ELEVEN ARRESTED PASSPORT PLOT

NEW YORK, Jan. 4.—Maurice Deiches, a New York lawyer, arrested in Philadelphia Saturday night, was arraigned here today on a charge of conspiring to defraud the government in connection with issuance of fraudulent passports. He was released in \$5000 bail for a hearing on January 11.

Deiches is one of eleven defendants and material witnesses, arrested by the department of justice agents in an effort to break up an alleged conspiracy to furnish German army officers and reservists with American passports, which would enable them to return to Germany from this country without danger of molestation by French and English authorities.

United States District Attorney Marshal said that Deiches, prior to arraignment, had waived immunity and made a statement. Mr. Marshall also asserted that government agents know the whereabouts of Hans Adair von Wedell a lawyer, who Mr. Marshall said is wanted in connection with the alleged fraud.

HUNT RENEWS OATH AS ARIZONA GOVERNOR

PHOENIX, Ariz., Jan. 4.—Governor George W. P. Hunt, democrat, took the oath of office today for a second term. There are only two new men in the state administration, Mit Sims, who succeeds D. F. Johnson as state treasurer, and T. E. Campbell, as a member of the state tax commission. Campbell is the only republican in the administration.

SEVENTY PICTURE BRIDES FOR JAPS

SAN FRANCISCO, Jan. 4.—Seventy picture brides from Japan arrived here today on the liner Shinyo Maru to meet husbands they have never seen. Fifty more arrived within the week on other steamships.

Until the husbands arrive the brides are being housed on Angel Island in the United States detention station. In the eyes of the Japanese law, and so for the purposes of the immigration officers, the brides have been married. There has been an exchange of pictures, an approval by the heads of the two contracting families and a formal declaration of intention, in writing before a Japanese official.

The brides come tagged and numbered, are correctly dealt out to the right husbands and then usually are taken in hand by the Japanese association, which escorts them to the marriage license bureau, after which a religious ceremony is performed, sometimes by a Buddhist or Shinto priest, sometimes by a Christian clergyman.

NEVADA'S GOVERNOR INAUGURATED TODAY

CARSON CITY, Nev., Jan. 4.—In the presence of a large audience, Emmet J. Boyle was inducted into office as governor of Nevada, at the capitol here today. With one exception the entire staff of state officials took the oath of office jointly. Joe Joseph, elected clerk of the supreme court, is critically ill, and the oath was administered to him by Chief Justice Norcross at his home this afternoon. The official oath was changed for the first time in forty years by omission of the clause forbidding state officials from taking part in duels, either as principals or seconds.

JEW'S PLAN TO DEMAND SUFFRAGE

NEW YORK, Jan. 4.—In a declaration adopted at a preliminary meeting of the Jewish Emancipation committee, there is set forth the purpose of the Jews of this country to have representatives at peace negotiations of the European belligerents to demand on the part of the Jew, world wide political emancipation.

The committee, composed of prominent Jews and Gentiles hopes to start similar movements in England, Germany, France, Russia and other European countries.

The declaration points out that many hundreds of thousands of Jews are in the front ranks of the armies engaged in the European war and adds that "it is felt that the present war is demonstrating more than anything else in history the justice of Jews' demand for the same civic privileges and human rights accorded to his Christian neighbors."

OFFENBACHER CLEARED OF SPITE CHARGE

Ray Offenbacher of the Appellate, accused of stealing a fifty-gallon gasoline tank, was dismissed by Justice Dox at Jacksonville this morning on the grounds of insufficiency of evidence. The complaining witness was Jerry Sylvester, and Offenbacher and his friends accuse him of acting as a tool in a piece of spite-work. Offenbacher was allowed to go and the costs of the action, amounting to \$8, assessed to the complaining witness.

GARDINER RESUMES JINGO OUTCRY

WASHINGTON, Jan. 4.—Representative Gardner urging his proposal to investigate the military preparedness of the nation, told the house military committee today that the entire field army, militia, regulars and of the United States army would just about garrison Paris, and the United States today owns "little more than half of the number of guns Russia had at the battle of Mukden."

Mr. Gardner had a series of lively passages with members of the committee which he arraigned for not summoning Majors General Wood and Crozier to get their views on preparedness.

He quoted figures to show that the combined force of regular and national guardsmen would form a battle line 65 miles long, two thirds of the way around Greater New York and that, compared with European nations, the equipment of field guns of the United States army, was negligible.

CARE OF BELGIANS HOUSED IN BRITAIN SERIOUS PROBLEM

LONDON, Jan. 4.—One of the hardest problems facing the British public with the beginning of the new year is that of caring for the Belgian refugees in England, who now number at least 160,000. Most of them are at present guests in private houses all over the country, and a small proportion are assembled in hotels or boarding houses.

It is obvious that private hosts will not care to make their hospitality permanent. In fact, many of the offers of shelter in private homes were limited to a period of one or two months. The government has not assumed a definite responsibility in the matter, although evidently it will be compelled to do so soon.

The government is handicapped, moreover, by the fact that its resources are already strained by the necessity of providing lodgings for war prisoners and interned aliens.

A chief difficulty is industrial. The maintenance of 160,000 men, women and children in idleness for months, or even years, is a prospect fraught with disastrous possibilities, but apparently there is no alternative. The English labor unions maintain with the greatest firmness that the English worker must have first claim in the English labor market.

STOCKS SHOW GAINS ON MARKET TODAY
