

### RUSSIAN ENVOY WITHDRAWN FROM CONSTANTINOPLE

LONDON, Oct. 30, 1:07 p. m.—The Russian ambassador at Constantinople has been withdrawn, according to official announcement made here today, and in consequence of the Turkish attacks on Russian ports instructions have been sent Russian consuls in Turkey to leave the country.

PETROGRAD, via London, Oct. 30, 6:05 p. m.—In the highest official sources here it is stated that Russia views the action of Turkey in bombarding two unfortified Russian ports without a declaration of war as infinitely more important to England than to Russia on account of the English communications with India and her positions in Egypt. Although Russia, it is stated, now has a new war on her hands, her policy will not be one of general aggression against Turkey, but merely a defense of her own interests in the Black sea. It is pointed out that the allies had previously guaranteed the integrity of Turkey only if she remained neutral.

### MUGIA'S ATTACK CREATES SENSATION

MEXICO CITY, Oct. 30.—The attempt to assassinate General Francisco Villa made by Francisco I. Mugia on October 27, is the political sensation of the hour at the federal capital. Officers of Division General Pablo Gonzalez have telegraphed to

the Associated Press from their headquarters at the city of Leon, denying the charges that Mugia was employed by Gonzalez to kill Villa for a compensation of \$50,000. The officers declare this charge was made by the enemies of Gonzalez. Mugia was arrested in Mexico City some years ago on the alleged charge of conspiring to kill the consul of Argentina. He was convicted and served a long time in prison. George E. Roberts, of Fort Dodge, Iowa, director of the mint has resigned.
