All the ladies of the M. E. church who failed to attend the Home Coming last Tuesday afternoon missed an occasion of great interest to them. Mrs. McNary presided, and good reports from all the circles and several reports of work done through the different departments were given. Every one was especially pleased to hear the splendid account of the success of the rummage sale which was held recently.

DRAMA LEAGUE NOTES

The "Esprit de Corps" of the Drama League has now been restored and extensive plans for fuller and more active work have been made. As is always the case in the conception of a new idea a stage of inaction is reached which is absolutely fatal if devotion, enthusiasm and hard work do not overcome the inertia. We appeal to the members of all boards for a closer co-operation and an infusion of new interest. We appeal to all members to take a more active part and for each one to express her or his point of view in regard to our local presentation of plays.

We are a small center but most happily situated, in regard to being a logical stopping point between Portland and San Francisco. We have a comfortable, modern equipped theater and the vital thing now is to give our support to the best attractions, to signify our interest by substantial evidence in box receipts and to let pass the mediocre plays. This will be the only effectual method of securing good plays and players.

Some misapprehension exists in regard to the object of the Drama
