HUBBARD MURDER DEEPLY DEPLORED BY STATE AUTHORITIES

PORTLAND, Dec. 19.—When informed of the murder of Deputy Game Warden Hubbard at Trail by Loris Martin, the poacher, State Game Warden W. L. Finley stated:

"I am deeply grieved to hear of this crime, as I always considered Hubbard one of the best men we had in the service. He has been in the employ of the game department for the last three years and was a forest ranger previous to that time.

"Hubbard was peculiarly fitted for the work he was carrying on, as he was absolutely without fear, but was not hot-headed, and always handled affairs of this kind in the best possible manner.

Most Efficient as Warden

"I have known him ever since he has been in the employ of the state, have taken trips with him and know that he was not only careful, but efficient. He never looked for trouble, and I know that on one occasion he went up to a man who had threatened to kill him on sight, talked to him for awhile and finally accomplished his purpose without bloodshed. In other cases, even in the wild country in which he worked, he has been highly regarded, even by violators of the law whom he has been obliged to arrest.

"While I do not know Martin personally, I know him by reputation, and he has the record of being a gunman, always carrying a weapon with him. I think the fellow became hotheaded and didn't realize what he was doing. The case is particularly sad, on account of Hubbard leaving a wife and two small children at Ashland, where he made his home."

Following the news of the murder, the state fish and game commission, which was in session here, adopted the following resolutions:

Resolutions Adopted

"Whereas, the commission has heard, with the deepest regret, of the killing of Deputy Game Warden Arthur S. Hubbard in Jackson county, Oregon; and,

"Whereas, the deceased has, since his employment in the service, been regarded as a careful, honest, painstaking and conscientious deputy; therefore, be it

"Resolved, That we sincerely deplore the untimely death of Deputy Game Warden Arthur S. Hubbard, and hereby extend the sympathy of the members of this board to his bereaved family in their affliction; and further

"That State Game Warden William L. Finley and Sam L. Sandry, district warden, of Rogue River, be instructed to lend to the proper authority of Jackson county every available help in bringing the slayer to justice.

INDIAN WARS TO BE SEEN AT STAR

On Monday and Tuesday the Star theater will show what is without any doubt the most interesting pictures that it is possible to produce, and pictures that will appeal to every man, woman and child in this great west. The title of the feature is "Indian Wars Refought by United States Army," and are a series of thrilling pictures of the last great battles of the west. There are six reels, and such well-known army officers as General Nelson A. Miles, Major General Jesse M. Lee, Major General Charles King, Brigadier General Frank Baldwin, Brigadier General Marion P. Maus, H. G. Sickle with the gallant seventh cavalry, and that greatest of all great Indian scouts, Colonel W. F. Cody "Buffalo Bill"), the most picturesque figure of our Indian wars, are all seen with the remnants of the tribes of the Cheyennes, Brules, Sioux and Crows, re-enacting the famous battles in which they wrote their names in crimson of daring days upon the scroll of immortal history.

These pictures have been approved by the president of the United States, and are a tremendous appeal to the Boy Scouts of the world, and are interesting to every one.

NOTICE ELKS.

Our Christmas tree entertainment will be held Tuesday night at 8 p. m. Good program, be sure and come. 233*

SEEK DONATIONS FOR RELIEF SHIP TO SEND BELGIUM

A letter has been mailed to every city and town in the valley asking the citizens to secure donations of foodstuffs for the Belgians.

Hundreds of thousands over there are facing starvation now and unless help is forthcoming, an appalling number of women and children will perish.

Oregon and Washington have taken the responsibility of supplying a 7500-ton ship to start early in January. California is sending a full ship load.

Money subscribed will be used to purchase supplies at local stores. Non-perishable foodstuffs only will be sent, such as flour, rice, beans, dried and canned fruits, smoked meats, etc.

Large shawls, warm skirts, woolen stockings, mufflers, hoods and mittens are also wanted.

Assemble your supplies, have them securely boxed and mark the name of your city on every package.

A car will leave Ashland the last of December and pick up at each station as far as Grants Pass the donations. Towns not on the railroad can send their supplies to the nearest Southern Pacific railway station, or to the Medford Wholesale Grocery company.

Cash contributions may be made payable to the Belgian relief fund, W. H. Gore, secretary, care of the Medford National bank, and he will purchase supplies with same.

Mail your list of donations to the Medford Commercial club, so your city will be given due publicity credit.

There will be a meeting of the people already interested in the relief of the Belgians at the public library, Monday, December 21, 2 p. m., and it is requested that all the churches in Medford select a representative or committee tomorrow to attend this meeting.

SHIP 847 CARS

(Continued from page 1.)

consigned to the Southern Pacific company.

Present Year's Record

	Lumber	Shingles	Box Shook	Lath	Wood cars
R. River	8				
Gold Hill	30	1	1		2
Cent. Point	25	4	16		34
Medford	163	11	23	1	260
Voorhies	2		6		
Phoenix	12	2			
Talent	25	3	7		
Ashland	49	3	4	2	153
	314	24	57	3	449

Total 398 cars lumber, shingles, box shook, and lath, and 449 cars of wood, making 847 carloads of these products that originated outside and were shipped into Jackson county during the past twelve months.

The money that is sent out to pay for lumber product is needed at home and should be expended here with the lumber manufacturer in Jackson county, who in turn will expend it with the laboring man and the producer.

Asks for Co-operation

With this statement of facts for the consideration of the people of Jackson county, I desire to take this opportunity of asking the people of this county to co-operate with me and assist me in the establishment of a saw-mill and a box factory in the city of Medford, Oregon. It is my purpose, if the proper encouragement is given, to reorganize the Crater Lake Lumber company, and to do a general timber, logging and manufacturing business and it is my purpose to capitalize the company for $150,000, and I desire to raise $50,000 of said sum in Jackson county for this enterprise. If $50,000 of the capital stock shall be subscribed by the citizens of this county, a like amount will be subscribed by myself, payable in equipment, plant, mill site and timber, at a valuation to be fixed by either the stockholders of the corporation or by the directors thereof; and if the same is subscribed, it is my purpose to start construction of the plant not later than January 1, 1915, and have a saw mill ready for operation by April 1 and a box factory by June 1, so that I may be able to handle the 1915 business of the county.

$200,000 Annual Business

With the plant that I should have with this stock subscription, my annual pay roll would be approximately $80,000 and a $200,000 annual business would be transacted, and the difference between the $200,000 or more which we shall be required to pay out for lumber as we now do and which is sent outside of the county, and the $200,000 which this plant would bring into the county by virtue of this business, would make an annual money gain to the county of $400,000.

I think with these facts that are patent to all the citizens of the county, I am justified in soliciting a subscription from the people of Jackson county of $50,000 towards the capital stock of this proposed enterprise; and if this subscription shall be raised, it is my purpose to have from among the banks and business men of this county a board of seven directors for this corporation.

I shall want an exclusive option to purchase the stock subscribed, within three years from the date of the organization of the corporation, at $1.05 for each dollar invested, and upon the condition that if the dividends that have been paid upon said stock within said time shall not equal seven per cent interest on the payments made on account of said stock subscription, then there shall be added to said option price such addtional sum as will make such investment earn interest at the rate of seven per cent.

My purpose in having an exclusive option being to prevent the purchase by some outside rival corporation which I purpose organizing as herein recited.

This industry, if established, will furnish employment for many men who will necessarily be fed by the produce of the county and will result in prosperity for the county generally.

Do you think this enterprise is worth encouraging because of the direct and indirect benefit that will accrue to all of the citizens of Jackson county by keeping much wealth within the county and employ many laborers at good salaries? This is an opportune time and this the opportunity to stop the drain upon the finances of Jackson county and to get the tide of money running into the county instead of having it flow out of the county as it has done for several years past. Will you co-operate with me?

Very respectfully submitted,

EDGAR S. HAFER.

SALTS IF KIDNEYS OR BLADDER BOTHER

Harmless to flush Kidneys and neutralize irritating acids—Splendid for system.

Kidney and Bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in avoiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever.

Here you have a pleasant, effervescent lithia-water drink, which quickly relieves
