CHILDREN HATE PILLS, CALOMEL AND CASTOR OIL

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them. With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them. If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeiters sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.—Adv.

"Foot Sick--sick all over"---

There's more truth than poetry in that quotation, as those sufferers from tired, aching feet will testify.

Our panacea for foot ills is simple remedy of comfortable shoes, and we can supply them.

Our method of fitting is somewhat different than most stores. We study the foot and give you shoes that will conform with every requirement.

We take time to fit your feet right—your comfort has our first consideration.

And comfortable shoes need not be large and clumsy looking—on the contrary, they be in the latest style last, and pleasing to the eye. If you have sick feet, we'd like to meet you.

A Showing Far Above the Ordinary in Beautiful Fall Wearing Apparel

Our Store

First of all—a reliable store, so far as care and effort can achieve it, not alone in merchandise, but in all other matters; in our advertising, of course.

Next to that, a store of good values. Not a "bargain store" in the ordinary use of that word, but a store in which a little money will go as far as it can go anywhere else—perhaps further.

Third, a store of courtesy—a courtesy that is something more than mouth-deep—a courtesy that is due to all visitors, whether customers or not, whether large purchasers or small purchasers, whether apparently rich or apparently poor, whether or not themselves courteous.

Fourth, a progressive store, eager to learn, quick to apply, constant in its desire to improve.

All this has, of course, been said before. It is really a vague word-picture of the ideal of every merchant. Like most ideals, it is far easier to express than to achieve. What we have said in a paragraph or two we have spent the larger part of our lives in trying to attain.

But, though we fall short of perfection, we shall continue to struggle for it and to grow toward it. Reliability, good values, courtesy and progressiveness are not mere words to us. They are deep-rooted principles, and we found our business upon them.

Always something new, a little different to show you. Drop in on your next trip down town. You will find it pleasant to stop here.
