GREAT CROWD OF BASEBALL FANS COMING

Baseball fans of the Rogue River valley from Ashland to Grants Pass will gather in Medford next Monday, November 2, to see the All-Star ball game between the stars of the American and National leagues. Next to the appearance last year of the world touring Giants and White Sox, this is the de luxe sport event in the history of the Rogue River valley. The weather does not look promising for the game, but the weather man has promised somewhere near decent conditions for the game.
The fans will probably have an opportunity of seeing Alexander, Tescreevan, Vaughn and Bill James on the pitching line. The managers of the leagues concerned are currying favor with the public since the invasion and inroads of the Federal league, and the sole purpose of the tour is to regain some of the lost favor. They are beginning to recognize that their attitude in the past has been against them. This assures a fast, clean contest Monday.
The game will be called at 1 o'clock and the two teams will arrive in Medford on the 10:52 southbound train. The stores will close from 1 to 3.

Only Dry Candidate For County Treasurer
(Paid Adv.)

concluded to address these few words to you.
The greatest plank of our platform—National Prohibition—has been endorsed by R. A. Booth, the republican candidate for United States senator. We cannot both be elected; if you believe that splitting the "Dry" vote that both will be defeated, then I ask you to place principle before party label, and mark your ballot so that a man pledged to our beloved principle will be elected to the United States senate.
From reports at hand from known friends, in different parts of the state there seems to be no hope of my election. I, therefore, ask you to consider well, what will be the best for ourselves, as the principle of our party is what we want to win, we should be as wise as our opponents and so mark our ballots as to get results.
If you therefore feel that you ought to vote for a man who indorses our "principle" even though he does not bear our party label—that the ends we seek may be hastened—I shall be glad to release you from voting for me.
So long as no candidate for office would assert himself as being in favor of this great principle, I felt that it was imperative for me to remain in the field as an active candidate, thus those who felt they could not vote only for a man who had declared himself on the right side of this question, would not be disfranchised.
As this is the greatest unsettled question now before the American people it behooves all the friends of this great cause, to vote only for friends of the cause—only for
