

ASHLAND'S DEBT REDUCED \$40,000 IN PAST YEAR

ASHLAND, Or., Dec. 29.—Anticipating any further criticism in this respect, much of which has been un- called for, Recorder Gillette has sub- mitted a comprehensive statement of the city's finances up to December 23, 1914. The figures show a reduc- tion of indebtedness since last July of over \$40,000. The total bonded in- debtedness, including the much dis- cussed auxiliary water system obli- gations, is \$382,776.86. The water and electric light bonds are being steadily paid off out of earnings of the respective systems. The munic- ipal assessed valuation is \$3,630,875. The city not only has no floating debts outside of bond obligations, but carries a working balance in the gen- eral funds to meet current expenses. The foregoing report is duly attested by the recorder, and is not published on general assumption.

Bungalow Burned
A fire Sunday night practically de- stroyed a bungalow property belong- ing to H. L. White on Mountain ave- nue, far from the business center. Tidings employees, the regular fire de- partment and volunteers figured in the rescue work. Damage over \$1200.

The crowding event of Christmas week, from the standpoint of sacred music, was the concert at the Meth- odist church Sunday night, with over thirty singers in the ensemble. In addition to hymns, anthems, solos and quartets, the main number was the cantata, "Star of the East," em- bracing several solo selections, with a chorus by a reinforced choir. Mrs. Van Fossen was accompanist, and Professor Howard E. Ewer directed the "stage rehearsal." A substantial collection was taken up to the offertory strains of "Humoresque."

O. Sneed and wife were holiday guests of Mr. and Mrs. E. H. Hicks. The husband was here Christmas day only, but the wife remained for a longer visit with her parents and other relatives in the Hicks family. Sneed is in the employ of the South- ern Pacific at Grants Pass as expert electrician on motive power.

One Accident Past Week
As reported to the state board, Ashland scored one accident last week. O. A. Batchelor had a finger injured in the local railroad yards. There were forty-one accidents throughout the state during the week- ly period, three of them fatal. Log- ging camps report more accidents than any other industry, fifteen hav- ing occurred to workmen following that occupation.

A. W. Sibley of the Cove ranch, northeast of Ashland, shipped a car- load of fine hogs to Portland Mon- day. This is the second car ship- ment made by Mr. Sibley this season.

Will Stevens of Eugene, whose family resides here, was a holiday visitor with his brother, Tom Hill, over the Christmas season. He is employed in a planing mill at Eugene.

Visit From Idahoan
Frank Mings, who is located on a homestead in the vicinity of Boise, Idaho, is visiting at the family home in this city and with relatives throughout the valley.

Floyd Fraley, son of Street Com- missioner Frabay, is at present in- structor in manual training in the San Bernardino, Cal., schools, a position which he has held for some time past, commanding a good salary.

Mrs. J. J. McNair, accompanied by her sister, Miss Nellie Briggs, left for San Francisco the last of the week to visit friends during the holidays and view the exposition grounds.

Mr. and Mrs. R. J. Edwards leave the 29th inst. for southern California to pass the winter. They may visit Panama before returning.

Chester Stevenson, rancher and or- chardist, also kodaker between times, is doing such a job of work in pho- tography that he has equipped a stu- dio in the Ashland Improvement block. His strong hold is in depict- ing out-of-door life, and his scenic views along this line will be added to the local display at the San Francisco show.

New Ford Garage
Reports have it that a big new gar- age, occupying the entire vacant space on the north side of Main street between the Swedenburg and Aikin blocks, will be erected as Ford headquarters in this city in order to meet the demands of expanding busi- ness.

drawing. J. W. McCoy was the lucky holder.

The State Bank of Ashland is handing out to patrons an edition of Oregon laws condensed into pamph- let form and arranged for ready ref- erence. The bank in presenting these is departing from the calendar craze for a change.

Guinea Pig Clinic
Billy Briggs, reporter on the Tid- ings and one of the young, wideawake boys of the town, will pass the New Year vacation season at Eugene.

Ashland is to have a guinea pig clinic, though Belgian hares may be substituted if the guinea rodents fail to arrive. This clinic is to be held in the interests of science to demon- strate the therapeutic virtues of "Ichthyodine," a new remedial agent in the treatment of tuberculosis. Professor J. B. Saunders, dermatolo- gist and demonstrator of tonsorial appliances, is associated with a local physician in these experiments, which are made by hypodermic shots. The new remedy is iodine, deprived of its harsh and irritant qualities by ino- culation through a fish medium. This anti-toxin spurs the warring corpus- cles of the blood to mortal combat, and if the friendly phagocytes in the circulation get the upper hand and score a touchdown through a "strangle- hold," the patient rapidly im- proves. Hence the guinea pig clinic, to verify conjecture by experimen- tation upon the lower animals.

Masons Install Officers
The Masonic affiliation of Ashland Lodge, No. 23 installed its officers Saturday night. The event was fol- lowed by a feed and the recital of sundry anecdotes, reminiscent and otherwise. Dr. W. E. Blake wields the gavel the ensuing year.

Mr. and Mrs. Luke Ford of Bain- bridge, O., in the vicinity of Cleve- land, have been recent visitors at C. W. Roots, on their way to California for the winter. Mrs. Ford is a cousin of Mr. Root.

Henry Thornton, living on the Wil- lits ranch, in the vicinity of Trail, is visiting his parents and numerous other relatives hereabouts.

Chas. Watson, civil engineer, with headquarters at Montague, has been visiting his father, C. B. Watson, dur- ing the holiday vacation. For some time past he has been engaged on that portion of the Siskiyou county unit of the Pacific highway located between Hornbrook and the interstate line.

Dr. Julia McQuillin returned early in the week from a visit to Dr. J. P. Johnson and wife, now residents of Grants Pass.

ANTIOCH ITEMS

Will Bingham and Miss Myra Askew visited at the home of W. C. Chapman Sunday night.

Rube Moore has gone to the Dead Indian country to hunt for some of his cattle that have strayed from their range.

William Mayfield of Central Point is looking for cattle in this section that he has not seen since last spring.

Mr. and Mrs. Oscar Rodgers and family were visitors at the home of Mr. and Mrs. Percy Chapman Sun- day.

Mr. Oliver was a visitor at the home of W. C. Chapman Sunday evening.

Mr. and Mrs. Dave Cotterill of the Meadows passed through our burg Sunday.

Miss Mabel Cooper of Moonville is very sick with tonsillitis.

The entertainment and Christmas tree at the Antioch school Wednes- day night was well attended by the parents of the children attending school and the program was a good one and was a credit to Miss Pat- erson, the teacher, and to the pupils of the school, but the Christmas tree—well the tree was a good one but I think that the people of this district must have sent all their toys and presents to the Belgians for there was none to speak of on the tree for the little folks, and many of them must have gone home wishing Santa Claus had been more liberal with his presents.

Mr. and Mrs. Theo. Glass and family, Mrs. L. H. Glass and Miss Myra Askew were guests for dinner Xmas day at the home of Mrs. Morris Case of Antioch.

There will be a dance at the Cop- per Hall, Moonville on New Year's night.

Mr. and Mrs. Dell Morrison of Tal- ent spent Christmas at the home of his parents at Beagle.

KANES CREEK ITEMS

Mr. and Mrs. John Sisty of near Central Point ate Xmas turkey with Mr. and Mrs. Lewis.

Most every one from this place at- tended the public Xmas tree and dance in Gold Hill Thursday night and reported a most delightful time.

Dr. Barker spent Christmas in Gold Hill the guest of his sister, Mrs. Lan- dum.

Miss Simons of Eagle Point is at present the guest of her cousin, the Misses Katie and Maggie Foley.

The entertainment and Xmas tree

at the Dardanelis school house Thurs- day afternoon was a decided success. The parts played and pieces rendered were all that could be expected and the speech made by Miss Pauline Olson, Gold Hill high school girl, was well worthy of mention, and much credit is due the teacher, Miss Katie Foley on her behalf for her untiring effort to make it a success. School will be closed until January 4th for vacation.

Prophet Foster forecasts a sudden change and warmer weather.

Harry Steelman and wife of Galls creek have taken charge of the Brad- den cook house, which was lately con- ducted by Mrs. Mardon.

Ed Swinden of Medford, who is working at the Braden, spent Xmas with home folks.

Mrs. James Lawrence is spending a few days with her parents, Mr. and Mrs. Humphrey of the Black- well.

Kane's creek visitors to Gold Hill this week, Mr. and Mrs. Lewis, Mr. and Mrs. Pennell, Mr. and Mrs. Law- rence, John Falls, Fred Straube, Dr. Barker, Mr. and Mrs. Higginbotham, Mrs. Bogals, Mr. and Mrs. Mardon, Fred Brown, Mike Foley, Mrs. Rhoten and daughter Ida, Mr. and Mrs. Ol- son and Weather Prophet Foster.

We are sorry to say that John Falls had the misfortune to lose his house and contents by fire which totally destroyed everything one day recent- ly while he was away. His little dog was burned to death in the house.

Several from this place and Gar- den Row attended the funeral of the late Mrs. Cook, who died at her son's home on Galls creek, Dec. 26th, and was buried in the Rock Point cem- etery on Sunday the 28th. We extend our sympathy.

BRITISH LOSSES TOTAL 54 SHIPS

LONDON, Dec. 29.—During the first four months 54 British foreign- going ships, valued at \$11,400,000, with a cargo worth \$18,800,000, were captured or destroyed by the enemy. These are the official fig- ures of the Liverpool and London war risks insurance association. Ac- cording to these figures, the losses for four months were 1.23 per cent of the total number of vessels, 1.49 per cent of their total value and .94 per cent of the total value of car- goes carried.

This would indicate that vessels could have been insured at a rate of 0.37 per cent monthly and their cargoes at a rate of 0.94 per cent. The rates fixed by the government at the beginning of the war were 0.72 for vessels and 1.24 for car- goes. This shows a snug margin of profit for underwriters.

ALBANY, N. Y., Dec. 29.—The Land Bank of New York state has been organized with a capital of \$300,000 and soon will be ready to begin its operations, according to an announcement in the forthcoming re- port of the state superintendent of banks. The bank has been formed by guiding and loan associations throughout the state and is intended to extend the benefits of such asso- ciations to strictly agricultural dis- tricts.

AMERICAN SHOT BY BATUM TURKS

PARIS, Dec. 29, 2:45 p. m.—A second official announcement was made by the French military authori- ties this afternoon. It is as follows: "An official German communica- tion December 26 and transmitted generally to all stations where wire- less telegrams are copied, refers to the fact that it often happens that the shells used by the German field artillery don't explode. At the same time the statement is made that these shells were taken by capture from the French or the Belgians.

"The Germans, who daily have ex- cellent opportunities to observe the efficacy of the French artillery, now have discovered a new quality in our guns. This is that they are danger- ous only when operated by French- men.

"Let us believe that this is only one more of the romantic tales painstak- ingly spread abroad by the German wireless system."

LONDON, Dec. 18.—(Correspon- dence of the Associated Press.)—In the invasion of a British copper prop- erty near Batum by the Turks, the American manager, B. T. White, was wounded, but managed to escape with the other foreign officials of the company. Some of the officials have arrived in London.

The 1500 employees were com- pletely outnumbered in the fight and left the property as soon as the enemy withdrew. As the company pro- duces 24,000 tons of copper month- ly the Russian government immedi- ately took steps for re-occupation of the mine.

COMPTROLLER ASKS FOR AMENDMENTS TO BANKING LAWS

WASHINGTON, Dec. 29.—Com- ptroller Williams of the currency bu- reau submitted his annual report to congress today. It covers the begin- ning of the transition from the old national banking system to the new federal reserve system, as well as the operations of more than 7000 na- tional banks which have become part of the new system since his last an- nual report was made.

Aside from reviewing the provi- sions of the new bank law and the steps by which it was put into oper- ation, the comptroller makes some recommendations for new legislation. They are:

An amendment to require uniform by-laws for national banks. In that connection the comptroller de- clares many bank directors fail to direct and says any director who does not attend a majority of board meetings in a year should be ineligible for re- election.

An amendment to permit signa- tures of national bank notes to be printed instead of made with pen and ink, which would permit the bills to be washed and restored to circulation.

The national banks be required to limit their deposits to ten times their combined capital and surplus.

That the comptroller be empow- ered to remove, with the approval of the secretary of the treasury, any director or officer of a national bank guilty of violating any of the more important provisions of the bank law and direct that suit be brought in the name of the bank to recover for the results of any malfeasance in office.

The comptroller recognizes the ac- tivities of governmental agencies to aid the financial and business world during the stress at the outbreak of the European war. He covers prac- tically the same ground as Secretary McAdoo in his recent report to con- gress.

SALEM, MASSACHUSETTS RECALLING A MAYOR

SALEM, Mass., Dec. 29.—Although the weather was bad, a large vote was anticipated at the mayoralty re- call election today. Mayor John F. Harney, whose recall is sought by the Better Government association, has served two years of his fifth term. His opponent today was Matthias J. O'Keefe, a manufacturer. The lead- ers of the recall movement charged that the liquor laws had not been properly enforced.

BANK TO AID FARMERS ORGANIZED IN NEW YORK

ALBANY, N. Y., Dec. 29.—The Land Bank of New York state has been organized with a capital of \$300,000 and soon will be ready to begin its operations, according to an announcement in the forthcoming re- port of the state superintendent of banks. The bank has been formed by guiding and loan associations throughout the state and is intended to extend the benefits of such asso- ciations to strictly agricultural dis- tricts.

DRINK HOT TEA FOR A BAD COLD

Get a small package of Hamburg Breast Tea, or as the German folks call it, "Hamburger Brust Tee," at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teaspoon full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus driving a cold from the system.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB BACKACHE AND LUMBAGO RIGHT OUT

Rub Pain and Stiffness away with a small bottle of old honest St. Jacobs Oil

When your back is sore and lame or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a 25 cent bottle of old, honest "St. Jacobs Oil" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lame- ness is gone.

Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the ache and pain right out of your back and ends the misery. It is magical, yet absolutely harmless and doesn't burn the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly!

OFFER PRIZES FOR USE OF ALCOHOL

PETROGRAD, Dec. 29.—The Rus- sian government announces that it has set aside a considerable sum of money for the purpose of organizing an international competition for the discovery of new technical methods of utilizing industrial alcohol. Prizes amounting to over \$50,000 will be awarded.

WHY?

A word to those who are coming back. Land for the past six months has been hanging at rock bottom prices. A great deal of liquidation has taken place in this time. My busi- ness alone in the last half of this year has amounted to nearly \$100,000 I have made the last four or five deals I have made represent absolutely the bottom. Land with rental value of \$30 an acre will not long remain at \$200 an acre. There will be no boom but land values will improve some. Good roads, irrigation, saw-mill, box factory, cheap power, sugar beets, canning factory, good prices, satisfied customers, perfect days. Hurry, see Medford first and
