

WANTS GOVERNORS TO PREPARE BILLS FOR LEGISLATURE

MADISON, Wis., Nov. 12.—A plea for greater responsiveness by legislators to the popular will with a suggestion as to the part a governor should bear in bringing this about was made here today by E. M. Byrne, chief executive in South Dakota. He spoke before the governors' conference, which has been in session since Tuesday and his address followed a discussion on extradition problems, led by Governor S. V. Stewart of Montana.

After establishing his premise that because of the veto power and the right or duty to recommend the enactment of desirable measures, the governor is a part of the legislature, Governor Byrne said:

"Why should not the governor, in matters he deems of great importance or in support of a measure he believes the people desire enacted into law, accompany his recommendations with a draft of a bill for which he is willing to assume responsibility?"

"How often we see a measure advocated in party platforms made the issue on which the party carries the election, urgently recommended by the governor and apparently earnestly desired by a great majority of the people and yet the legislature comes and goes without such measures being enacted into law and we see no way definitely to place the blame."

"I do not advocate an extension of the power of the governor, but present this as a means toward making his leadership effective and at the same time fixing with accuracy his responsibility. The real increase in power should be to the people by making it easier for them, effectively and intelligently, to support or oppose measures."

"The time has come to bring legislation out of secret committee rooms, to give the people opportunity to see the process of law-making and to judge the motives that prompt action for or against measures and policies."

RUSSIANS EMPLOY WOMAN AS SCOUT

PETROGRAD, Nov. 12.—Madam Koudachef, well known as an explorer, has been attached by General Kennenkrampf of the Russian scout service. She rides the horse upon which she made the trip from Vladivostok to Petrograd.

General Kennenkrampf has also serving with him a soldier 13 years old, Nicholas Petenichkof. He is the son of a rich landed proprietor. When the war broke out, young Nicholas ran away from home, sought out General Kennenkrampf and asked if he might not serve. He was detained and a message was sent to his parents. They telegraphed their consent to his remaining with the army.

The boy has already taken part in battles, notably Insterburg. He carries upon his rifle a German bayonet which was presented to him by the regiment with which he serves. Nicholas has been mentioned in orders of the day for a daring and skillful scouting feat.

Charles P. Taft, owner of the Chicago Nationals, also was expected to participate in the meeting.
