Captain Artemus W. Deane of Company Seven, C. A. C., has filed his resignation as head of the military organization, and the same has been accepted. Pressure of business is given by the retiring officer as the reason for his retirement. Captain R. W. Collins, inspector of the United States army, is in the city, making arrangements for the retirement of Captain Deane and the turning over of the equipment.

A successor to Captain Deane will be named by the company in the next two or three weeks, it being elective with the company. Among those in line for the office are Elmer Foss and R. N. Foster.

Captain Deane was instrumental in securing Company Seven in this city, and made it one of the leading companies of the state.

FIGHTING RENEWED ON EAST PRUSSIAN FRONT

PETROGRAD, Oct. 28.—The following communication from the Russian general staff was issued here this evening:

"Fighting has begun on the front in East Prussia. We have repulsed fierce German attacks in the region of Bakalarzewo. We took at Gombin on the left bank of the Vistula, a convoy of prisoners.

"The battle front October 26 extended from Koutno through Tezow, Rawa, Nowemiesto, Balobrzegi and Glowaczew to the mouth of the Ilanka.

"Among the German troops there were many new recruits.

"The fighting was especially fierce around Tezow and Rawa, where we captured positions of the enemy.

"We won a victory that was essential toward Novo Alexandria and Zwollen. The enemy there is in retreat. We took about fifty officers and three thousand men, several machine guns and eight cannon.

"South of Zalec our troops, after crossing the Vistula took eight officers and three hundred men and some machine guns.

"Around Przenyasl we have advanced as far on the railway as Staremiaslo and Turka."

REBELLION BREAKS OUT

(Continued from page 1.)

ing held in check, but the fiercest fighting continues with the Germans delivering hard blows on the line between Dixnaude and Ypres. Following their failure to make progress between Dixnaude and the coast, British naval guns, it is said, have resumed their bombardment along the coast and colossal German losses are reported. The Belgians, London newspaper men admit, have suffered terribly, but of the losses of the French and English no mention is made.

Prince of Bavaria Leads

The crown prince of Bavaria is said now to be in command of the German forces on the Ypres, and it is reported that he has been wounded.

The weather promises soon to play an important part in the campaign in the eastern arena of the war. The rigorous Russian winter is said already to have set in between Moscow and Warsaw, and snow covers the ground near Minsk.

The Russians claim they are following up relentlessly and successfully the repulse of the Germans from Warsaw.

ROME, Oct. 27.—Earthquake shocks in northern Italy have been very extended during the last twenty-four hours. Seismic disturbances of more or less severity have been felt in Turin, Genoa, Florence, Leghorn, Pisa, Lucia, Bologna and Venice. In addition to many of the smaller towns.

DARKEN GRAY HAIR, LOOK YOUNG, PRETTY

Grandma's recipe of Sage Tea and Sulphur darkens so naturally that nobody can tell.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wytch's Sage and Sulphur Hair Remedy," you will get a large bottle of this famous old recipe for about 60 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy.

JURY STILL OUT IN TOFT PREJURY CASE

The jury in the trial of Ray Toft before the circuit court, well known money lender, accused of perjury, in connection with a police case of receiving stolen goods, was given to the jury this morning at 9:30, and up to 2:30 this afternoon had failed to reach a verdict. It looked like a hung jury.

Character witnesses were introduced by the defense, including W. J. Yawter of the Jackson County Bank, and other merchants of this city. Medford police officers testified regarding the transaction in which Toft is alleged to have committed perjury. The trials of A. B. Saling and Edward Heffler, indicted on the same charge, will be taken up tomorrow.

EVERY CITIZEN A LEGISLATOR

If you were a member of the legislature, how many of the vicious, business destroying bills that are now on the ballot, would you vote for? We are all legislators in Oregon, and as citizens voting to make laws, we are under just as much obligation to use good judgment in voting for measures on the ballot, as we would be if we were in the legislature. When a man goes into the booth November 3rd to cast his vote on these initiative bills, he should be just as conscientious, careful and thoughtful of the public welfare as he would be if he were a member of the legislature and the same bills came up there to be acted upon.

Where you don't know that a proposed law will benefit the state as a whole, the only safe thing to do is to vote "NO."

security everywhere is guaranteed. He says that their return will induce the Belgian refugees to seek their homes again and thus assist in the resumption of normal life and put an end to the thieving which is going on.

The cardinal adds that the German governor of Antwerp has authorized him to declare that the young men need have no fear of being taken prisoners into Germany either to be enrolled in the army or employed at forced labor; that the general population will not be held responsible for individual infringements of the police regulations and that both German and Belgian authorities will take all possible steps to procure food supplies for the people.

HEAVY MEAT EATERS HAVE SLOW KIDNEYS

Eat less meat if you feel Backachy or have bladder trouble—Take glass of Salts.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

Save Industrial Oregon

The one way to protect the future manufacturing and industrial development of Oregon is to vote against the vicious measures known as the "Water Front" bills, numbers 328 and 350 on the ballot. They are a direct attack on the prosperity of every man, woman and child in Oregon; and ought to be beaten.

These measures are not only a vicious thrust at Oregon's progress, but they are a veiled attack upon the public school system of the state, in that they will, if passed, deprive it of large sums of money every year.

VOTE "NO" 328 and "NO" 331.

JUDGE WM. GALLOWAY
Candidate of the Democratic Party for Justice of the Supreme Court
Now Judge of the Third Judicial District

In 1904 Judge Galloway was one of the Democratic nominees for Circuit Judge of the Third Judicial District, comprising Linn, Marion, Polk, Tillamook and Yamhill counties—all strongly Republican. He was elected, carrying four of the five counties. In 1910, as a candidate for re-election, he made no other campaign than that of his record in office. The result was that he received the highest vote of any of the four candidates, carried decisively every one of the five counties, overcame a Republican plurality of at least 6500 and was elected with more than 1900 votes to spare.

Typical Statements of Those Who Know Him

The late Ex-Governor Wm. P. Lord, himself for many years an able member of the Oregon Supreme Court, wrote to Judge Galloway at the time of his candidacy for the Circuit Judgeship:

"I have no hesitancy in saying that years of acquaintance with you has given me some knowledge of your strong common sense, sound judgment and fidelity to public duty; and that your high regard for judicial duty and justice is an assurance that if you are elected to the circuit judgeship, you will regard it as a nest of honor and cautiously and safely guard the rights and interests of litigants, and conserve to the best of your ability the public interest."

Judge A. S. Bennett, the well known lawyer of The Dalles, has recently written:

"I have known Judge Galloway intimately for more than forty years and have never found a better man. In both private and public life he is above suspicion or reproach. In his home, as a husband and father, he is ideal. Truthfully he has it in his mind to be a candidate for re-election. He has in more than one instance in the past shown that he has the courage of his convictions in difficult positions and that he has made a record for honesty and courage. He always does his duty, as he sees it, regardless of consequences, and is absolutely invulnerable to 'pressure' or 'influence.' He has a fine legal education and is very familiar with legal principles and the administration of justice generally. His courtesy and kindly disposition are well known. He would make an ideal Supreme Judge."

The Daily Capital Journal, of Salem, speaking editorially in a recent issue, says:

"Judge William Galloway will be in the race for Justice of the Supreme Court when the votes are counted on November 3. A pioneer of the state, he has a host of friends all over Oregon who have faith in his personal integrity, as well as his ability as a jurist, and they are doing his campaigning for him, and, if reports may be credited, effectively, too. A strong point in his favor is that a majority of the voters of all parties honestly believe that the supreme bench should be non-partisan, and his candidacy will give them an opportunity to express this opinion at the polls. Viewing the situation from an unbiased standpoint, it would look as if Judge Galloway might be promoted from the district court, where he has served long and faithfully, to the higher position to which he aspires, and in doing so the people of Oregon will make no error of judgment."

The Albany Daily Democrat, of October 7, 1914, in an editorial under the heading "An Honest Judge," says:

"Judge William Galloway is a candidate for Justice of the Supreme Court. He has behind him a long record of faithful and efficient public service and it is upon this record that he appeals for support in the present campaign.

"It would be too much to claim for any jurist that his decisions are invariably upheld by the unanimous verdict of the public and the members of the legal profession. The Democrat makes no such claim for Judge Galloway. We do claim, however, that he has always been guided by a spirit of absolute fairness and strict impartiality. His legal mind has never been swayed by partisan prejudice or by popular clamor. He has attempted to perform his duty in complete harmony with the law and evidence. The Democrat has confidence in both the integrity and ability of Judge Galloway. We therefore feel that he is well worthy of support."

Judge Henry K. McGinn, of Portland, one of the ablest Circuit Judges of Oregon, in a letter of September 21, 1914, writes:

"I have known Hon. William Galloway for a great many years. In fact, I cannot say when I did not know him. He is a candidate for the high office of the highest integrity and courtesy. He is a candidate for the high office of the state will be served in the best possible way. Judge Galloway has all the qualifications for a good judge. Anyone who may take him for what I have here said will never regret it."
