

A Story of Hard Times In Medford

WHAT HAPPENED TO A LIVE WIRE IN THE ROGUE RIVER VALLEY

This is the store we started three years ago in the old Britt-Williams building in Grants Pass, with what we saved from five weeks' wages.

This is the store we moved into two months later at 312 South Sixth street, Grants Pass, Ore.

This is the store we started in Medford two months later, after selling out in the Pass.

This is the store we had built for us one year later, and part of our present big store.
