

CHICAGO LEAGUE TEAM NOT SOLD TO FEDERAL LEAGUE

CHICAGO, Nov. 17. 18.—Charles Weeghman, Federal League official, never has had an option on any amount of stock in the Chicago National League club, and that club will play next season as usual on its west side grounds in this city. Also, Roger Bresnahan, catcher, will succeed Henry O'Day as manager of the Cubs next season.

These positive statements were made today by Charles W. Murphy, part owner of the Cubs, upon his return here from a conference in Cincinnati with Charles P. Taft, supposed to be the principal owner of the club.

It had been reported that Weeghman had an option on the Taft interest in the club and that the Cubs would play next season on the Federal League grounds on the North Side if a purchase was made.

Murphy said he had convinced Taft it would be suicidal to move the Cubs from the West Side where they always have been well supported and where two-thirds of Chicago's population lives. The Cubs, including players, franchise and plant, are worth from \$1,500,000 to \$2,000,000, according to Murphy, who said the team was one of the few to make a material profit last year.

JAPAN LOANS BIG GUNS TO FRANCE

PARIS, Nov. 18.—The French army now has the use of the 105-millimeter field guns built in France to rearm the artillery forces of Japan. When the war began, part of the guns had been delivered and another large consignment was on the ocean.

Japan was asked by France if she might take the guns. The Japanese government cabled promptly, placing them at the disposition of France, and announced that she was sending back those already delivered so that the French army might use them. The vessel conveying the last consignment had already reached Colombo when it was intercepted.

HERRICK TO SAIL FOR UNITED STATES ON NOVEMBER 19

PARIS, Nov. 18, 6:50 a. m.—Myron T. Herrick, the American ambassador, who is to be relieved of his duties late this month by William G. Sharp, has engaged passage for the United States on the steamer Rochambeau, which will sail on November 28.

Mr. Herrick and his wife have received invitations from distinguished persons in public life in France and England to visit them before leaving Europe, but they declined because they considered this was not the time for social visits.

Queen Mary of England has written Mrs. Herrick a personal letter, expressing appreciation for what she and other American women have done for the British wounded in Paris.

Sir Edward Grey, the British foreign minister, has written Mr. Herrick in the same vein, and David Lloyd-George, the chancellor of the exchequer of Great Britain has sent a letter of thanks to Mr. Herrick "in behalf of the British government," for his services to the British subjects.

COTTON FUND LOAN COMPLETED TODAY

WASHINGTON, Nov. 18.—The \$135,000,000 loan fund designed to help cotton producers whose great crop threatened to become a burden on their hands on the outbreak of war, today stood complete. Secretary McAdoo declared in his announcement of the fund's completion that the success of the loan plan was assured. He said it had been "delayed by the selfish opposition of certain textile manufacturers and local interests who have tried to defeat it."
