REGISTRATION TO TOTAL 11,500. Tabulation of the registration for Jackson county by the county clerk's office will be completed by Monday of next week. In the checking up of the voters, it has been discovered that in other cases the law has not been complied with, necessitating the return of the registrations for correction. Since the close of the registration book last Saturday over 2000 names have been received. A force is kept at work checking up the returns night and day. According to the county clerk's office estimate there will be between 11,000 and 11,500 voters. Last year Clerk Gardner missed the registered vote 1500, and warns the public not to put too much faith in his prediction. This total will be cut down by the double registrations. The demonstration reached its height before the embassies of the allied nations where the cheering crowds were greeted by the diplomats. MRS. BEIDEL TELLS WOMEN How Lydia E.
