

WITHYCOMBE IS FAVORITE OF SALOON MEN

That the saloons of Oregon with few exceptions are opposing the election of Dr. Smith and campaigning for Dr. Withycombe, is shown by a poll of 50 Portland saloons, which showed the following:

Henry Meyers, corner Fremont and Union, corner Williams Ave. and Ivy, 729 Williams Ave., 166 Russel St., Withycombe; The Office Saloon, Burnside, Withycombe; Panama Saloon, Russell St. and Grand Ave., Withycombe; Tee Pee Saloon, corner Burnside and Grand Ave., Withycombe; Club Saloon, corner Burnside, Withycombe; Paul Zimmerman, proprietor, corner Morrison and Grand Ave., Withycombe; Penny Bros., E. ALL-STAR BASEBALL TEAMS HERE MONDAY

The All Star baseball team composed of National and American league stars, will arrive in Medford Monday morning at 11 o'clock, traveling in a special Pullman, with a baggage car to carry their paraphernalia. The game to have been played in Portland Monday with an all star Portland team, has been called off. Interest in the ball game in this city is vying in interest with the election, and a good crowd is assured. The only disturbing element is the weatherman.

It has not been decided yet who will pitch in this city, but it is probable that Bill James of Boston and Jeff Tesereau of New York will do the work, the line up remaining the same as posted and printed.

There will be a large delegation of fans from Ashland, Jacksonville, Phoenix, Talent and Gold Hill to see the game. Tickets are going fast.

BURGARS MAKE VISIT TO SHAPLEIGH STORE

The F. W. Shapleigh Hardware store on East Main street was entered some time Thursday night and robbed of two watches, twelve pearl-handled pocket knives and numerous other articles. Entrance was made possible by breaking through a rear door. The police have a good line on the thief and expect to make the arrest today. This is the first case of burglary in the city in months. It is not known just when the robbery occurred but is believed to have been between ten and twelve o'clock. The loss was discovered Friday.

ACQUITS WOODEN ON CHARGE OF BURGLARY

George Wooden who was under indictment for breaking and entering the Stag saloon on the 26th day of June, 1914, was acquitted by a jury in the circuit court Friday morning. The state was represented by Prosecuting Attorney E. E. Kelly while H. F. Mulkey appeared for Wooden. The jury was out some five hours.

The case of the State of Oregon against Pannis McNulty is on trial now, the defense being represented by Gus Newbury and H. F. Mulkey. This promises to be one of the hardest fought legal battles of the present term.

CARRANZA ASKS RIVALS TO QUIT ALONG WITH HIM

MEXICO CITY, Oct. 31.—The resignation of General Venustiano Carranza as provisional president and as first chief of the constitutional army, based on the condition that Generals Villa and Zapata retire to private life, was read to the peace convention at Aguas Calientes today.

In the document General Carranza even expressed a willingness to leave the country if his absence would tend toward the re-establishment of peace. The message caused a turmoil in the convention hall and at once time spectators tried to intervene and break up the meeting. Order finally was restored and business proceeded. What action, if any, was taken on the resignation was not known here this evening.

In demanding that Villa and Zapata retire, General Carranza said: "There is a greater ambition than that of being president of the republic, and that is to hold such military omnipotence as to permit one man to overrule all powers of union. The insistency of General Villa in keeping command of a division supposed to be all-powerful and at the same time pretending to re-establish at once constitutional order on the basis of the old regime is a clear indication that the dream of this chief is to constitute himself arbiter of the destinies of Mexico."

BOOST NORMAL AT BIG MEETING

That the women of Medford are alive to the importance of efficient common schools and that they realize that such efficiency is largely a matter of providing trained, competent teachers, was evidenced at a splendid rally held last evening at the Public Library under the joint auspices of the Greater Medford club, the Colony club, the College Women's club and the two Parent-Teacher associations.

The purpose of the gathering was to crystallize the interest very generally felt not only in Jackson county but throughout southern Oregon in behalf of the efforts to reopen southern Oregon's normal school at Ashland. A good program of rousing talks was given. It was pointed out that the common schools of Oregon employ about 6000 teachers and that about 1000 are new teachers each year. The one normal school at Monmouth graduates less than 100 per year. Where are the schools to obtain qualified teachers?

One normal school will not attract students from the entire state and will not be successful in furnishing the entire state a body of well trained teachers. A study of the situation throughout the United States shows that all normal school, college and university attendance is largely a local matter. For instance, the undergraduate attendance at such a university even as Harvard, comes from within fifty miles of Cambridge to the extent of more than 50 per cent of the total undergraduate attendance. Eighty-five per cent of the undergraduate attendance at Columbia university is from within fifty miles of Riverside park. A study of the situation for a large number of small colleges and normal schools, will show 50 to 75 per cent of the attendance from within thirty or forty miles of the institution. If Oregon maintains its present policy it is simply denying to the portions of the state that are one hundred miles

or more from the one normal school any consideration whatever in the matter of preparing well-qualified teachers for the public schools.

The status of the public schools of Oregon with nearly 6000 teachers employed with nearly 1500 new teachers required at every annual opening of the schools of the state was ably presented by the speakers. The single state normal school in operation now at Monmouth last year supplied approximately one hundred. It is doing well but is inadequate to supply teachers for the entire state for reasons well established from the exper-

ience of all the states, that people who care to equip themselves for teaching in the schools at an average wage of \$60.50 for one room schools and \$68.43 for teachers in graded schools will not travel far to attend normal schools, hence the necessity for the establishment of these schools in several sections of a state. Those having to do with the public schools realize the situation fully and the problem in hand is to arouse the voters to the importance of re-opening the two suspended state normal schools in Oregon and that the graded schools in southern Oregon and east-

ern Oregon may again have facilities for the training of teachers.

The means of getting the people interested next Tuesday in marking 312 X Yes and 316 X Yes was a feature of last night's meeting. It was agreed there was no opposition and that apathy would lose the most votes. One of the means suggested was that the teachers of the entire county on next Monday morning state the case to the children of all the schools and ask them to remind their parents and voters in their respective families to vote yes on these two measures.

Removal Notice

I have moved my blacksmith shop, formerly the Elliott shop, and combined it with my woodworking plant at 36 S. Riverside, one door north, and am better than ever prepared to do all kinds of wood, iron work and horse-shoeing in a workmanlike manner and at reasonable prices. Mr. Elliott is still in charge of the blacksmithing end and Mr. Billings is at the head of the woodworking department.

I have demonstrated time and again and am ready to demonstrate to you that I will save you money on making and repairing automobile and truck bodies and refilling and repairing wheels.

I can equip your car with demountable rims or foredoors at a less price than you can get it done in Portland, besides saving you expressage both ways, and also the loss of time and keeping the money at home, where you may see some of it again.

I make a specialty of rubber tire work, filing saws, grinding lawn mowers, knives, scissors and all kinds of edged tools.

I also make the Mitchell Orchard Ladder, the ladder of success, the best made. Try it and be convinced. Sold by all fruit associations and hardware stores. Yours for business,
