JIM GEORGE JURY FAILED TO AGREE

The jury in the federal court hearing the case of Jim George accused of the murder of Peter Brown last March failed to agree after 20 hours deliberation, and were discharged this morning at 9 o'clock by Judge Woolverton, who left this morning to attend the sessions of the federal court of appeals in San Francisco. George, the defendant manifested no disappointment at the turn of events, and slept soundly all night in the city jail.

Seven of the jury stood for conviction in the first degree, and five for acquittal. They were Fred Pelouze, C. E. Terrell, J. S. Dysert, A. H. Miller and F. W. Shapleigh. The vote also stood at one time 11 to one for conviction of second degree murder, and at other times 8 to 4. The evidence was all circumstantial. A new trial of this case will be called, probably in the city, the latter part of November.

and clean and the inmates comfortably and well kept, we would suggest that an entrance be made to the woman's department so that they might have access to same without being compelled to pass through the men's wards.

County Offices Inspected We have examined all the county offices and find them well kept and the employees of the various offices as efficient, affable and courteous to the public as the circumstances of their more or less cramped quarters will permit.

Pacific Highway We have investigated so far as is practical at this time the expenditures for a permanent Pacific highway through the county, and find that the work now contemplated an expenditure of \$342,000, will complete the road from Central Point to the Farnham hill, near Ashland and will cover the total expense of grading the new route over the Siskiyou mountains. This will leave available a sufficient sum to complete the hard surface route to Gold Hill out of the present bond issue, while these figures are merely approximate, the general total will not be greatly varied, as shown by the engineer's report. The county authorities are endeavoring to have the hard surfacing over the Siskiyou mountains taken care of by the state, the same constituting a gateway to Oregon, should as we view the matter, be completed by the state, Jackson county having now done her fair portion of the work.

Very respectfully submitted, SYLVESTER PATTERSON, Foreman.

URIC ACID IN MEAT CLOGS THE KIDNEYS

Take a glass of Sals if your back hurts or Elud is bothers you—Drink more water.

If you must have your meat every day eat it, but flush your kidneys with salt occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaker, then you suffer with a dull misery in the kidney region, sharp pains in the back or side, headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush out the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weaknesses.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

MEXICANS FAVOR WITHDRAWAL PLAN

WASHINGTON, Oct. 21.—The Mexican national convention at Aguas Calientes has approved the arrangement made by American Consul Silliman and General Aguilar for withdrawing American forces from Vera Cruz. General Carranza is expected to issue a proclamation giving guarantees to citizens of Vera Cruz, who have served the United States.

The convention granted all the requests made by the American government prerequisite to the withdrawal of the troops. The United States asked that customs duties collected during the American occupation, as well as local taxes should not be re-imposed and that all Mexicans who had served the United States in a civil capacity and all clericals should be given protection.

The American government, it is understood, however, will not order withdrawal of the troops or ships until General Carranza has formally issued his proclamation.

SAGE TEA DARKENS HAIR TO ANY SHADE

Don't stay gray! Here's a simple recipe that anybody can apply with a hair brush.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and abundant. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," you will get this famous old recipe which can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, feverish, itchy scalp and falling hair. A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two, it becomes beautifully dark, glossy, soft and abundant.
