To obviate this they have fitted their cars with the device shown in the above picture. By this means the wire is forced above the heads of the occupants, who pass in safety.

LESS MEAT IF BACK AND KIDNEYS HURT. Take a glass of Salts to flush Kidneys if Bladder bothers you—Drink lots of water.

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in meat excites the kidneys, they become overworked, get sluggish; clog up and cause all sorts of distress, particularly backache and misery in the kidney region; rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you, get about four ounces of Jad Salts from any good pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts cannot injure anyone; makes a delightful effervescent lithia-water drink which millions of men and women take now and then to keep the kidneys and urinary organs clean, thus avoiding serious kidney disease.

THE suggestion that Japan send an army to Europe has not yet taken tangible form, but Tokio reports that the idea is attracting increasing attention and finds support in military circles.

Frank E. Vogel, Siegel's partner, was to have been tried with him, but Vogel died suddenly a few weeks ago.

Sprains, Bruises Stiff Muscles

Sloan's Liniment will save hours of suffering. For bruise or sprain it gives instant relief. It arrests inflammation and thus prevents more serious troubles developing. No need to rub it in—it acts at once, instantly relieving the pain, however severe it may be.

Charles Johnson, P. O. Box 102, Lawton, Okla., writes: "I sprained my ankle and dislocated my left hip by falling out of a third story window six months ago. I went on crutches for four months, then I started to use some of your Liniment, according to your directions, and I must say that it is helping me wonderfully. I throw my crutches away. Only used two bottles of your Liniment and now I am walking quite well with one cane. I never will be without Sloan's Liniment."
