

Men and Women of Oregon Wake Up

OREGON PROSPERITY IS AT STAKE

Ten thousand men and women, working men of the state stretch out their arms in earnest, brotherly appeal in defense of their jobs, their homes.

Fifty thousand Hop Pickers ask you to earnestly think of the injury you might unconsciously do them.

Seven Hundred Hop Growers with thousands of acres at stake with six million annual income hanging in the balance and paying three million dollars in annual wages, ask you to do nothing to them you would not have them do to you---To apply the Golden Rule.

A foreign war that may last for years is already laying its blight of stagnation on our beloved state.

Don't Make Taxes Any Higher
Don't Create Worse Conditions of Poverty
Don't Create More Hunger

Be awfully careful that your emotions do not lead you to do greater injury to your fellow men and women whom you might think you were doing good.

Vote 333 X No Against Prohibition

(Paid Adv.)Tax Payers and Wage Earners League of Oregon.
