ASHLAND AND VICINITY

The duck shooting expedition to Klamath is off. At the last moment the majority of the hunters got cold feet, leaving only W. H. Beebe, Lloyd Mullit and Joe Hurt on the active list. As a result, Charley Johnson left for Portland Monday and Mullit left Wednesday in disgust for San Francisco. It is hoped this item is no canard.

Stockholders of the Ashland Ice & Storage Co. met Wednesday and elected the following board of directors: F. M. Calkins, of Medford; G. S. Butler, T. H. Simpson, H. L. Whitted and J. G. The auto ran into a band of sheep on the highway, with fatal results, Mrs. Taylor being instantly killed and her husband seriously injured. Funeral services were scheduled to take place at the home of the parents of the deceased, Mr. and Mrs. W. A. Patrick, on Almond street, Wednesday afternoon. Interment in Hargadine cemetery. Dr. Withycombe arrived here from Klamath Falls, Tuesday afternoon as per schedule, and gave a brief resume of republican policies at the evening meeting. He deprecated political methods in certain lines, and upheld the direct primary and other measures when legitimately applied. He was introduced by G. F. Billings. Mrs. Louise Perotti, in behalf of the ladies of Ashland, announced a public reception for Dr. Withycombe at the Vining Theater Wednesday afternoon. Although there were no musical accompaniments to the speech in a classical sense, there was a terrific din in the way of a pot-pourri of unpopular airs on the steam pipes connected with the heating apparatus that made the acoustic properties of the Armory even more wretched than ever before.

J. P. Dodge and his son Bill are busily engaged in making extensive improvements on their ranch property east of town. The tract embraces an even 100 acres, the flower of the old Kingsbury homestead, located on Hill creek. It is being devoted to stock and diversified agriculture under lease. It is on this place that the leading mineral spring well was sunk among the group which will gurgle forth to furnish the pipe line supply. The well is over 100 feet deep and is a gusher.

Daniel Tilton, of Irving, Ore., father of Dr. C. F. Tilton, surgeon-dentist, arrived Tuesday, and will remain with his son's family here during the winter. E. E. Hagley has got lice, also his near neighbor, Frank Moore. It happened in this way, the former has a lot of pet bantam chickens which haven't been sprayed with the right dope. The result is they have got the mange, scurf and mites to such an extent that the entire neighborhood has become affected. There has been some lively scratching even outside of that particular locality, and it is not being done entirely by chickens either. As yet the disturbance is sporadic and confined to Gresham and Vista streets. In the meantime these two neighbors have been quarantined against each other until the matter has been investigated by the board of health.

Candidates are increasing, especially for positions in the municipal service. For recorder the name of D. D. Norris is being mentioned. He is the bookkeeper at the Fruit & Produce headquarters. For the same office the name of Leo J. Trefen is not only being mentioned, but Leo comes out frankly and says he is a candidate and desires his friends to know it. He is a young attorney occupying offices with his father, G. W. Trefen, an old-time attorney of record in these parts.

Ed Hughes left Wednesday with his family and household goods to occupy the Dunn ranch of 340 acres, near Holland, in Josephine county, which he will convert into a stock and dairy proposition. His location is 40 miles from the Southern Pacific, but only 29 miles, as Joe Knowles flies, from Wilderville, the terminal on the Grants Pass and Crescent City air line.

The Grange poverty social was indeed a pleasure from early till the late hours. The old time games such as "Farmer in the Dell," "London Bridge is Falling Down," and "Musical Numbers" brought back our childhood days and the old songs lent merriment to the occasion. We even had the grind organist among our poverty struck group but the only thing that was not poor was the pumpkin pies and the good old liquid night.

C. P. H. S. Rah! Rah! C. P. H. S. Rah! Rah! The high school rally in Central Point was indeed the greatest success ever held in the little city even the weather was clear and the moon came up in time for the good program. However, the Freshmen's bonfire made the moon look pale. We will put the Freshmen first because we have a soft spot for the president of the class, Mr. Everett McKee, who is from our own district. His speech was not as long as the senior but it was indeed given in a most emphatic manner and directly to the point. We will skip the classes between not because they did not deserve honorable mention, but because the senior president, Miss Helen Parker, is a representative from Willow Springs. Miss Parker shows marked ability for a literary career.
