROHIBITION.
I favor the strictest regulation, backed up by educated public opinion. I do not favor prohibition. I believe it does not prohibit; it promotes hypocrisy and invades for a few the personal liberty of all. I think personal freedom the greatest force there is, constructive of character.
WILLIAM HANLEY.
