

ASHLAND NORMAL BILL BEATEN BY HUGE MAJORITY

Fuller returns leave no doubt of the defeat of the Ashland Normal bill by a substantial majority, as well as the Weston Normal bill. The only counties giving the normal bill substantial majorities, as far as known, were Lane, 2509; Multnomah, 381; Klamath, 806; Josephine, 500; Jackson, 650.

Eastern Oregon, and Western Oregon voted solidly against the measure the moss-back counties voting as follows: Linn county, a majority against of 3788; Marion, 5430; Clackamas, 3747; Washington, 2384, and others in proportion.

Even Umatilla, where the Weston normal is located, returned a majority against the Ashland normal while giving a 1000 majority for its own school. Jackson on the other hand, voted almost as strongly for Weston as for Ashland.

PAIR OF SIXES AT PAGE TONIGHT

Probably one of the most important events in the local theatrical season will be the presentation in this city of H. H. France's "A Pair of Sixes," which New York has unanimously declared to be "the funniest farce in the world." The book is by Edward Peple, who has contributed already such successes as "The Prince Chap" and "The Little Rebel," and will appear at the Page November 9.

The chief motive of "A Pair of Sixes" concerns the ingenious scheme of a young woman who, figuratively, shows how a queen of hearts is better than a pair of sixes. All of which develops after two young men, partners in business unable to agree as to their respective importance to the firm, decide to separate—commercially. The lawyer for the firm is called in and he finds the conditions aggravated to the point where no amicable agreement can be made, so he proposes a hand of show-down poker. The winner shall be known as the master and operate the business for one year, unmolested by the other, who is, however, to be credited with his share of the profits.

The loser is to be known as the "man" and must serve the "master" in the capacity of servant for one year. They agree on the scheme and its details the lawyer puts it in legal form and when the hand is dealt a pair of sixes proves to be high. From this premise, the complications develop new and laughable situations for the ensuing two acts, in which the wife of one partner and the fiancée of the other take a hand in the affair, which eventually becomes more honestly involved by the office stenographer. As an added feature to the coterie of seemingly endless complications, the English housemaid becomes innocently entangled in an affair with the "servant" partner, and the family finally evolves into a divorce mill. To unravel these complicated mixtures, the clever young woman of the plot surprises the lawyer at his own game and re-establishes the young men in their office.

BUD ANDERSON TO FIGHT AGAIN

If there be any doubt about the allegation that "hope springs eternal in the human breast," Bud Anderson, late pride of Medford, is sufficient. He is going to fight again. This time the receipts will be out with the Astoria football team of Astoria, a decline from the time when he battled for \$5000 purses. The latest sad sten in the career of the "Pride" is told in the following clipping:

"Bud Anderson will fight his first match since his last operation which nearly resulted fatally, one week from next Monday night. Bud is matched with Billy Mack, an Astoria boy.

The pair will meet at Astoria on November 16 in a ten-round bout, the proceeds to go to the Astoria football team, after the purse has been deducted.

"Bud is in fairly good shape right now, but will start working out at the Mohawk club this afternoon and will leave on Saturday for Astoria. Bud considers he is in as sound condition as he was before he was laid low, and believes he will have no difficulty in winning from Mack."

It is the consensus of opinion in this city that a restraining order should be issued by the courts to prevent Bud Anderson from ever entering another ring.

WAR INDEMNITY KEEPS CITIZENS OF ANTWERP AWAY

ANTWERP, Nov. 9, via The Hague and London, 11 a. m.—The population of Antwerp, which fled the city at the time of the German occupation, is still unwilling to return. The German demand for a war indemnity of \$10,000,000 is frightening many into staying away.

German troops have been almost invisible in Antwerp since last Saturday. The town hall has no military guard before it. Within the building the German administrators and officials of the Belgian civil government work peacefully under the same roof.

The Antwerp police department is still under the command of its Belgian officers, but every policeman is obliged to salute all German officers who are returning the salutation.

One French and two Flemish newspapers have been allowed to reappear in Antwerp. All stores are compelled to accept the German mark at the valuation of one franc twenty-five centimes.

The immense quantities of flour and wheat of which the Germans became possessed when they occupied Antwerp are being moved to Louvain. Here these provisions are prepared for the use of the army and sent to the German front in Flanders.

If this removal of food supplies continues long at its present rate the people of Antwerp soon will face the same shortage in provisions that today is general in all other parts of Belgium.

SAGE AND SULPHUR DARKENS GRAY HAIR

Brush this through faded, lifeless locks and they become dark, glossy, youthful.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture by asking at any drug store for a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy," which darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. Besides, it takes off dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears; but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.

A FAMILY OF BELGIAN REFUGEES WHO FLED FROM THE GERMANS.

This picture shows a family of Belgian refugees at Roosendaal, Holland, with their entire worldly belongings, consisting of one wheelbarrow, one mattress, one bundle of clothes and two sheep. When Antwerp fell this family left their little farm and home near Escher-Fontaine, walking all the way to Roosendaal, a tramp of fourteen miles. They were without food or shelter for two days. A correspondent who witnessed the Belgians' flight from the Germans writes:—

"I have seen their suffering from the time they started on their long tramp until they arrived in Roosendaal. Without food and loaded with such clothing, blankets and other bits of wearing apparel as could be hastily gathered together before the Germans entered the town, they wearily trod along the rough muddy road toward Roosendaal.

RUCH SCHOLARS GIVE ENTERTAINMENT

The pupils of the Uniontown school and their teacher, Mrs. E. E. Sams, gave an entertainment at the Ruch hall last Saturday evening. The entertainment was over two hours in length and was considered a remarkable performance for a school of only 12 pupils. The stage was decorated with the school colors, pink and green and a school song and drill were given that was unusually original. All of the children and the teacher worked like Trojans for days before the performance and the parts were all well-played. Jessie Gardner's impersonation of a gossiping old woman was one of the most clever that has been seen outside of professional acting.

Ora Goldsby read a school prophecy that was on a par with many of the best high school writings of that kind and the performances of Topsy, the signing of Venita, the hospital surgery and the boys and the school orchestra were all highly enjoyed.

There was a very large audience present, some coming from Medford, Applegate, Provolt, Jacksonville and

HOMES BLAMED FOR YOUNG GIRLS GOING WRONG

KANSAS CITY, Mo., Nov. 9.—More girls go wrong because of home conditions than for any other reason, asserted Miss Margaret E. Luther, superintendent the Florence Crittenden home, New York City, in an address today before the International Purity Congress.

Miss Luther said that most of the girls with whom the courts have to deal with are not more than 18 years old.

"Statistics show that the larger number of girls who go wrong are not alone in the world," she said. "Nor are they all wage-earners. Girls come to us from all stations of life, and in most of the cases the minds are polluted in early childhood."

Stories of locked doors and barred windows in connection with white slavery are largely imaginary, according to Miss Luther.

"The men who live on commercialized vice are the men you see standing on the street corners," she continued. "Their victims are usually silly little girls they win by wiles, and the girl such a man can enslave soul, mind and body, is worse than any physical slave."

"A judge recently told me that 90 per cent of the men he had sentenced for white slavery were less than 22 years old."

EMDEN ESCAPES BRITISH WARSHIPS

LONDON, Nov. 9, 3:45 a. m.—A Sydney N. S. W., dispatch to the Evening News says that the skipper of the steamer Paton, arriving from Singapore, reports that after the German cruiser Emden's success in sinking the Russian and French warships at Penang, the German warship and two store ships were overtaken by British cruiser. The speedy Emden fled, but the British man-of-war sank one store ship and captured the other.
