# AD BUSINESS SHOWS PROSPERITY FOR NEXT YEAR

CHICAGO, Dec. 11. - That the ad vertising business is on the increase is indicated in the heavy placing of regard to developing the road which contracts for the early months of 1915, according to members of the executive committee of the Associated Advertising Club of the World. which met here today. The educational committee of the association has been making an investigation of business conditions in one hundred and seventy eities in the United States to ascertain how conditions on November 1, compared with those of a year ago. Although results have not been compiled, Lewellyn Pratt of New York, chairman of the committee, said that it was evident the retail demand for the last few months, "hos been equal or a little better than that of a year ago.'

"The reports of the prosperous conditions were the most remarkable teatures of our preliminary meeting," said William Woodhead of San Francisco, president of the association, "Fifteen of the seventeen members of the executive committee were prescut and agreed that the heavy placing of advertising for the early months of 1915 indicated a favorable outlook."

#### TIMELY HOLIDAY OFFER BY TOBACCO COMPANY

The Tobacco Company of Califor nia is making an attractive holiday offer in this city just now, which in fact amounts to a double Christmas gift, for they are giving away free with each 90c class humbler of Tuxedo tobacco a 50c pack of gold-edge Congress Playing Cards.

These cards are the well known brand made by the U. S. Playing Card company and retailing everywhere for 50 cents a pack. Nothing like starting an eventuals social play with a nice, clean, new deek of these wellknown cards; especially in a mixed party, for the ladies always appre ciate new cards to play with.

The makers of Tuxedo emphasize the fact, in giving away these eards that Tuxedo is really a "home smoke" and can be smoked in the presence of tadies without giving offense. It has long been the boast of Tuxedo men that it is the only tobacco which can be smoked in a closed room without leaving traces of odor in the lace curtains, furnishings, etc. The experiment has often been tried and housewives testify that there is none of the deadness generally noticed in the air, but that only a mild fragrance remains from the tobacco smoke of the night before.

This double Christmas gift should surely merit the attention of every smoker in the city and all of them are advised to take advantage of this free offer, for the offer is qualified by the statement "while the supply lasts." Go early and be sure.
