Climate Failed: Medicine Effective

Sufferers from Tuberculosis often think that medicine will not help them. Fresh air, regular habits and good food aid in restoring health, but more is often needed. Many have been restored to health by Eckman's Alternative. Read this—

Weldon, Ill. "Gentlemen—Through your instrumentality I have been saved from a premature grave. On December 14, 1904, I was taken with Typhoid Pneumonia, which developed into Tuberculosis (tactill) were found. In February, 1905, I went to Fort Worth, Texas, and later to Canon City, Colorado. After being there two weeks my physician informed me that my case was hopeless. Three weeks later I returned home, weighing 165 pounds, the doctor having given me no assurance of reaching there alive. On July 24, 1905, I began taking Eckman's wonderful remedy for Lung Trouble. Now I am stout and well and can do my kind of work about my grain elevator." (Addressed.)
