### OREGON WHITE FIR A MUSICAL WOOD

J. M. Winters of Ross Lane, an expert violin maker, after extensive experiments with Oregon white fir, is of the opinion that it is highly valuable in the manufacture of the bodies of all string musical instruments. Heretofore all the wood used in the manufacture of violins, guitars, mandolins, etc., in this country has been shipped from Germany, bringing as high as \$3 a square foot. The war cut off this supply.

Mr. Winters has made a violin of the white fir, after treating the wood by drying, and says that the tone, sound effects, resiliency and appearance are equal to those produced by the German wood. The violin has been left unfinished, and arrangements will be made to have it played at the Page theater in the near future, to demonstrate its value, and placed on exhibition.

Mr. Winters has also sent some of the white fir away to Washington, D. C., and San Francisco for tests.

### HIGHWAY OPEN TO FARNAM HILL

The Pacific highway from Central Point to Farnham Hill will be completed tomorrow, according to Robert A. Telfer of the Clark-Henry company, and open for traffic the same day. This gives a stretch of seventeen miles of ideal road. The road is laid with granitoid finish, and a delegation of good roads enthusiasts from Lane county, who are just awakening to the value of passable highways through the Willamette valley will inspect it the latter part of the month, according to present plans.

The speed limit has been raised in all the towns to sixteen miles an hour.

### PHEASANT FREED OF STATUTORY CHARGE

Frank Pheasant, a woodcutter was freed of a statutory charge before Justice of the Peace Glenn Taylor this morning, the complaining witness, a ten year old girl, unconsciously furnishing an alibi for him by the simplicity of her tale. The testimony, salacious in spots, showed there were no grounds for the charge, and savored strongly of a "frame up." The evidence showed that during all the time Pheasant was with the little girl, there was a married woman present. It was also proven at the trial that the present surroundings of the little girl were not of the best, and the authorities may take action toward bettering these conditions.

### WIFE INDIGNANT AT HUSBAND'S ARREST

C. Martin, arrested Sunday on a warrant charging non-support of his wife and child, was given another chance in Justice Taylor's court this morning, and dismissed with a lecture. It was impressed upon him, that his duties to his family did not cease when work did.

### IN FIVE MINUTES NO SICK STOMACH, INDIGESTION, GAS

If what you ate is souring on your stomach or lies like a lump of lead, refusing to digest or you belch gas and eructate sour, undigested food, or have a feeling of dizziness, heartburn, fullness, nausea, bad taste in mouth and stomach headache, you can surely get relief in five minutes. Ask your pharmacist to show you the formula, plainly printed on these fifty-cent cases of Pape's Diapensin, then you will understand why dyspeptic troubles of all kinds must go, and why it relieves, sour, out-of-order stomachs or indigestion in five minutes. Pape's Diapensin is harmless; tastes like candy, though each dose will digest and prepare for assimilation into the blood all the food you eat; besides, it makes you go to the table with a healthy appetite; but what will please you most, is that you will feel that your stomach and intestines are clean and fresh, and you will not need to resort to laxatives or liver pills for biliousness or constipation.

### NEW EVANS CREEK BRIDGE NEARLY FINISHED

The new bridge being built by the county across Evans creek is nearing completion and will be ready for traffic the latter part of the month. It consists of one 110-foot span and is a concrete arch bridge. Owing to the hardness of material, the structure was built at considerable less cost than an iron bridge. Albert Anderson of Grants Pass was the contractor.

### SALTS IF BACKACHE AND KIDNEYS HURT

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.
