

ROYAL ROSARIANS SERENADE NEWLY WEDS AT ASHLAND

ASHLAND, Dec. 30.—The Royal Rosarians reached here just in time to serenade a newly married couple Tuesday afternoon, owing to delay of No. 16 northbound. The newlyweds were W. R. Parkhill of Portland and Miss Clara Provost. The groom is a civil and mining engineer connected with the United States reclamation service. The bride is a graduate nurse. She is the daughter of Mr. and Mrs. P. Provost, and has a host of friends here by virtue of belonging to one of the prominent and best known families of this city. The wedding ceremony occurred at high noon and was performed by Father Leo, the local Catholic priest. The home of the newly married couple will be in Portland. Owing to the lateness of their train, the bride and groom held a veritable reception at the depot. The platform was cleared, and with Joe Hurt for floor manager, several figures were danced that resembled anything but wedding marches. The Rosarians entered into the spirit of the revelry and their hand furnished the music for the event. Everybody was pelted with rice as freely as though it were confetti.

After detouring at Medford, the Rosarians being conveyed here by auto, were met outside of the city limits and escorted about town until train time. They are out for a lark and are certainly having one. While here they were the recipients of courtesies at the hands of the Commercial club. Cliff Thomas, former employe of the Bank of Ashland, and now in the employ of the street railway service in Portland, was of their number and received an ovation at the hands of his numerous Ashland friends. The entire party is being chaperoned on the trip by Bill Jenkins, veteran passenger agent.

RAILROADS WIN AND LOSE CASES

WASHINGTON, Dec. 30.—Proposals by railroads to discontinue the practice of stopping cars in transit to complete loading or for the partial unloading of livestock transported to and from points in western classification territory was held today by the inter-state commerce commission to be reasonable. The order suspending the tariffs providing for discontinuance of the privilege was vacated, effective January 5. The inter-state commerce commission today declined to approve a proposal of the western railroads to increase the minimum weight of shipments of fresh meats, packing house products and other food commodities in peddler cars from 10,000 to 12,000 pounds. The establishment of the higher minimum weight would have resulted in a material increase in transportation charges, which under the conditions of such shipments the commission held would be unreasonable. The roads were ordered to cancel the regulation increasing the weight.

PROBE DUM-DUM BULLET CHARGES

WASHINGTON, Dec. 30.—State department officials have practically completed their investigation of the charges by the German ambassador, Count Bernstorff, that dum-dum bullets were being supplied from the United States to the armies of the allies. An answer to Count Von Bernstorff will be made within the next few days.

The department's investigators reported that the samples of dum-dum bullets submitted by the German ambassador as having been made in the United States would not fit any rifle being used by the allies.

State department officials also have been informed by an American diplomat just back from Europe that he found no ground for charges that Belgians have been mutilated by German soldiers.

OBITUARY

Died, at Sacred Heart hospital, Sunday morning at 3 o'clock, Harry Bennett, infant son of L. T. Bennett of the Oaks restaurant, of spinal meningitis. The body was laid to rest in the Odd Fellows cemetery Monday afternoon. Services were held from Perle's undertaking parlors.

FEDERAL CAVALRY TROOP ORDERED FROM COLORADO

WASHINGTON, Dec. 30.—Troop L of the Twelfth United States Cavalry, on patrol duty in the Oak Creek district, Routt county, Colorado, since last May, was ordered today to return to its home station at Fort Meade, South Dakota. Orders for the gradual withdrawal of the other federal troops sent into Colorado to quell the mining disorders are in preparation.

The gradual withdrawal of federal troops is in accord with a plan considered at recent conferences between President Wilson, Secretary Garrison, Governor Ammons of Colorado and Governor-Elect Carlson. At that time Governor Ammons said he would replace the regulars by state troops.

The main strength of the federal troops is in the Trinidad district, where Colonel Lockett has the eleventh cavalry from Fort Oglethorpe, Ga., as well as the Second Squadron of the Fifth Cavalry from Fort Leavenworth, Kansas. Troops E and H of the Twelfth Cavalry are at Canon City, while a machine gun platoon and Troops F, G, I and M of the Twelfth Cavalry are at Louisville.

The actual time for the withdrawal of all the organizations will be determined at conferences between Colonel Lockett and Governor Ammons, but orders have been issued for all to be ready to leave the state at any time.

AUSTRIANS ADMIT RETREAT IN GALICIA

VIENNA, by wireless to London, Dec. 30, 7:29 a. m.—An official communication given out by the staff headquarters admits a retreat by Austrians in Galicia. The statement follows: "The old Russian army, which about a week ago commenced an offensive against those of our forces which had crossed the Carpathians, has been reinforced with supplementary troops and fresh divisions in such a manner that it is necessary for us to withdraw our troops along the entire eastern front and in the plain of Galicia (just north of the Carpathians and to the east of Nowy Sandec). The situation in the north has not been influenced thereby. "In the Balkan theater the Montenegrins showed great, but unsuccessful activity. A weak attack at Trebinje, in Herzegovina, near the border, was repulsed easily. The Montenegrins' artillery had no effect on the strong fortress of Krievosie."

RUSSIA DENIES SUING FOR PEACE

WASHINGTON, Dec. 30.—A statement having been sent widespread through the United States that Russia purposes negotiations for peace with Germany, independent of her allies, France and England, and it having been suggested that Ambassador Bakmeteff had knowledge of such an arrangement, the Russian ambassador to the United States has not only issued a statement denying such a possibility, but has enabled to the foreign office at Petrograd and received the following message from the Russian minister of foreign affairs: "Certainly, please deny absolutely the absurd statement. (Signed) 'SAZONOFF.'"

BATTLE IMPENDS NEAR MONTEREY

LAREDO, Tex., Dec. 30.—The entire garrison of Monterey, all Carranza troops, left there yesterday for Hipolite, midway to Torreon, where they were expected to join other Carranza forces in a big battle against Villa troops, according to news brought here today by families of the civil and military officers of Monterey.

These refugees said there was great anxiety in Monterey for fear of an attack by Villa troops. There were signs that all the inhabitants who could travel would leave Monterey for the border. Foodstuffs were extremely high in price, no corn was obtainable there at all, and much suffering was reported.

Villa forces have been routed at Ebano by General Gonzales, according to advices received at constitutionalist sources here today, and Chilpanzingo, in the Mexican west coast section, has been captured by the Carranza general, Julian Blanco. Gonzales is said to be advancing on San Luis Potosi.

EARTH HUNDRED MILLION YEARS OLD

PHILADELPHIA, Dec. 30.—That the earth is about one hundred million years of age is one of the deductions of George F. Becker of the United States geological survey, presented in a paper read at a meeting of the Geological Society of America, meeting here in connection with the annual convention of the American Association for the Advancement of Science.

The missing link between man and his apelike ancestors has been identified in the pithecanthropus erectus, whose skull, found in Java, showed all the characteristics intermediate between man and ape, according to James H. McGregor, as the professor of zoology at Columbia university, who presented a series of restorations of skulls and reproductions of the appearance of primitive man. Henry F. Osborn, also of Columbia, delivered an address on the migration of human types during the old stone age in Europe, and traced several distinct species of man, which, he said, had disappeared utterly from the earth.

GERMANS TAXED FLOUR SENT REFUGEES

BRUSSELS, Belgium, via Amsterdam and London, Dec. 29, 4:50 p. m.—The German administration in Belgium to render less difficult the maintenance of the civil population, has abolished the duty on flour made from grain imported by the American commission for relief of Belgium. This duty was the same as that imposed in normal times and was added to the arbitrary price of flour established by the German authorities.
