Official Paper of the City of Medford, Official Paper of Jackson County, Entered as second-class matter at Medford, Oregon, under the act of March 3, 1879.

TRI-STATE GOOD ROADS MEET AT FRISCO IN AUGUST

The directors of the Tri-State Good Roads association in conformity of dates not conflicting with other events to be held in the convention hall of the Panama-Pacific exposition have selected August 2nd and 3rd, 1915, for their third annual convention.

Secretary George E. Boos is in receipt of the following letter from the Panama-Pacific exposition: "I take pleasure to inform you that the Department of Special Events has as per your association's resolution, designated August 2nd, 1915, as 'Tri-State Good Roads Association Day.'"

Mr. Boos has again started the 1915 campaign and with the assured support and co-operation of all the directors of the association and the 2000 members, predicts that by the date of the 1915 meeting the association will be the strongest and most useful organization on the coast.

The California branch office is located in San Francisco at the Lanewahm Hotel, where Mr. Boos will shortly proceed to perfect arrangements for the work in hand.

The association is now negotiating with the exposition to accept on the date of the third annual convention August 2nd, the membership cards for entrance in the exposition grounds. This will be an inducement to both the exposition and the members of the association.

Among the dates of special events over 100 associations, lodges, societies and councils have selected their date. It is the purpose of the exposition to have each day selected for the convention as "special event day."

DRAW LOTS TO CONTROL IDAHO

BOISE, Idaho, Nov. 11.—Whether the republican party will be in control of the house of representatives of the Idaho legislature or the one progressive member will hold the balance of power will be decided by the drawing of lots when the state canvassing board meets here November 24.

PLOT AGAINST TURKS SUPPRESSED

LONDON, Nov. 11, 12:04 p. m.—A dispatch to the Exchange Telegraph company from Athens says: "It is learned that a conspiracy has broken out at Constantinople against the Germans and Young Turks. The chief conspirators were arrested and shot."

"CLEANSED AND PURIFIED"

ONE of the humorous features of the recent political campaign was the frequent literary outbursts of the republican county committee—spluttering masterpieces of learning and logic and calamity crying that materially aided in swelling the Chamberlain and Smith majorities.

Although the election apparently ended the need of these pathetic appeals for the restoration to power of privilege, plutocracy and plunder, the splendiferous literary output still continues—a veritable spouting geyser of politics. A recent emanation harks back to the days of slavery and secession to label the party of Penrose and Cannon the party of love and virtue and the party of Woodrow Wilson the party of hate!

Not content with such political baby talk, another and later eruption comments joyously upon the recent election as having "fluxed" the republicans into "fine steel of a reunited and revitalized party, cleansed and purified."

This "fluxing," this "cleansing," this "purification" of the republican party consisted in the re-election of Penrose, of Cannon, of Smoot, of Gallinger, of others of the old guard that have always stood for privilege and plutocracy. It consisted in the defeat of the real progressive element of the party. The party stands "cleansed" and "purified" of Roosevelt, of La Follette and sincere progressives—is now openly and above-board the party of torism, reaction and stand-patism.

The word "non-partisan" is almost as opprobrious to this iridescent purifier of politics as is the word democrat—witness the following quotation: "Whenever a smooth rascal is to be boosted into office, or a shady scheme or policy is to be put over, this non-partisan dope appears."

More political baby talk! The man who votes in a state or local election with no national issues involved, because of party label, is mentally unfit to be trusted with the ballot. Non-partisanship never elected a crook—they all go in on the "vote 'er straight" cry—so loudly shouted by this committee, but wasted upon an intelligent electorate.

What can this little remnant of reactionarism, re-elected to congress, this purified and sanctified bunch of stand-patters do? They are helpless to restore Hamaism and Cannonism. They cannot revive the reign of predatory interests. They cannot revise the tariff upward to aid the trusts nor smash the currency measure to benefit Wall street, nor undo the anti-trust legislation, nor restore Alaska to the looters, nor revive the reign of the lobby.

These reforms are accomplished—and the people have sustained the administration by giving it control of both branches of congress for another two years in order that Woodrow Wilson may finish his half-completed work. And when it is finished the country will never vote to go back to the days of Cannon and Aldrich, of tariff robbery and jobbery and pilfering privilege.

The nation faces an unprecedented period of prosperity. Business in all lines is reviving. Opportunity for commercial world supremacy is knocking at America's doors. Peace and progress are bringing their rewards. The reign of privilege is over and the era of equal opportunities and righteous laws and government for the people at hand—and the confidence of the people in the president unbounded.

The "cleansed and purified" band of reactionaries in congress can do little but cry "calamity!" in an era of plenty. They can point a moral and adorn a tale—a reminder of governmental evils of the past and a warning for the avoidance of similar perils in the future.

Ousting Tammany in New York

(From the New York World.) Last year Murphyism broke the back of the democratic party in New York City.

This year Murphyism has broken the back of the democratic party of New York state.

The people of New York will no longer tolerate Tammany hall government at Albany. They have said it in the great vote polled for Mr. Whitman. They have said it still more emphatically in the vote polled for William Sulzer. Discredited and disgraced, a bankrupt in reputation as well as in character, Sulzer has again proved himself the political Nemesis of the boss who impeached him and removed him from the governorship, not because he had pocketed campaign contributions, but because he had refused longer to take orders from Charles F. Murphy.

A sorry implement of political justice, perhaps, but William Sulzer has never done his work and done it effectively. When tens of thousands of voters seized upon such an instrument of political retribution, in what utter detestation must they hold Murphyism?

Governor Glynn is the victim of conditions which he did not create, but which, unfortunately he had taken no strong measure to remedy. He is not a member of Tammany hall. He has never been identified with Tammany politics; but on the other hand, he has never identified himself conspicuously with the militant democracy that is irrevocably opposed to Murphyism. The governor's political defeat is the inevitable result of trying to be friendly enough to Tammany to gain its support and independent enough of Tammany to win the support of the anti-Tammany democracy.

The democrats of New York have been beaten because they tolerated Charles F. Murphy as the boss of their party organization. They learned nothing from the disastrous defeat that they sustained in the city last fall. Will they learn nothing from the disastrous defeat that they sustained in the state this fall?

A Camping Expedition

Three years ago last September two friends and myself went out on a camping expedition. Our intentions were to be gone about a week.

Early one Monday morning we started on our 30 mile journey, each carrying a gun or a fishing pole. We took a pack horse along with us to carry our tent, bedding, grub stake and other miscellaneous notions. After keeping up a steady walk like we did, one can imagine how we felt when night overtook us.

TO SHIP SUPPLIES FOR RELIEF OF BELGIUM NEEDY

WASHINGTON, Nov. 11.—Secretary Bryan announced today after a conference with Count Von Bernstorff, the German ambassador, that there had been no change in the plan originally approved by the German government for the transportation of relief supplies to Belgium.

The Belgian minister, Mr. Havenith, is in New York arranging for the sailing of five supply ships being outfitted for Belgians by the various relief committees in this country. Efforts now are being made, with success, to get contributions in the form of supplies, and work is under way in Minneapolis to provide an entire cargo of flour from that city.

There seems to be no disposition in official circles here to object to the demand of German military authorities in Belgium that inhabitants seeking relief go to work, if able to do so.

CROWN PRINCE TO COMMAND ARMIES

PARIS, Nov. 11, 6:15 p. m.—The Petrograd correspondent of the Matin telegraphs the following: "It is reported that after a council of war presided over by the Kaiser, the crown prince was appointed commander-in-chief of all the German and Austrian armies operating against Russia, with General Von Hindenburg commanding the left wing and General Dankl the right."

MEDFORD ROSE SOCIETY DISTRIBUTES CUTTINGS

The Medford Rose society yesterday spent the entire day in distributing rose cuttings to the children in the public schools of this city. The distributing of the cuttings followed a splendid lecture on Rose Culture and Care by Professor F. C. Reimer of the experiment station at Talent.

Professor Reimer by request of the Medford Rose society devoted the day instructing the pupils how to plant the rose, how to care for it, and what varieties to plant. Thousands of cuttings were distributed.

That the work of the Medford Rose society is being appreciated is little questioned. Already the rural school districts are asking for cuttings and business men of the city are sending letters of praise to the ladies in charge. The pupils themselves are much interested and have expressed a desire to make Medford the most beautiful city in the west.

The ladies in charge have worked in selecting the varieties best suited for this locality and preparing them for distribution. The enterprise and enthusiasm displayed by the ladies of Medford in this matter of rose culture is commending, and the Sun knows better than many that their efforts are being appreciated. A few years of these unceasing efforts and Medford will truly be the rose city of the Pacific coast.

he would be back for us early in the morning. We did not like that very well for we knew that there were plenty of men besides us in the neighborhood that would like to get the job. We realized that if we stayed our food supply would be exhausted when the fire was put out so next morning by daylight we were on our way in search of a new camping place out of that part of the country.

By REED CHARLEY, Ninth Grade Butte Creek School.

Lumber industry output at all Oregon seaports is increasing.

Mr. E. E. Oman is in charge of the deliveries and will deliver both morning and evening. Everything sanitary. The Quality Dairy J. F. RHODES, PROP. Phone 832-Y

ALARMING SPREAD OF LIVESTOCK DISEASE IN CHICAGO YARDS

CHICAGO, Nov. 11.—Spread of foot and mouth disease among the \$36 prize dairy cattle under quarantine at the Chicago union stockyards assumed such alarming proportions today that it was feared the infection could not be prevented from spreading to every animal in the herd. The cattle are valued at \$2,500,000.

PITTSBURG, Pa., Nov. 11.—Conditions brought about by the epidemic of foot and mouth disease became distinctly worse today when it was announced that 300 cows, one of the finest dairy herds in Westmoreland county, had developed the disease and seven dairy herds in other parts of western Pennsylvania were under suspicion. Some apprehension for the milk supply of Pittsburg was felt.

EMDEN BROKEN UPON THE ROCKS

LONDON, Nov. 11, 10:15 a. m.—The Central News has received a dispatch from its correspondent at Melbourne saying that the gunnery of the German cruiser Emden was good in the beginning of her fighting off Cocos Island with the Australian cruiser Sydney, but deteriorated later. The German boat had two funnels shot away and caught fire astern within an hour after the beginning of the engagement. She is now ashore and continues to burn.

A landing party from the Emden previous to the beginning of the fight had commandeered two months' supplies from the Cocos Islanders, but the people were well treated.

Reuter's Telegram company has received a dispatch from its Pekin correspondent who says it is reported there that the Emden was driven ashore on the rocks and severely damaged and that she has broken up.

To the Rescue in Blood Diseases

Just the Help Needed to Overcome Worst Troubles.

In S. S. S., the famous blood purifier, is the greatest natural repair crew known. It is an antidote for germs, that once let loose, multiply so fast that a definite disease is apparent over night. And yet so powerful is the influence of S. S. S. that like a vast army it spreads all through the blood, checks disease, opens up all the valves of excretion and throws out disease through the lungs, kidneys, bladder, bowels and skin.

Do not become panic stricken if a rash or boils or eruptions inflame the skin. Nature is doing her best but Nature is at the same time calling for help, and in S. S. S. is just the kind of help Nature demands, for it is a pure vegetable remedy with an action that vigorously follows the blood channels and cleans and repairs as it goes along. In every community are people who know this to be true. They have used S. S. S. and are blood clean, through and through.

Get a bottle of S. S. S. today at any drug store. Drive out those destructive germs that cause skin eruptions, sore throat, swollen glands, blood risings, painful rheumatic joints, chronic bronchitis, and most all conditions of disease. Read the folder around the bottle that tells about the great work being done to assist sufferers. If you would know more about the blood and its treatment, write for special book to The Swift Specific Co., 52 Swift Bldg., Atlanta, Ga.

HONORS OF WAR FOREMDEN OFFICERS

LONDON, Nov. 11, 2:14 p. m.—Captain Von Muller of the German cruiser Emden, which was attacked by the Australian cruiser Sydney and driven ashore in the Cocos island, where she burned, and Prince Franz Joseph of Hohenzollern, one of his officers, are both prisoners of war, and neither is wounded, according to an announcement by the admiralty this afternoon.

The admiralty adds that the losses on the Emden are unofficially reported as 200 killed and thirty wounded. No further details have been received. The admiralty has given directions that all honors of war be accorded to the survivors of the Emden and that the captain and his officers are not to be deprived of their swords.

SAGE TEA PUTS LIFE AND COLOR IN HAIR

Don't stay gray! Sage Tea and Sulphur darkens hair so naturally that nobody can tell.

You can turn gray, faded hair beautifully dark and lustrous almost overnight if you'll get a 50 cent bottle of "Wyeth's Sage and Sulphur Hair Remedy" at any drug store. Millions of bottles of this old, famous Sage Tea Recipe are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray, becoming faded, dry, straggly and thin have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful—all hair-dress goes, scalp itching and falling hair stops.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around, so get busy with Wyeth's Sage and Sulphur to-night and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

SPECIAL TO WOMEN

The most economical, cleansing and germicidal of all antiseptics is Partine. A soluble antiseptic powder to be dissolved in water as needed. As a medicinal antiseptic for douches in treating catarrh, inflammation or ulceration of nose, throat, and that caused by feminine ills it has no equal. For ten years the Lydia E. Pinkham Medicine Co. has recommended Partine in their private correspondence with women, which proves its superiority. Women who have been cured say it is "worth its weight in gold." At druggists, 50c. large box, or by mail, The Paxton Toilet Co., Boston, Mass.

HAS JACKSONVILLE FOUND THE SAME?

The Answer is Found in the Straight-forward Statement of a Jacksonville Resident

We have been reading week after week in the local press of Medford citizens, who have been rid of distressing kidney and bladder troubles by Doan's Kidney Pills, and we have often wondered whether the same high opinion of this medicine is to be found in our neighboring towns. This frank and earnest statement by a well known and respected resident of Jacksonville will set this doubt at rest.

Andrew Cantrall, California St., Jacksonville, Oregon, says: "When I was suffering from backache and other kidney ailments, Doan's Kidney Pills came to my aid and stopped the troubles. The public endorsement I gave them several years ago still holds good."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Cantrall had. Foster-Milburn Co., Props., Buffalo, N. Y.—Adv.
