**SCHOOL SURVEY EXPLAINED TONIGHT**

Why is a school survey valuable? What is accomplished by it? How is a survey obtained. These and many other questions Mr. Briscoe of Ashland will answer at the joint parents and teachers meeting Friday evening at 8 o'clock at the Presbyterian church. Mr. Briscoe is well qualified to speak on this subject because he speaks from experience. Ashland has had a school survey. Mr. Briscoe will tell how they did it and what it has done for them. Everyone interested in wide awake, practical—not visionary—ideas relating to public school problems is urged to come. It is the "get together" spirit that is helpful.

**JURY TRIALS BEGIN AT JACKSONVILLE MONDAY**

The petit jury of the circuit court for the October term will convene at Jacksonville next Monday, October 26, at 9 o'clock, with ten criminal cases to be heard. Judge F. M. Calkins will preside.

Two cases of especial interest are those of Major W. J. Canton, charged with a black crime, and Mrs. Fannie McNulty, charged with forgery. Alibis are offered in both cases, and upon these points the legal battle will be waged. The other criminal cases embrace larceny and the perjury charges against A. B. Saling, Edward Heffler and Ray Toft.

**CHAMBERLAIN GETS OVATION IN COUNTY**

Senator George E. Chamberlain received an ovation at Gold Hill Thursday afternoon, being welcomed by the brass band and a crowd of over 600. He spoke at Grout's Pass in the evening.

Thursday morning the senator shook hands with the people of Jacksonville and Central Point. A crowd of a hundred waylaid him at Willow Springs school house and he made a brief speech, being introduced by Col. Mims.

Indications are that Senator Chamberlain will secure a record vote in Jacksonville county. His re-election is regarded as certain.

BRITISH MONITORS EFFECTIVE AGAINST GERMAN FORCES

PARIS, Oct. 23.—The struggle on the lengthened line extending into Belgium, now called the battle of Flanders, gave rise to an engagement along the coast near the birthplace of Jules Verne, which aircraft and submarines participated, resulting for the first time, in the same encounter, the dreams of the great Frenchman.

The British monitors off shore did great execution in the German trenches, among those reported killed being General Von Tripp and his staff. While the allies' airmen cleverly directed the fire of the marine guns, the German submarines lying in wait attacked the monitors, but without result, because the latter were so far in shore.

Here the critics say the attempt of the Germans to turn the allies' left and return to the French coast has been defeated and the Germans have again been forced to resort to frontal attacks.

The gains made by the allies on the road to Metz, it is thought, must draw the attention of the Germans seriously to a quarter where they are menaced, not only from the direction of Verdun, but by the renewed successes of the French on the eastern slope of the Vosges.

News from Bordeaux today indicates that parliament is not to be called to meet there, but in Paris. Employees of both the chamber and the senate have been notified that they may return to Paris at the end of this month.

**RUSSIAN ARMY TO PRESS ON TO BERLIN**

LONDON, Oct. 23, 2:06 a. m.—"The latest Russian success cannot be described as a decisive blow, but it may easily prove to be the turning point in the hostilities," the Petrograd correspondent of the Daily Telegraph says. "It is clear that the German advance toward the Vistula coincided with the virtual completion of the Russian preparations for carrying the war definitely into the enemy's country."

"By pursuing the retreating Germans, the Russians will be merely following up a local success but taking the first step in the execution of a pre-arranged plan for which the necessary degree of preparedness has only recently been attained."

"The participation of Siberian troops in the operations shows that Russia has concentrated at the front her best forces from the most distant portions of the empire and it may now be expected that operations will take the form of a steady Russian advance right along the line to Berlin."

**TEUTONS' RIGHT WING SHOWS TO ADVANTAGE**

BERLIN, by way of The Hague and London, Oct. 23, 2:42 a. m.—While the German armies on the west wing are slowly pushing forward against the strongest opposition in the region between Lille and the channel in a campaign to straight out the flank which, in the earlier stages of the struggle was bent back almost to the Belgian frontier in order to cover the communications with the home land, the situation to the eastward on the fortress line of Verdun, Toul and Belfort has changed but little since the end of September.

A report received directly from that region by the Associated Press shows that the German armies between Verdun and Toul still retain a foothold on the west bank of the Meuse, before St. Mihiel, despite the repeated efforts of the French to eject them. The Germans apparently are content to hold the positions gained pending the inauguration of an artillery attack against Verdun.

FIGHT RAGING IN AIR, SEA AND LAND ON BELGIAN COAST

LONDON, Oct. 23, 10:25 a. m.—Vessels from the French navy, having crept around the coast, were today standing by the British monitors which are hurling shells landward between Ostend and Nieuport on the Belgian coast in continuation of the fire between Germany and the allies for the possession of the North Sea and Channel ports.

For the first time since the war began aircraft and warships are simultaneously in the movements of land forces; thus the struggle is being waged in the air, on the sea and on the land, at the same time.

The Germans are hurrying forward fresh troops and heavy guns, the latter to make reply to the damaging fire from the ship, and although they have been pushed back at certain points, they appear to be holding their line between the sea and La Bassée without, however, making noteworthy progress.

The fight, so far as Belgium is concerned, has now resolved itself into a terrific artillery duel, in which it is claimed that the allies, by reason of their long range guns, have had the advantage. The muddy roads and the network of canals doubtless have hindered the invaders in getting their guns of equal or greater range into position.

**LILLE AFLAME AND RUINS: FALL INTO GERMAN HANDS**

LONDON, Oct. 23, 2:36 a. m.—"Lille is a mass of ruins and ashes," says the Daily Telegraph's Boulogne correspondent, who left that city Wednesday. "On Monday eve numbers of Germans entered the town. The bombardment ceased, but distant firing still was heard south of the town until one o'clock in the morning."

"About midnight the news was given out that the white flag had been hoisted on the town hall, but at 2 o'clock the firing recommenced and

**SALTS IS FINE FOR KIDNEYS, QUIT MEAT**

Flush the Kidneys at once when Back Hurts or Bladder bothers—Meat forms uric acid.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

continued for over three hours. Evidently the French were making a last attempt on the border, unfortunately without success.

"Later military music was heard. The Germans entered the town to the tune of the life and drum. The troops were very gay and smoked big black cigars as they marched along."

"Meanwhile aeroplanes flying the German flag few ahead of the columns announcing to the city its occupation by the Germans. At daybreak the inhabitants began to leave, for the most part fleeing toward Roubaix. Those who traveled to Boulogne heard reports later that the Germans the next day commenced withdrawing from Lille."

**IN FIVE MINUTES NO SICK STOMACH, INDIGESTION, GAS**

If what you just ate is souring on your stomach or lies like a lump of lead, refusing to digest, or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can surely get relief in five minutes.

Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diaprepin, then you will understand why dyspeptic troubles of all kinds must go, and why it relieves, sour, out-of-order stomachs or indigestion in five minutes. "Pape's Diaprepin" is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

This city will have many "Pape's Diaprepin" cranks, as some people will call them, but you will be enthusiastic about this splendid stomach preparation, too, if you ever take it for indigestion, gases, heartburn, sourness, dyspepsia, or any stomach misery.

Get some now, this minute, and rid yourself of stomach misery and indigestion in five minutes.—Adv.
